HALIFAX LADIES' COLLEGE.

IN AFFILIATION WITH DALHOUSIE UNIVERSITY.

Among the strong points of this College are some which are of permanent importance in the education of girls; we invite the attention of parents to the following:

I THOROUGH TEACHING.

In all departments,—English, Modern Language, Classics, Mathematics, Sciences, Art and Music. The teachers, (mostly University Graduates,) are well trained specialists in their several subjects and their culture and experience is of incalculable benefit in attaining good results.

II AMPLE ACCOMMODATION.

The classrooms are large, well-lighted, well-heated, well-ventilated and separated from the dwelling part of the buildings. The bedrooms, [one for every two students] open off airy corridors, and the dining hall and public rooms are spacious.

III WHOLESOME HOME LIFE.

The arrangements are pre-eminently educative, healthful and refining. Religious instruction is carefully attended to, habits of punctuality and regularity is insisted on and unremitting attention is given to general manner and tone. The regular and healthy routine of the college life with its plentiful and wholesome diet, maintains excellent health among the students.

IV RESULTS.

The high standing of this college has already become well-known by the positions its graduates have attained in universities and in educational and social circles.

For the conformation of these facts we earnestly solicit all interested to visit the College or to send for its calendar.

Address, Rev. Robert Laing, Halifax, N. S.
