

THE UNIVERSITY OF WESTERN ONTARIO

LONDON, CANADA
October 19, 1936

RECEIVED OCT 21 1936

Principal A. E. Morgan,
McGill University,
Montreal, P.Q.

Dear Mr. Principal:

I am deeply grateful to you for your hospitality of Saturday and for the opportunity you gave me of beginning a real acquaintance with you. I am anxious to continue our conversation and to exchange views and forecasts regarding educational policies and possibilities.

It was very brave of you and your daughters to remain with me through the drenching rain to witness the game. That I regard as a very marked evidence of a friendship for our university and myself that cannot be easily dampened.

By the way, in my excitement in getting away to the game I lost the bill for the waterproof coat. All that I remember about it is that the price indicated upon it was five dollars and that the bill was supposed to go into my pocket. In all probability your secretary knows from whom the coat was purchased and will, therefore, be good enough to forward the enclosed five dollars to the vender. ✓

I greatly admired the way in which the McGill team fought its way to the end of the game on the terrible field. I am sure you share my hope that when the team comes to London the field will be dry and the contest will be a fair exhibition of Canadian football. Mrs. Fox and I would be very glad to have you and Mrs. Morgan as our guests at that game. Will you not permit us to look forward to such an event?

With kind regards and best wishes, I am,

Sincerely yours,

W. Sherwood Fox
