

1867

HAYDEN'S
HVC
VIBURNUM COMPOUND

1917

In 1867 HAYDEN'S VIBURNUM COMPOUND was first introduced, and for fifty years it has enjoyed an ever-increasing demand, due to the confidence accorded it by the medical profession for its therapeutic dependability in Gynecological and Obstetrical conditions.

It gains and retains confidence by the results it manifests therapeutically, the only convincing test of the value of a medicinal remedy and upon this basis we invite your consideration.

Accord Hayden's Viburnum Compound a trial in your next Dysmenorrheal patient, and *you will be convinced.* Dose: One or two teaspoonfuls three times a day or as required. Administer in three or six teaspoonfuls of hot water.

A supply of the genuine H. V. C., with literature, will be sent you on request.

NEW YORK PHARMACEUTICAL COMPANY
Bedford Springs, Bedford, Mass.

*Put up in 4, 10 and 16 oz. bottles
Prescribe in original bottle when possible*
