GREATER PRODUCTION

LONDON, Nov. 15 .- In supporting the new agricultural bill against criticism of the extensive powers of control it gives to the board of agriculture for the fercing of land into cultivation in compensation for a guaranteed price for products to far-mers, Mr. Lloyd George tonight in the Winnipeg Man Says He Recog-House of Commons entered a strong plea for greater production. Mr. Lloyd George declared it was a

scandal that Great Britain during the scandal that Great Britain during the last year had been forced to import £500,000,000 worth of food which she should have produced herself. The possibility of reducing Great Britain to starvation, he added, was a temptation to other powers to assail her.

"If we want the sovereign to look the dollar, or any other money denomination, straight in the face we must increase the production of food," said Mr. Lloyd George.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised. so I got a bottle, It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house."

OTTAWA, Nov. 15.—Charles Camble, London manager of the Canadian Bank of Commerce, is here with an optimistic view of British supremacy in trade and manufacturing, despite the upheaval of war and the task of reducing the tremendous debt. Mr. Camble, is a member of the Committee of the British Bankers' Association, and in close touch with developments in financial readjustment. He expresses confidence that the tountry will produce goods, which, after commitments for food and raw material, will gradually improve exchange.

"With the improvement in exchange," said Mr. Camble, I will be a marked increase in immigration from Great Britain to Canada." He cites Belgium as the best illustration of a "come back" after the war.
