A NERVOUS BREAKDOWN

When the Blood is Out of Order
the Nerves Are in a Starved
Condition.

The nerve system is the governing system of the whole body, controlling the functions of digestion and brain; so it is not surprising that nervous disturbances should cause acute distress. The first stages of the disease are marked by irritability and restlessness, in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown. The victim, however, need not despair, for even severe nervous disorders may be cured by improving the conditions of the blood. It is because Dr. Williams' Pink Pills actually make new, rich blood that this medicine has cured extreme nervous disorders after all other treatment had failed. The nerves thrive on the new blood made by these pills. The appetite improves, digestion is better, sleeplessness no longer troubles the former nerve-shattered victim, and life generally takes on a cheerful aspect. Every sufferer from nerve troubles, no matter how slight, should lose no time in getting Dr. Williams' Pink Pills, a fair trial, thus regaining their old-time health and comfort. Mrs. Victor Booth, Parry Sound, Ont. writes: "I was the victim of Dr. Williams' Pink Pills in nervous troubles. She says:—'Some years ago I was taken ill with typhoid fever. The attack was not a severe one and after a few weeks I was around again. But I did not recover my former strength, and my nerves began to give me trouble. The trouble went on from one stage to another until finally St. Vitus' dance developed. I was under the care of our family physician, but my condition appeared to be growing worse. It was at this stage I decided to try Dr. Williams' Pink Pills. And after taking a couple of boxes I could see they were helping me. I continued taking the pills until I had used eight boxes, when my health was fully restored, and I have since continued to enjoy that blessing. I have recommended the pills to others and I always keep them at the house, having proved their great value.'"

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 4c per box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
