

4. They regulate the organs of the system, restoring functional harmony and securing the secretion of the proper constituents of each organ. By their action, the liver secretes its allotted proportion of bile—the lungs carbon, the skin sweat, the kidneys urine, etc., and are always reliable as a purgative.

5. The aged, and persons subjected to Constipation, Paralytic, or liable to Paralysis and weakness of the Bowels, Kidneys and Bladder, etc., that have to resort to injections, by taking two or three of Radway's Pills, will enjoy natural discharges, and by the occasional use of them have regular operations. In these cases their strengthening and nutritious principles are exhibited; every dose will add new strength to the Bowels, Liver, Kidneys, etc., that may be worn or depleted by age.

6. In these Pills, a want that science has ever failed to supply is secured, and this is a thorough purgative, that can be given in safety in cases of eruptive fevers, as Small-pox, Erysipelas, Yellow Fever, Scarlet and Typhoid Fevers. When the mucous membrane becomes ulcerated, these Pills act thoroughly, yet heal ulcerated and excoriated parts.

7. Radway's Pills are made from extracts—from new ingredients—entirely vegetable, superior in every respect to the ordinary powders and substances of the common advertised Pills, and have a safe, certain and uniform action.

Elegantly Coated—No Taste or Smell—Scouring the Insides.

Persons who take Pills for the purpose of getting "a good scouring out," are perhaps not aware that they are wearing away their Intestines, irritating the Mucous Membrane, and laying the foundation for Piles, inward Ulcers, Sores, etc. *Mandrake*, that is claimed by some to be a substitute for Mercury, will produce this effect; it will scour the bowels like any other drastic, and will wear them out. DR. R. G. RADWAY—*Dear Sir:* For a long time past I have been suffering in the most distressing manner from a long train of symptoms, which have baffled the skill of all the medical men down here, and which I feared, if not arrested in their progress, would terminate in the total prostration of my strength. Loss of appetite and desire of stimulating and artificial means of sustenance at irregular times, want of healthy sleep and consequent depression on arising in the morning, rendered life quite a burden to me, until a friend of mine induced me to try your medicines. So I got a bottle of Radway's Sarsaparillian and a box of Radway's regulating Pills, and took them according to directions. I soon found relief. I got three boxes and three bottles more, and I am in better health than ever before.

I remain your humble servant, ARTHUR D. WRIGHT.

CHEBANSE, ILL., July, 1877.

RADWAY & Co.—*Gentlemen:* Your Pills have often warded off sickness in my family. I never think it safe to be without them; they are a fine, sure medicine.

Most respectfully yours,

HENRY KENWORTH.

CHEBANSE, Iroquois Co., Illinois.
