Number of Enquiries.

OTTAWA, Aug. 15 .- (Special.)-F. C. T. O'Hara, deputy minister of trade united Kingdom. from his first trip of inspection of Canada's commercial agents in Great Britain, is optimistic as to the devel-opment of trade between Canada and the mother land in the future.

At all the points visited, he said, he encountered an increased interest in things Canadian, and there is every reason to expect even better results thru the trade agencies, than have

been chieved in the past. Mr. O'Hara was much impressed by the keen interest which is now being taken by the people of Great Britain in the colonies, and more especially in Canada. There is a constant increase in the number of inquiries about Can-ada for business men, and the prospects are good for a steady develop-
