

REPORT.

In connection with this Society there are fifty-five ministers labouring in various parts of Canada, besides ninety Local Preachers. There are also 419 Sunday-school Teachers, and 3,153 Schools. There are 72 Chapels, besides 20 in course of erection. The congregations are 408, and the members of the Church 4,562. The sum raised in Canada since last report, for Mission purposes, is £932 16s. 6d. In every department the work is progressing, and the greatest want of the Mission is a sufficient number of labourers to meet the constantly increasing demands of the ever-widening fields before us.
