

HUMPHREYS'

Homeopathic Specifics

AND HOW TO OBTAIN THEM.

THESSE Medicines are sold by Druggists and Dealers throughout the country. In every city or considerable village, one or more respectable Druggists may be found, who have an assortment, and from whom a supply may be obtained.

ED They may also be obtained by Mail or Express. It has been a feature of Dr. HUMPHREYS' system of Specifics from the first, to send to any individual at any place in the United States, by Mail or Express, any quantity of his Specifics, from a single Box to a full Case, free of charge, on receipt of the published price.

Thus, any quantity from a single box to a full case, may be obtained by return mail. If you do not want all the numbers in a case, you may omit some and duplicate others of the same price, and thus have just what you want.

ED There is very little danger of loss. During the last few years we have sent out tens of thousands of packages with rarely a loss; and whenever a loss is ascertained, we endeavor to make it good. Better for safety, send a Money Order or Registered Letter, and write the address of the Company plainly, directing to 562 Broadway, New York.

ED Veterinary Specifics, being in fluid form, are not so readily sent by mail, but can be sent by express, free, to almost every place in the United States. The above also holds good in regard to Canada or the British Provinces.
