THE CLOUD ON THE HORIZON. House of 213 members. Although by no means as strong as the Conservative party was when it was sustained in 1891, the Liberals have nevertheles a fair working majority. But it looks very much as if Mr. Laurier had serious trouble ahead of him. The people of Quebec are elated because they have elected a compatriot to the Pre-Lots of goods that we want to close out in a hurry, and lots of miership of the Dominion. It is only natural to suppose that they will now expect the new Premier to stand by enthusiasm in the prices. Between now and next Wednesday the the Church to which they are all atstore will be vocal with bargains, and such things as we've too many tached, and to see that the Roman Catholics of Manitoba are not de-Mr. Laurier has been extremely discreet in his ante-election utterances To-morrow's sales ought to round out the biggest success we've on the school question. He has made no definite promises. It is generally ever known. These values will bring the crowds, and the sooner you believed that he so managed the campaign in Quebec as to lead the people of that province to imagine that he would, if returned to power, secure for the Catholics of Manitoba ever better terms than they were to re ceive from Sir Charles Tupper. WE ARE THE OUEEN BEE OF THE SHOE TRADE

A few folks still wonder why we can systematically undersell the wholesale shoe dealers in Toronto.

THE REASON IS PLAIN-

WE LET THE PUBLIC BEHIND THE SCENES. THERE IS NOTHING WE WISH TO HIDE.

A few hints we give to you: The only retail dealers to whom James S. Holley, Quebec, sells in Toronto are Guinane Bros. He manufactures the

We pay no jobbers' prospolled of their legal and moral rights. fits—we buy direct. Besides, a large manufacturer like James S. Holley frequently has stock on hand. The samples are forwarded to us, and here's a copy of a letter, dated June 24:

GENTLEMEN,—We beg to enclose list of goods which we have on hand and will sell at prices mentioned. Kindly let us know if you require them.

Again, we have 23 pair of sample shoes received from T. Duclane, Que., June 11. At the bottom of the invoice 40 understand that under Laurier there per cent. is deducted and this note: "Will give you 40 per Hon, cent discount if you take the whole lot for cash. There are only 150 cases (1800 pairs)."

We could not publish these letters if they were not genu ine. Is it any wonder we can undersell "Retailers" when we buy 40 per cent. less than wholesale price, which is equivalent ing with the same question. No won-der Mr. Laurier is anxious to get rid to 67½ per cent. added to the cost price? We are satisfied to of this political bete noir by the use sell for 5 per cent., so that the public buy T.
