

from the Central Room. About half the children here left the Homes till the 1st August, when they again expect to have them full. We all offer our hearty congratulation to Mr. and Mrs. Tims, on the birth of their son. Rev. A. Allman, Uffington, writes. "I drove to Gravenhurst the other day, and brought home the box, and found its charming contents all right. I have much pleasure in acknowledging so nice a collection of goods, and I beg to offer my hearty thanks to you, and all concerned in the gathering together of the articles. I am hopeful that we shall have no difficulty in making a successful sale of such goods, and I look forward to getting a nice sum for the furthering of the driving shed. We are very pleased with what you have done for us." All the W. A. will regret to hear that the Rev. C. Chowne is very ill; the doctor insists on absolute rest for some time, so he will camp at Huntsville, where he can be near and have the attention of the doctor. We all pray that Mr. Chowne may soon be restored to health. Another of Algoma's Clergymen is invalided home, the Rev. A. J. Young, of North Bay. It is sincerely to be hoped that his trip to England will be beneficial.
