COLD WAVE TRAVELS EASTWARD MILDER WEATHER NOW EXPECTED

Air Pressure is Rapidly Growing Less and Thermometer Rises Accordingly—Two Days of Arctic Weather Meant Big Loss to Toronto Milkmen.

Jack Frost has let go his grip on Toronto and the surrounding district, and once more the citizens can walk along the streets without fear of being partly frozen. At 11 o'clock Tuesday night the mercury showed 19 degrees below. It remained in that position for several hours during the night, but towards morning it became less severe and snow began to fall. At 8 o'clock yesterday morning the official thermometer registered 7 degrees below and at noon it stood at 13 above.

Air Pressure Caused It. The cold wave was caused by a current of high pressure, which started in the western provinces and then passed eastward. In the eastern provinces the temperature has fallen as low as 30 degrees below in many places. Much milder weather can be expected now for some days, as the weatherman states that the temperature will rise to about 32 degrees above, which is the freezing point. There is a chance of it rising even higher than the freezing point, as the air pressure is rapidly lowering.

Much Hardship.

The cold spell affected practically all parts of the province and many tales of hardships caused by the sudden drop of the temperature have reached Toronto. The railway systems, street car, telephone and gas systems throughout the entire province were affected more or less, and in many places were put out of commission entirely. Last night it was stated that the milk dealers in Toronto had lost about \$1800 as a result of the two-day cold spell, which caused the milk to freeze in the bottles. It is estimated that 30,000 bottles were broken in this way, and each one is valued at sixcents.

FED. PLAYERS MUST SIGN FOR THREE YEARS

INDIANAPOLIS, Jan. 14.—Five major league baseball players who for two months have been negotiating with the Indianapolis Federal League club must sign three-year contracts at a conference to be held tomorrow or the negotiations will be ended. Manager William Phillips of the local team announced tonight. The men are Owen Bush, shortstop; George Dauss, pitcher, and Pat Bauman, infielder of the Detroit American League club; and Otto Miller, catcher, and Elmer Brown, pitcher of the Brooklyn National League team. All live in Indianapolis, and the Federal League promoters had hoped to have the local team largely composed of home players. Manager Phillips announced that George Mullin, formerly of the Detroit club, had offered to sign a one-year contract to play with the Indianapolis Federal League team.

returned at the parliamentary by-elections during the recess will be formally presented. These include Messrs. Morrison and MacDonald of Manitoba; Glass, East Middlesex; Traux, South Bruce; Hanna, South Huron; Morris, Chateaugay, and McLeod, York, N.B. The debate upon the address will in all likelihood begin promptly on Friday. As already announced, the address will be moved by H. F. McLeod and seconded by Mr. Lavalee of Bellechasse. Sir Wilfrid Laurier will follow, and calling for the reduction or abolition of the tariff on food products. Another amendment calling for the removal of the wheat and flour duties may be presented by J. G. Turpin of the other Liberal member from the west. Opposition members say that both the naval and the tariff question will be kept to the front, and that they expect to force the fighting from the start.
