

6. (a) A tariff shall not come into effect, or remain in effect, if:
- (i) it applies to agreed services between the territories of the Contracting Parties and the aeronautical authorities of both Contracting Parties are dissatisfied with it; or
  - (ii) it applies between the territory of one Contracting Party and a third State, and the aeronautical authorities of that Contracting Party are dissatisfied with the tariff.
7. Each designated airline of a Contracting Party shall have the right to match on a timely basis:
- (a) (i) between the territories of both Contracting Parties, any lawful tariff on scheduled services, or retail charter price and its conditions of sale. For this purpose a matching tariff need not necessarily be identical to the tariff being matched, but would be broadly equivalent in terms of routing, applicable conditions and standard of service, and
  - (ii) between the territory of the other Contracting Party and any third country,
- any lawful tariff on scheduled services provided that the matching tariff does not undercut the lawful tariffs of the third and fourth freedom airlines in that market.
- (b) In all cases of matching, the tariff filing shall include satisfactory evidence of the availability of the scheduled tariff or retail charter price, including benefits, being matched and of the consistency of matching with the requirements of this Article.
  - (c) Tariffs which are introduced for matching purposes shall remain in effect only for the period of availability of the tariff or charter retail price being matched, unless otherwise agreed in advance by the aeronautical authorities of both Contracting Parties.
8. When tariffs have been established in accordance with the provisions of this Article, those tariffs shall remain in force until new tariffs have been established in accordance with the provisions of this Article. Nevertheless, a tariff shall not be prolonged by virtue of this paragraph for more than twelve (12) months after the date on which it would otherwise have expired.
9. The aeronautical authorities of either Contracting Party may request consultations regarding any tariff for carriage on agreed services. Such consultations, which may be conducted orally or in writing, shall be held within fifteen (15) days of receipt of the request, unless otherwise agreed between the aeronautical authorities.
10. The aeronautical authorities of both Contracting Parties shall endeavour to ensure that the tariffs charged and collected conform to the tariffs accepted or approved by them and are not subject to rebates.
