BELA KUN MUST BE OUSTED

Allies Plainly Tell Hungarians There Must Be Proper Government Before Blockade Removed

Paris, July 28.—A strong arraignment of the present Hungarian government is contained in an Allied statement in which it was made known to the Hungarian people that they could secure a removal of the blockade and receive food supplies only if they ousted Bela Kun and set up a truly representative government. The text of the statement, given out by Premier Clemenceau is as follows:

"The Allied and associated governments are most anxious to arrange a peace with the Hungarian people and thus bring to an end a condition of things which makes the economic revival of central Europe impossible and defeats any attempt to secure supplies for its population. These tasks cannot even be attempted until there is in Hungary a government which represents its people and carries out in the letter and the spirit the engagements into which it has entered with the associated governments. None of these conditions are fulfilled by the administration of Bela Kun, which has not only broken the armistice to which Hungary was pledged, but is at this moment actually attacking a friendly and allied power."

"With this particular aspect of the question it is for the associated governments to deal on their own responsibility. If food and supplies are to be made available, if the blockade is to be removed, if economic reconstruction is to be attempted, if peace is to be settled, it can be done only with a government which represents the Hungarian people and not with one that rests its authority upon terrorism. The associated powers think it opportune to add that all foreign occupation of Hungarian territory as defined by the peace conference will cease as soon as the terms of the armistice have, in the opinion of the Allied command-in-chief, been satisfactorily complied with."

Paris, July 28.—(Havas)—Commenting on the Allied message to the Hungarian people, the Paris newspapers make the point that this action by the supreme council is tantamount to breaking off all negotiations with the Hungarian government as now constituted. In some quarters it is regarded as the initiation of a new policy of a more energetic order by the council, which may reveal its effects in other directions than that of Hungary.

In dealing with the general situation in Central Europe Le Liberté says: "As soon as they feel themselves firmly supported by the great powers, acting with unanimity, our Near Eastern Allies will form a coalition against the common enemy at Budapest."

WAR BETWEEN JAPAN AND UNITED STATES NOT LIKELY, SAYS ISHII

Tokyo, July 23.—(By the Associated Press)—Newspaper reports of an address delivered to the Tokyo press league today by Viscount Ishii, ambassador to the United States, who recently returned to Japan, quote the ambassador as saying that some Japanese seemed to feel that war might break out between Japan and the United States over the Chinese question, but that to him such a thing was inconceivable. He said all that war would do would be to entail great losses upon both countries.

The ambassador is further quoted as telling the newspaper organizations that he believed the Americans desired to develop China in co-operation with Japan. The reports added that he urged the Japanese to stick to the last of their proposal for racial equality.

At present Siderski is engaged in a very profitable dry goods business with his brother as the firm of Siderski Brothers at Glace Bay, and the only question is whether he will be able to leave his business for a few weeks and come to Fredericton to whip the U. N. B. rugby team into shape this fall.

It is expected that the Maritime Intercollegiate Football League will be resumed again this fall, and if U. N. B. is successful in obtaining the services of Lou Siderski as coach they will have a good chance of making a strong bid for the possession of the Clarke trophy for another year, provided that the men expected to resume their studies, return to college next fall. D. THOMAS CURTIN AT CHAUTAUQUA GIVES INSIDE WAR NEWS

D. Thomas Curtin, who was the war correspondent in Germany ostensibly for newspapers of his own country—the United States—but in reality for the Northcliffe press in England, in a spirited and dramatic address delivered in the Chautauqua tent on Saturday evening was a most remarkable eye-witness account of Germany's methods of warfare and of her intrigues. He urged strongly that paragraph 27 of the peace treaty should be enforced. This is the paragraph which says the Kaiser and those responsible for the war should be brought to trial and Mr. Curtin declared that such a trial would convince the people of the German army and the British navy—and that at the end of the war Germany had received economic defeat, and was near starvation, but that had it been continued for a very short time she would have suffered the most terrible military disaster.

Mr. Curtin was given a most enthusiastic reception and applause was particularly hearty when at the conclusion of his address he said the Anglo-Saxon powers of the United States and Great Britain should strive still to work in the common interest and to keep the peace that would be true to the men who died so gloriously on the battlefields of Europe.

Hunt Cook, the superintendent, spoke at the afternoon session of his experience as a Y. M. C. A. representative with the French and American armies. His story of the French Foreign Legion was very interesting.

A union service was held in the Chautauqua tent on Sunday after the evening session of sacred music given and was conducted by Rev. G. F. Dawson, of Exmouth street church. Several selections of sacred music were given and the speaker was again D. Thomas Curtin who gave his views on what was the most impressive lesson to be learned from the war.

LON SIDERSKI MAY COACH U. N. B. FOOTBALL TEAM THIS SEASON

Former Dalhousie Star Has Been Tendered Job for 1920

"Lou" Siderski, star of the football teams of Dalhousie of a few years ago, may be here next fall as the coach of the U. N. B. football squad.

Former efforts have been made to secure the services of A. D. ("Hump") Campbell, who coached the teams of the university in 1918, 1919 and 1920, to act as coach again this year. The ability of "Hump" Campbell was recognized, but now that it is certain he will not be able to come here this fall, those in charge have decided that some other capable man should be secured.

For time it was very doubtful whether he could be obtained to fill the position which was so ably filled for three years by "Hump" Campbell. Many names had been suggested of men who were returning from overseas and who had considerable experience in the game. Among others, Lou Siderski was mentioned and Horace Webb, manager of the football team, got into communication with him at Glace Bay, N. S. Siderski's reply was to the effect that he may accept the offer.

"Lou" Siderski is well known throughout the maritime provinces, having played on the back division of the Dalhousie team several years ago and has been referee of a number of games in the intercollegiate football league. He is recognized as one of the best rugby men in the east, and his experience in the game should make him a successful coach if he accepts the offer made to him by the University of New Brunswick.

At present Siderski is engaged in a very profitable dry goods business with his brother as the firm of Siderski Brothers at Glace Bay, and the only question is whether he will be able to leave his business for a few weeks and come to Fredericton to whip the U. N. B. rugby team into shape this fall.

It is expected that the Maritime Intercollegiate Football League will be resumed again this fall, and if U. N. B. is successful in obtaining the services of Lou Siderski as coach they will have a good chance of making a strong bid for the possession of the Clarke trophy for another year, provided that the men expected to resume their studies, return to college next fall. BEWARE OF TENDER, INFLAMED GUMS

Pyrorrhea, with a premature loss of teeth, is almost inevitable if you do not properly care for your gums. Here is the explanation: As you age, the body tissues naturally relax. You see this tissue loosening in the neck. It goes on in your gums, too. As you grow older, your gums shrink below the normal gum line. Through lack of care they become spongy and inflamed. Then you have Pyorrhea (Riggs' Disease). Pour out of five people over forty have Pyorrhea. And many under forty, also.

Don't let a tender gum spot develop. These tender spots breed disease germs which enter the system through tiny openings—infecting the joints or tonsils—or causing other ailments. Immediately get Forhan's, which positively prevents Pyorrhea if used in time and used consistently. Forhan's tones the gums and hardens them. They in turn keep the teeth healthy. Brush your teeth with Forhan's. It cleans them scientifically—keeps them white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes. All Druggists. FORHAN'S, LTD., 307 St. James St., Montreal.
