

CLAIM MONTREAL SOURCE OF LIQUOR

Say Suit Cases Placed on Trains Means of Whiskey's Entry to Ontario.

Special to The Toronto World. London, Oct. 12.—Reports are rife concerning a river, by no means a "river of doubt," but of hard, master-of-fact whiskey flowing into Ontario these days from Montreal. The laundry accounts of seizures are said to cover not more than 10 per cent. of the illicit trade. Saturday night the C.P.R. train to Chicago carried several specially constructed suit cases ranged along the aisle of the sleeper. Thirteen suit cases are said to have been removed between Toronto and London before suspicion was aroused. At the latter city the seizure was arranged, and the constables insisted on entering a locked drawing-room. The occupant opened the window and slipped out, but a number of the same specially-constructed suitcases were found within.

A CAMPAIGN INCIDENT.

The three-cornered contest in Peel is waxing warm. A root-brancher from Wokingville, where Kennedy, the Blain-Hearst candidate, who is a modest orator, was addressing a Conservative meeting with a sympathetic minister of the gospel in a front parlour. Mr. Kennedy had reached his palatial residence and delivered it thus: "If you give me your suffrage, ladies and gentlemen, I pledge you that I will do my utmost to carry out your ideals and those of our illustrious leader, Sir Wilfrid Laurier. The shock was followed by a titter, but Mr. Kennedy sat down without noticing either.

This is on a par with H. H. Dewar's apostrophe to himself as "Hartley O'Neill," but he noticed the slip of the tongue in time to add: "We are getting closer together all the time."

UNIONVILLE

GAVE THANKS FOR HARVEST

The harvest home services in the Unionville Evangelical Church yesterday have never been held with so much interest and attendance, the church being beautifully decorated with all the fruits of the harvest, orchards and gardens, the who combining to make an appropriate and striking appearance. The pulpit was occupied by Rev. W. S. Willson, a former pastor, and now identified with the Lutheran college in Berlin. The morning services were devoted to a brief resume of the festive season of the year, and in the evening the broader outlook of national affairs, economic and spiritual. A feature of the services was the work of the choir of the church, under the able leadership of Mrs. Robert Elliot of Agincourt, whose ability as an organist is more than local.

NEWMARKET

U.F.O. OUTLINES PLATFORM

Comprehensive outlines of the United Farmers' political platform and details of certain statements made by other candidates concerning the riding of North York were the order of business at a U.F.O. meeting held in Newmarket town hall on Saturday night. There was a large attendance composed of interested farmers and outside townspeople, and W. C. White of Queensville acted as chairman. S. P. Fooks, the U.F.O. candidate; R. W. E. Burnaby, Mr. and Mrs. George Brodie and Cameron Currie were the principal speakers, and each assured the audience that the benefit that would accrue from U.F.O. legislation.

DOMNPUR WAS GODSEND

Thursday's rainfall, pretty general around the county bordering on the city, has immensely improved the plowing and pasture lands, and will prove a godsend to the fall wheat, which, while well started, needed just such a downpour. Ensilage corn is about all in, and is a good two-thirds crop, well matured and cobbled, and will be a big asset to the dairymen and feeders.

A lot of buckwheat is still out in the fields, while some of it is harvested and threshed, and the yield is a good average one. Buckwheat among the average Ontario farmer is getting to be more and more of a stand-by. The mangle and sugar beets now being harvested are less than average yields, while the turnips as a whole are a failure. Flowing is away behind, but a long, open fall will do much to square things around on the farm.

YORK COUNTY AND SUBURBS

STOUFFVILLE FARMERS TURN OUT TO BOOST LITTLE

U. F. O. Candidate Gets Pleasant Surprise From Ardent Supporters.

Capt. Geo. B. Little's campaign was given a big boost in the northern part of East York riding at Stouffville on Saturday night, when an executive meeting, and originally intended as such, developed into an open meeting attended by a large number of prominent farmers and business men and a big gathering of women. No special attempt had been made to get out a big crowd in view of the fact that a joint meeting of the North and East York United Farmers has been called for next Thursday night, and Saturday night's rally was a happy surprise.

The chair was occupied by W. J. Sangster and a few of those who spoke briefly were Reeve Padgett of Markham, R. J. Campbell, Wesley Gohn, G. A. M. Davidson and Capt. Little. Every reference to the candidate was warmly received, and there were some frank criticisms of Hon. Mr. Henry and the department of agriculture, in which straight charges of reckless extravagance were made. After the speaking, a rally of the workers was held with R. L. Silver Unionville in the chair. A feature of the campaign is the elimination of party lines and the fact that scores of leading Conservatives and Liberals are lining up behind Capt. Little's candidature.

DANFORTH

SHOULD CONTROL COAL

Regarding the H. C. of L. and the board of commerce now sitting, Geo. R. Ellis of the East End Citizens' Committee, comments as follows: "Startling revelations have come to light during recent investigations, particularly with reference to the cost of foodstuffs, boots and shoes and other commodities that enter into the homes of the masses. I think that the board, before it adjourns, should take up the matter of coal, no mention of which commodity has been made by the board now sitting."

An effort was made by Fuel Controller Magrath to have the act carried out, but the municipalities for some reason or other failed to co-operate. The price of coal is now beyond the reach of the people and likely to go higher.

BEACHES CAMPAIGN AGAINST TOBACCO RUMORED

Citizens' Liberty League of Ward Eight Hear Ominous Tidings.

Under the auspices of the Citizens' Liberty League, ward eight branch, a well-attended and enthusiastic open air meeting was held at the corner of Kenilworth avenue and East Queen street on Saturday evening. C. S. Townsend, who occupied the chair, in a rousing address pointed out that prohibition is not wanted in England. The British people are not weak-kneed and won't stand for it, then why should the large majority of the citizens of Canada?

"We form a part of the British Empire, and we believe in the laws of the mother country. To seek to make legally criminal what is not sinful or vicious is the work of intolerant beings. What was drunk centuries before the birth of Christ, and his Elms did not prohibit its use. He sat with those who partook of it. At the marriage feast of Cana he performed a miracle by turning water into wine. The domineering and autocratic prohibitionist of the present day is only slandering God when he denounces liquor, said Mr. Townsend, who concluded by stating that should prohibition carry at the polls on Oct. 20 the long-suffering public could look for a prohibition campaign on tobacco next, as he has been informed on reliable authority that the prohibitionists in the United States are co-operating with the W.C.T.U. in Canada to flood the country with ten tons weight of printed anti-tobacco propaganda, should these people succeed in curtailing the people's liberties on the liquor question. He urged his audience to vote four times "Yes" and put a final end to fanaticism.

Bert F. Rum, Ernest Brown, returned veteran, spoke at some length on the advantages derived by the men in the trenches when they returned to their homes in the early morning hours, from the little-remembered refreshment. "It was an exciting life-saver, in cases without number," declared the speaker. Regarding the recent influenza epidemic, he said: "I am not going to say that all deaths from influenza occurred from the lack of whiskey, but I do say that people should have been able to procure without difficulty the life-saving liquor at the time when urgently needed."

The pulp propaganda of the prohibitionists was scathingly denounced by A. E. Fitch, the last speaker, who pointed to the statement of the Bishop of Carleton, who he remarked, could never be placed in the Bible Sunday class. The bishop has said that prohibition is a Christian doctrine, or in accordance with the liberty of the subject. The Catholics are also a class, not supporters of prohibition, but they say, "We all agree, that drunkenness is a sin. There is no Biblical authority for prohibition, and a Christian prohibitionist is an anomaly, for he is neither oil nor water, and he will not mix. Finally," said the speaker, "take away the people's stimulant and you drive many to heresy and cocaine, which is more to be dreaded than the plague."

A STUMBLING BLOCK.

Rev. H. Boyd preaches on "Evils of Strong Drink," at the "Living Bible and Doctors."

Rev. H. Boyd, pastor Waverley Road Baptist Church, preached on the referendum at the morning service yesterday, taking for his text the 13th verse of 14th chapter, Romans. "But judge rather that no man put a stumbling block or an occasion to fall in his brother's way."

"Christian workers and temperance reformers," said the speaker, "have urged upon the successive governments the advisability of restricting and abolishing from the province the manufacture and sale of intoxicating drink and beverage, for the people will have to decide whether they will go back to old conditions with their ness and misery, their wretchedness and equalization."

"Some persons will probably say: I am perplexed. I want to do what is right, but so many conflicting statements are made, that I am at a loss. Does the Bible and medical science give any help in the matter?"

The preacher quoted from the Bible passages against strong drink and medical testimony to the same effect. Rev. Mr. Boyd concluded with an appeal on behalf of the youth of the country that they might be saved from the horrors of drink. There was a crowded congregation.

A Straight-Out Proposal!

This is a straight-out proposal to you to buy shares in a moving picture company, one which will be engaged in producing photodramas of the highest class. In other words you are offered an opportunity to participate in a Canadian Photo Play Producing Company.

First Offering to Public

Two weeks ago we made the first announcement of Canadian Photo Play Productions, Limited. To our astonishment the response was overwhelming. It clearly proved the PUBLIC'S knowledge of what the moving picture industry had done in the past few years. The profits of this newest of industries have astounded the most conservative men.

Extraordinary Returns

As an example of the possibilities of this industry, only a few months ago Famous Players-Lasky Company stock, which has no par value, could be bought for \$16 a share, and today it is selling at 650% advance on that price. As an indication of the dividend possibilities of the moving picture business let us cite to you the present financial situation of the great Famous Players-Lasky Company just mentioned. This from its semi-annual statement of a short time ago. The company is doing a gross annual business of over \$30,000,000. Note that, please! It further sets forth that the net profits for 1918 were \$1,281,174. Then it quietly announces that the NEW PROFITS for the first six months of 1919 are \$2,439,337! What industry in the world presents possibilities like that?

The EXCEPTIONAL OPPORTUNITY offered a Canadian producing company, practically with no competition, can readily be appreciated.

Ten Dollars Per Share

This offer will remain available to you for only a SHORT PERIOD. If you omit to secure your portion of this EXCEPTIONAL INVESTMENT you have missed what, in our opinion, is one of the great opportunities of the year.
