INTERNATIONAL TYPOGRAPHICAL UNION MEETS

Premier Taschereau Reminds
United States Delegates of
Chinese Tariff Wall Bar-
rier — Samuel Gompers
Says Industrial Outlook
Improving.

(Canadian Press Despatch.)
Quebec, Aug. 8.—Premier Taschereau, on behalf of the province of Quebec, by Major Samson, for the city, by Sir David Watson and Hon. Frank Carroll, for the master printers, of Quebec, J. E. Atkinson, Toronto, president of the Canadian Daily Newspaper Association, and by Hon. G. Robertson, federal minister of labor, the 66th annual convention of the International Typographical Union was opened here to-day, with some four hundred delegates from all parts of Canada and the United States present.

The premier drew attention to the fact that the first newspaper published on the North American continent was published in the city of Quebec. "Labor has always wished very keenly to help towards the solution of the disarmament problem," said Samuel Gompers, the veteran president of the American Federation of Labor, when interviewed to-day on his arrival here, to attend the annual convention of the International Typographical Union. "Disarmament," continued Mr. Gompers, "is no utopian scheme, but one quite capable of fulfillment if the claims of universal brotherhood are only allowed to be heard above the clamor of national and individual greed and selfishness."

The first test of strength between a pro-administration and an anti-administration element in the union came at this afternoon's session. The administration faction won out. The administration faction won out. The administration faction won out.

VETERANS FIGHT BLUE LAWS.
Plan "Blue" Sunday in Two Towns to Force Reformers to Relent.

Pittsburgh, Aug. 9.—Plans to close up "blue" all Oakmont and Verona stores and other places of business on Sundays, as the Blue Law of 1784 provides, if the Church Law and Order Committee does not relent in its campaign of poking its nose into other people's affairs and cease trying to tell everybody how they shall live, are now being made by the Veterans of Foreign Wars, Kirtley-Eggt Post 441.

The veterans have adopted a resolution, which they are spreading broadcast, in which they take up the fight against the church committee and declare for "a square deal to Oakmont and Verona merchants, who are required to supply the needs of the public, and for those persons who desire to engage in harmless amusement and recreation on the Sabbath."

The action of the veterans of foreign wars follows an attempt of the Church Committee on Law and Order to regulate Sunday closing of stores, the doctrine of hitherto the river beaches and amusements of people within the town's limits on Sunday.

The committee recently declared that drug stores might sell soda water and ice cream, but no cigars nor cigarettes on Sunday, but more recently amended this order to allow the sale of one cigar to a customer.

The soldiers, incensed by the committee's action, threatened to close the town so tight that the church members could not even buy soda water, ice cream, newspapers, or even ride on street cars.

Last night the church committee brought the campaign for a closed Sunday to a head by appearing against the Burgess of Oakmont, Claude W. Hood, whom they had charged with selling cigarettes on Sunday, a violation of the law of 1784.

Burgess Hood had fought strict enforcement of the church committee's blue law interpretation and Burgess Crookston of Verona has refused to enforce the blue laws for some time.

CHARLIE RAY IN "OLD-FASHIONED BOY"

Popular Star Entertains
Greatly at the Imperial
Excellent Topical Views.

One of the most humorous incidents in Charlie Ray's latest rip-roaring comedy "An Old Fashioned Boy," scheduled offering at the Imperial Theatre just now, centres around a "tally-pull," wherein Mr. Ray, as David Warrington, plays the role of "kitchen-knight" for the amusement of three kiddies, whom he is asked to secretly shelter in his home.

Garbed in a tea-apron, wielding kitchen utensils in a most awkward manner while endeavoring to make the tally, Mr. Ray soon transforms a spotless kitchen into something resembling a "kitchen-knight's" den after a raid by the police. Mr. Ray's strenuous efforts to remove the tally from his hands and face at the end of the scene, to say nothing of the time and trouble involved in removing it from his hair, which had become completely covered with the sticky mess, provoked much mirth at the Thomas H. Ince studios where the picture was filmed.

If a repetition of the scene had been requested by Director Storm, Mr. Ray emphatically declared that "pop" ingredients would have been substituted for molasses, sugar, etc., which he had actually used in making the candy. The story was written by Agnes Christine Johnston and the picture directed by Jerome Storm. Ethel Shannon, a film debutante of the finest artistic type, is Mr. Ray's leading woman and the leads with a capable supporting company.

Preceding the picture the Imperial had a wonderfully fine series of miscellaneous pictures including a Trip Through Paris (Barton Holmes) and an extraordinary fine lot of world news items in Fox News, including some new and exclusive views of the late football championship fight at New Jersey, also the visit of the King and Queen to Belfast.

Tomorrow Pearl White will be the particular star at the Imperial in one of the biggest films of the year "The White Moll," a meta-drama of the true type and this evening reels.

HALIFAX GREETS THE CHIEF RABBI

Halifax, N.S., Aug. 8.—Very Rev. Dr. Joseph H. Hertz, LL.D., Ph.D., chief of the Jewish congregation in the British Empire, who arrived in Halifax from Sydney this morning, was welcomed at the city hall this morning. Those present included His Hon. Lieutenant-Governor Grant, Hon. Z. H. Armstrong, Hon. A. W. Redden and Mayor J. S. Parker. Rev. Dr. Hertz leaves tomorrow morning for St. John.

STEAMER LADY OF GASPE WRECKED

(Canadian Press Despatch.)
Halifax, Aug. 8.—The British freighter Lady of Gaspe, which struck Uram Cap shoals, near Halifax harbor to-night, in a dense fog, while bound from Boston via Halifax for St. John's, Newfoundland with a general cargo, will likely be a total loss, according to members of her crew of twenty-four who arrived here safely in three life boats.

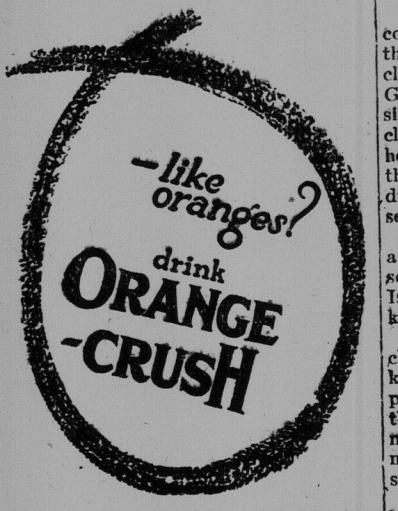

A small fire yesterday afternoon at 2 o'clock near the mill of the Nashua Pulp and Paper Company, Limited, at the Reversing Falls, was quickly extinguished by the Fairville fire department.

The orchestra, under the efficient direction of Frank McDonough, was a big factor in last night's success. An episode of the serial, "Double Adventure," also was shown. There will be a complete change on Thursday.

KEEPS PLAYING TO CAPACITY BUSINESS

Jimmie Evans and Company
Score Another Success at
Queen Square Theatre Last
Night.

"One of the best yet," was the verdict of the two large audiences that filled the Queen Square theatre last evening to witness "Mixed and Muddled," produced by Jimmie Evans and his Big Revue. The piece sparkled with good, clean comedy interspersed with catchy music and graceful dancing. At both evening shows the house was filled to capacity and the company has strongly entrenched itself in the good graces of the St. John theatre-going public.

The show opened with a laughable skit in which a dog and baby become engaged and cause considerable consternation on the part of the owners of the same. The first musical number was "Now I Lay Me Down to Sleep," sung in an excellent manner by Robert Ellsworth, who is fast becoming a favorite here. Kitten Fraser, played the large audience with a Scotch song. William Loker and chorus in "Golden Summer-time" made a hit and Joe Devine, who is a strong favorite with the St. John public, was well received with his rendition of "Roses." John Clark with "Tipperary" and his two daughters in a jig, made their usual big hit. Irene Finlay and chorus in "Old Black Joe" was well received and Jimmie Evans' clear tenor was heard to much advantage in "Blue Diamonds." Messrs Evans and Devine in a duet, "A Wild Night," made a big hit and were forced to respond to finale, "Bright-eyes," brought a corking good show to a close.

The orchestra, under the efficient direction of Frank McDonough, was a big factor in last night's success. An episode of the serial, "Double Adventure," also was shown. There will be a complete change on Thursday.

ROYALTY VISITS GREENLAND FOR THE FIRST TIME

(The Associated Press, by Mail.)
Godthaab, Greenland, July 10.—(By August 10.) For the first time in its history, Greenland has been entertaining royalty. King Christian and Queen Alexandrine of Denmark arrived here last night on the steamer island from Iceland and received a warm welcome from the Eskimo population.

After rounding Cape Farewell at a considerable distance to avoid the ice, the weather changed from foggy to clear and the rocky west coast of Greenland, glittering with ice, was sighted against fantastically-colored clouds. For some time the island and her escort, the warship Pella, had to thread their way through a stretch of drifting ice, and several icebergs were seen near the vessels.

Just outside the skerries off Godthaab, a single Eskimo kayak appeared, and its sole occupant was taken on board the island and presented with a rifle by the king.

Inside the bay, encircled with snow-clad mountains, a whole squadron of kayakers rowed out to greet the royal party, who admired the skill with which the Eskimos directed their craft. The native women wore the characteristic many-colored Greenland costume, with short breeches and long skin boots. After landing today a reception was held, followed by religious service, and the rest of the day was given up to festivities. The king was presented with a kayak and the queen with a blanket of elder skins. The royal party afterward left for northern Greenland, and are expected home by the end of the month.

PRIEST IS HELD FOR BIG RANSOM

San Francisco, Aug. 8.—A ransom of \$20,000 was asked for the return of Rev. Father Patrick E. Healy, of Columbia, in a letter to Archbishop Edward J. Hanna, according to the police. Rev. Father Healy, who had been in charge of the Colma parish for two weeks, disappeared after he had supposedly gone to hear a death-bed confession.

Police believe he is being held in the country somewhere between Colma and Salinas.

LOUGHNAN RESIGNS

Ottawa, Aug. 8.—After three years' service in the interests of the ex-servicemen of Canada, David Loughnan, editor of "The Veteran," tendered his resignation to R. B. Maxwell, dominion president of the Great War Veterans' Association, this evening. At the meeting tonight of the Ottawa branch, G. W. V. A., Mr. Loughnan also asked to be relieved of his duties as a member of the branch. His decision to sever these connections was prompted by the continued illness of a member of his household, which will necessitate removal to British Columbia.

OCEAN SCHOONER RACES AT HALIFAX

Halifax, Aug. 8.—The International ocean schooner races this year will be held off Halifax harbor commencing Oct. 22, according to a decision arrived at today by a meeting of the Canadian racing committee. The Canadian elimination trials will be run off beginning Oct. 15. Dates previously decided upon were amended at the request of Gloucester (Mass.), members of the committee said.

Unique Has Splendid Picture for Young and Old

Many a youngster snuggled close to the arm of father or mother and was thankful for a good home and doting loved ones; and many a pair of sweethearts smarting under some fancied grievance or misunderstanding, made up their minds to forget their difference and begin anew. Such was the effect of "The Big Adventure" the story of childhood, which had its first showing at the United Theatre last night, and which served to bring back that wonderful time of life, when the world is a title role. This youthful actor, not yet five years of age, gives a more intelligent performance of his role than would be expected of many players many times his age. He is so genuinely natural, so whimsical in his expressions and so sincere in his depiction of the various emotions that every person in the audience fell captive to the little fellow's charms. The story was written especially for "Breezy." It shows the transition from an abused street waif from the slums of the city to the open country. With his dog Mickey as his only friend and companion, he runs away from his brutal step-father, falls in with a gang of tramps, is rescued and adopted into the home of a kindly lawyer. The little fellow at once starts to repay the kindness by his sunny disposition and by acting the role of Cupid. A shattered romance is renewed, the difference is captured, and happiness comes to all concerned as the result of the youngster's ingenious efforts. In addition to the above named picture a century comedy entitled "The Kids Pal" was shown and evoked rounds of laughter.

USE The Want Ad Way

Delicious biscuit, cake and pastry are the natural consequence when Magic Baking Powder is used—not a matter of chance or accident. Its perfect leavening qualities impart a lightness and delicacy to the texture, and adds nutritive value to the cooked food.

MAGIC BAKING POWDER

CONTAINS NO ALUM

All the ingredients are subjected to critical chemical analysis, and the mixing and packing is done with automatic machinery in the largest and most sanitary factory of its kind in the British Empire.

WERNER HORNE SAYS HE IS A SON OF WILHELM

(Canadian Press Despatch.)
Montreal, Aug. 8.—Captain Werner Horne, the German spy, who is at present confined in the immigration building, will be deported on Wednesday on the steamship Poland, for Hamburg. Horne has now been pronounced insane after serving six of the ten years imprisonment in the Dorchester penitentiary to which he was sentenced after attempting to wreck the Vancouver bridge during the early part of the war.

Today he was visited by a passport agent with a view to obtaining passport particulars. The agent said that Horne kept continually talking about dukes and princes, the millions he has in the bank, and last but not least of his being the son of ex-Kaiser Wilhelm, and of other prominent personages. In the end the agent was unable to get any sane information from Horne and he came away convinced that he was demented.

IN COLLISION

Two collisions occurred on Sunday evening between the new motor trucks of the Union Bus Company and two street cars. The first of these collisions took place at the corner of Pitt street and Queen street. The automobile truck had the steps broken and was badly scratched up. The street car was undamaged and the passengers escaped without any injury. The second collision occurred at the corner of Graham street and Pitt street and was somewhat similar to the other one. Both the trucks were off the line until the latter part of yesterday afternoon for repairs.

CUTDOWN NOTICES

Montreal, Aug. 8.—Notices have been posted in all the barns of the Montreal Tramways Company informing the employees that a 12 1/2 per cent reduction will be made in their wages from Aug. 10. This is considered an important concession made by the company, which originally announced a twenty per cent cut. The employees, on their hand, have applied to the department of labor for a board of conciliation under the Lemieux Act.
