

Paper cutting : see Guillotine paper cutting.	
Paper bag mechanism. Delivery machinery for. James Arkell et al.....	37,062
Piano. George Steck.....	36,928
Pipe. Charles W. Dwelle.....	37,088
Pipe. John Emmitt McGill.....	36,919
Plaster. George West.....	36,932. 36,933. 36,934
Plumb for builders. William John Workman.....	36,924
Poison bottles. Safety attachment for. Joseph H. LeMaitre et al.....	36,979
Power press. Albert L. Platt et al.....	37,002
Press : see Balling press. Mould and press. Power press.	
Products of fermentation. Method of and appliances for the collection and utilization of. Charles R. C. Tichborne et al.....	37,082
Protector for set screws. Harry Brant Walmsley.....	36,940
Pulley. Vantyle W. Coddington.....	36,946
Purifier for blood. Frederick G. Sanderson et al.....	36,987
Radiator. George Burt Cobb.....	37,033
Radiator. Hormidas Trepanier.....	37,080
Railway signalling apparatus. Stanislaus J. Doucet.....	37,077
Rake. Adam Dunn et al.....	36,949
Reed organ. F. Lewis Scribner.....	36,920
Registering toy bank. William Robert Christie.....	37,096
Regulator for temperature. James Finney McElroy et al.....	36,997. 36,998. 36,999
Roof for railway cars, etc. Peter Henry Murphy.....	36,993. 36,994
Road cart. William Luther Pike.....	36,936
Road cart. William Luther Pike et al.....	36,921
Road drainage. System of. Alexander Mitchell.....	37,020
Sash lock. George Beale Sloan Jr.....	37,030
Sash lock. Wallace W. Doty.....	36,955
Saw. William A. Bartholomew.....	37,028
Saw for cutting stone. Robert Snarr.....	36,964
Saw mill dog. Alfred K. Miller et al.....	36,951
Saw set. Charles C. Taintor.....	37,041
Sawing stone. Method and apparatus for. George Francis Clark.....	36,985
Screw elevator. Charles Wentz Fowler et al.....	37,050
Securing nuts to screwed bolts. Method of. Walter Harrington.....	37,018
Self sealing jar. Samuel F. Glass.....	37,052
Separator for steam boilers or generators. Charles Dell Mosher.....	36,953
Separating : see Magnetic from non-magnetic particles.	
Shaft support and anti-rattling device for thill couplings. Adam Euler et al.....	37,012
Sharpener : see Holder and sharpener.	
Shaving ice. Machine for. Frank O. Opitz.....	36,962
Shirt. Sam. L. Hyman.....	36,981
Signal for electric railways. Charles Darwin Tisdale.....	36,923
Signalling : see Railway signalling.	
Siphon valve for cisterns. John Robert Meadowcroft.....	36,956
Sling pulley blocks for carriers. Andrew B. McKay.....	37,023
Slide valve. Gastav Duvinage.....	37,008
Slipper for plasterers. Thomas Cherry et al.....	36,986
Spark arrester : see Draft generator and spark arrester.	
Spike for railways. Walter J. Hammond et al.....	36,918
Spirits and liquors. Art of and apparatus for maturing. James McKinless et al.....	37,088
Stand : see Double cross stand.	
Stays for garments. Machine for making. Frederick Crompton.....	36,980
Steam boiler flue and fire box. Donald Barns Morison.....	37,091
Steam heating system. James Finney McElroy.....	36,973
Stopper for bottles. Edward Lovejoy Brooks.....	36,969
Stopper for bottles, etc. Ernest Heyer.....	37,076
Stove : see Gas stove. Gas cooking stove.	
Subaqueous viaducts. Frederick Erik Strom.....	36,950
Sulphide ores. Treatment of. Alfred Kirby Huntington.....	37,019
Support for shelves. Otto Frederick Wegner.....	36,915
Suspender for ladies' garments. Annie Lange.....	37,069
Sweat pad. Otto Hubner et al.....	36,914
Switch for electricity. George H. Whittingham et al.....	37,066
Teeth of face gearings. Process of forming the. Frank Lambert et al.....	36,989
Telegraphy. Benjamin B. Toye.....	37,093
Telescopic draw bridge. David Herbert Andrews.....	37,099
Thill coupling : see Shaft support.	
Tow boat. Alexander McDougall.....	37,047
Trace buckle. Melbourne Walker.....	37,067
Transposing keyboard. James Merrill Gilbert.....	37,034

Tube : see Ornamenting metallic tubes.	
Tubes. Manufacture of iron and steel. Henry Howard.....	36,942
Tubular bag blanks. Machine for making. James Arkell et al.....	37,064
Tubular water grate for steam furnaces. Robert Macfarlane.....	37,059
Valve : see Siphon valve. Slide valve.	
Valve for steam cylinders. Henry Watkeys.....	36,984
Vaporizer : see Hydrocarbon vaporizer.	
Viaduct : see Subaqueous viaduct.	
Walls for buildings. Improvement in. Edward Wilkes Rathbun.....	37,036
Washer : see Nut lock and washer.	
Washing machine. William and Thomas H. Churchill.....	36,970
Webbs of paper. Devices operated by moving edges of. James Arkell et al.....	37,063
Well. John Owen Rice.....	37,007
Wheel for grinding stones. George Barney Eckhardt.....	36,917
Whip stand or checker for hotels. John Valentine Corrigan.....	36,958
Window shutter : see Doors. Window shutter.	
Wire fence. John Walter Buchanan.....	37,027
Wrench for pipes. Thomas Newman et al.....	37,074

INDEX OF PATENTEES.

Adams, Charles. Process of manufacturing Iron and steel.....	37,089
Altham, George John. Art of obtaining motive power.....	37,026
Altham, George John. Motor.....	36,952
Andrews, David Herbert. Telescopic draw bridge.....	37,099
Ardagh, Arthur. Hame snap.....	37,031
Arkell, James. Delivery mechanism for paper bag machines.....	37,062
Arkell, James. Devices operated by moving edges of webs of paper.....	37,063
Arkell, James. Machine for making bags.....	37,061
Arkell, James. Machine for making tubular bag blanks.....	37,064
Arter, George. Burglar alarm.....	36,930
Aschendorf, Frederick W. Ear trumpet.....	37,011
Automatic Switch Company. Electric switch.....	37,066
Ayres, William Cook, et al. Nut lock and washer.....	37,003
Bail, Alexis. Evaporator for liquids.....	36,983
Bartholomew, William A. Saw.....	37,028
Beach, George M. Holder and sharpener for insertible saw teeth.....	36,948
Beaton, Allan Joseph. Floor and ceiling plates for steam boilers.....	36,960
Bellamy, Charles Harley. Machine for marbleizing paper.....	37,024
Bentley, William. Car coupling.....	37,015
Bergstrum, Herman. Holder and sharpener for insertible saw teeth.....	36,948
Bettes, Frank. Elevator and dry dock.....	37,022
Bohme, Rudolph. Building block.....	36,925
Bolton, Edward. Columns and condenser for distilling.....	36,963
Bradley, Alfred, et al. Guillotine paper cutting machine.....	37,075
Brault, H. A. A. Digger for ditches, etc.....	36,995
Brodeur, Antoine Charles. Chair.....	36,959
Bronson, Edgar E., et al. Holder for umbrellas.....	37,065
Brooks, Edward Lovejoy. Self adjusting stopper for bottles.....	36,969
Broughton, John. Cover for stacks.....	36,968
Buchanan, John Walter. Wire fence.....	37,027
Cadwell, William Harvey. Package for shipping.....	36,982
Campbell, William O. Wrench for pipes.....	37,074
Carter and company. Memorandum book.....	37,087
Caswell, George Cameron. Collar for shirts.....	37,085
Cherry, Thomas, et al. Slipper for plasterers.....	36,986
Christie, William Robert. Registering toy bank.....	37,096
Churchill, William and Thomas H. Washing machine.....	36,970
Clark, George Francis. Method and apparatus for sawing stone.....	36,985
Clement, Arthur F. Horse power.....	36,944
Cobb, George Bert. Radiator.....	37,033
Coddington, Vantyle W. Pulley.....	36,946
Collins, William Forman. Electric motor or dynamo electric machine.....	37,072
