JAMES STEVENSON, Cashier.

#### CANADIAN INDIAN RESEARCH AND AID SOCIETY.

The Annual Meeting of the C. I. R. A. S. and the Indian Conference which were to have taken place in Toronto on May the 14th and 15th have been postponed till Spatianher part

14th and 15th have been postponed till September next.

The local committee of arrangements met in Toronto on March 30th, and it was then decided that September being Exhibition month, and travelling rates consequently more reasonable, also Indians being better able to leave their farms at that time than in May, it would be a farbetter and more convenient time for holding both the Annual Meeting and the Conference.

### Reddaway's Solid Woven "Patent" CAMEL-HAIR BELTING

Is as straight and as uniform in section and density as it is possible to make a belt. After working some time, the wear-ing faces of Camel Hair Belts obtain a smooth, finished appearance, and grip smooth, inished appearance, and grip firmly; not fray on the edges; might be cut up the middle with a saw, and the two narrow belts so made set to work again; have but one joint, and being of uniform thickness throughout will run with remarkable truth, and do very heavy work; is the only satisfactory belt in wet places, in Dye Houses, Refineries, in steam, water, or great heat.

Breaking strain of 6 in, Camel Hair Belt is 14,181 lbs. Breaking strain of 6 in. Double Leather is 7,522 lbs.

We caution users against spurious makes of belting offered under deceptive names, in-tending to convey the idea that it is our Camel Hair Belting.

CAMEL HAIR BEITS are unexcelled for "Dynamos," Saw Mills, Paper Mills, Puip Mills, Dye Houses, Sugar Reducries, Cotton Mills, Woolien Mills, Machine Shops, Agricultural Machines, 'Qumping Machinery, and Main' Driving generally.
