

From a Representative Man.

The following letter from D. Lawler, Esq., is self explanatory. Mr. Lawler is a native of Halifax, but has been in business upwards of fifty years in North Sydney, Nova Scotia, being the head of the firm of D. Lawler & Sons, merchant tailors. He has a provincial reputation as a temperance man, and is also an active and leading spirit in masonic lodges in the province in which he lives. Commendation from a man of such high standing must necessarily carry great weight:—

NORTH SYDNEY, N.S.,

April 23, 1896.

WARNER'S SAFE CURE CO.

Toronto, Ont.; Rochester, N.Y.

GENTLEMEN,—It affords me great pleasure to add my testimony to the curing properties of your medicine, along with many others who have been benefited by the use of Warner's Safe Cure.

Several years ago I had a very serious attack of inflammation of the kidneys, and as a result of that attack I have been subject at different times to severe pains in the back. When I notice this trouble coming on I at once resort to Warner's Safe Cure, which always gives me relief, and I may not again be troubled for perhaps six months or a year.

At the present time I am just finishing a bottle of Safe Cure, which has already relieved me of an attack which I think was aggravated by a heavy cold contracted a few weeks ago.

I have, and would recommend any one troubled in a similar way to give your medicine a trial, and if one bottle does not relieve, then to continue taking it, as relief is sure to come.

I remain, yours,
D. LAWLER.

do all in their power to increase the influence of the Alliance by organizing new branches or strengthening existing ones.

4. Whereas the God-given right of the workman to a weekly Day of Rest is seriously threatened by the encroachments of enforced labor, whether on the Lord's Day or on the late hours of Saturday;—Therefore, Resolved that the Synod expresses its hearty sympathy with them in this serious danger and pledges them every assistance in its power, in their efforts to preserve intact the Lord's Day, and as well to secure the early closing of shops on Saturday night, and if possible, a general weekly half holiday in addition.

5. That the Synod strongly deprecates the holding on the Lord's Day of political and semi-political meetings, semi-sacred concerts, and public parades, accompanied, as they often are, by bands of music, whether by secret or fraternal societies, companies of militia or other organizations, and would urge Christians generally, and ministers in particular, to discourage, as far as they possibly can, such gatherings, believing them to be a profanation of the Lord's Day, and strongly tending to make it a day of amusement and pleasure.

6. That the Synod expresses its appreciation of the noble efforts of Mr. John Charlton, M.P., and other willing laymen of our Church, in endeavoring to secure the enactment of a Dominion Act for the closing of canals on the Lord's Day, prohibiting the publication of Sunday newspapers, and in other ways promoting the better observance of the day God has given for rest, worship and the development of the spiritual life.

Purified Blood

Saved an operation in the following case. Hood's Sarsaparilla cures when all others fail. It makes pure blood.

"A year ago my father, William Thompson, was taken suddenly ill with inflammation of the bladder. He suffered a great deal and was very low for some time. At last the doctor said he would not get well unless an operation was performed. At this time we read about Hood's Sarsaparilla and decided to try it. Before he used half a bottle his appetite had come back to him, whereas before he could eat but little. When he had taken three bottles of the medicine he was as well as ever." FRANCIS J. THOMPSON, Peninsula Lake, Ontario.
