

Eminent Canadian Clergyman

Prominent Divine Endorses This Wonderful Treatment

DRINKERS HE KNEW WHO WERE CURED

St. Andrew's Manse,
Perth, Ont., Dec. 3rd, 1911.

"Probably these lines that I am now writing may influence many—have reluctance about writing testimonials, for they are often too easily obtained; frequently they are unreliable, and people generally have more or less suspicion about them. For a time I, myself, refused to give credence to reports that were made to me concerning cures that were effected in the case of men who had been treated by the Neal Treatment."

"But now, to say nothing of a number of outside instances, I have around me, in my own town, four men who for years have done honor to themselves, their families, to their community and to their Maker, through strong drink, who are now temperate men, and are living a new kind of life altogether. These men were treated at the Neal Institute. I am not writing about the cure or the price or other details. But I find the attention of these men turned Godward, and each one of the four bears witness that the desire for liquor is with him no longer. Concerning emancipation from a vice that makes way for vice, I cheerfully bear their testimony."

"A. H. SCOTT, M.A."

You will note how very guarded the Rev. Mr. Scott was in making the above statement, because of the position he occupies and his relation to the public. Yet this cultured and refined gentleman is very frank in bearing his testimony to the effectiveness of the Neal Treatment, for it came within purview of his personal observation.

The Neal is an internal treatment, without hypodermic injections, and is completed in three days. This is why it appeals especially to business and professional men and to all others whose time is valuable. It takes away all inclination to drink, all craving, desire and appetite for liquor, making the former drinker a sober and respected citizen thereafter. The cost of the treatment places it easily within the reach of every drinking man who seriously and earnestly wants to quit drink.

The Neal Institute, 46 Crown Street, corner King, affords its patients the comforts of a refined home while undergoing treatment. Their meals are served in the privacy of their rooms. They are constantly attended by physician and nurse, and the stay of only three days is such a short absence from business or home as to occasion no public curiosity. If you have a relative, friend, acquaintance or anyone in whom you are interested, do not delay having him take this treatment. For full particulars call on, write, or phone

PROPOSE \$100,000 FOR EXPENSES OF AMERICAN PEACE COMMITTEE

Washington, July 31.—The movement to celebrate the 100th anniversary of the treaty of Ghent was advanced today by the senate foreign relations committee, which agreed to favorably report Senator Root's bill to authorize the president to appoint a peace centennial committee of State of Maine.

WEDDINGS

At the residence of Rev. R. A. Armstrong yesterday afternoon, Miss Emily Agnes Dallas was united in marriage to William Albert Edgett, of St. Martin. They were unattended. Mr. and Mrs. Edgett left for their future home in the afternoon.

DEADLOCK OVER PANAMA CANAL

Congress Unwilling for Its
Operation Till Tolls Question
is Settled.

Washington, July 31.—Unless congress takes action to provide for the operation of the Panama canal at the present session, President Taft and Secretary of War Stimson believe that it will be practically impossible for the army engineers to keep their promise and open the big ditch to the ships of the world next year.

According to the information brought to the White House today the prospect of action by congress on canal legislation at this session is growing dimmer.

Mr. Stimson was understood to believe that there is little contention over the proposed administration and operation of the canal but the question of tolls and of railroad-owned steamships have stirred up controversy in both houses and today neither the president nor his secretary of war was hopeful of settling it.

The Panama bill was put aside again in the senate today after Senator Brandegee, who is guiding it, stated that adjournment probably would be hastened if it were considered in the senate while the post office bill was in conference, but the only ray of comfort that filtered through to the White House was the news that Representative Adamson, of Georgia, chairman of the house committee on interstate commerce, was considering the introduction of a joint resolution providing for the machinery of administration and operation of the canal. Mr. Adamson was understood to be ready to bring in such a motion whenever it became apparent that there is no chance of a compromise and the two houses become deadlocked over the other question.

President Taft was much concerned today over the prospect of a delay in the opening of the canal. When he broke ground at San Francisco last October for the Panama-Pacific Exposition he practically promised the people of the whole country to have the canal ready next year.

SITUATION OF GRAND FALLS POWER PROJECT

H. A. Powell, K. C., left for the Boston express last evening for New York on business connected with the amalgamation of the Grand Falls companies and the building of the proposed new pulp and paper mill there, referred to in The Telegraph yesterday. Beyond saying that his trip to New York had to do with these matters, Mr. Powell declined to make any statement. He intimated, however, that the amalgamation was not yet completed, though there was doubt.

While en route home from New York, Mr. Powell will make a stay in Montreal to confer with James Torrey and John Casgrain, of the International Waterways Commission, on matters connected with the Rainy River and Lake of the Woods situation.

The Frederickton Gleaser, in connection with these matters speaks of an interview given by Sir William Van Horne some years ago, in which he stated that he had an investment of \$8,000,000 at Grand Falls. The paper adds:

"The financing of such a large proposition, as Sir William remarked when in Frederickton, is a big undertaking, but it is understood that the capital has been applied in England and that a market has been arranged there for the product of the company's paper plant."

Senator Dixon also announced that Miss Jane Adams, of Hull House, Chicago, and Mrs. H. M. Wilmarth, president of the Women's City Club, Chicago, would be delegates to the Illinois state progressive convention Saturday and possibly might be named as delegates to the national convention.

Oyster Bay, July 31.—A movement is on foot with the National Progressive party to name a Democrat for the south, as his running mate, Colonel Roosevelt said today, if an available man can be agreed upon. The colonel said that a number of the leaders of the new party had made this suggestion to him and that he favored the plan. He added that such a selection would emphasize the non-sectional character of the movement.

**ROOSEVELT WANTS
DEMOCRAT AS
RUNNING MATE**

Chicago, July 31.—Senator Joseph M. Dixon, of Montana, director of the National Progressive campaign, arrived in Chicago from New York today and announced he had received assurances that the attendance at the National Progressive convention Monday would exceed the expectations of even the most enthusiastic leaders.

"I am now assured that every one of the forty-eight states in the union will be represented with a large delegation of both delegates and friends of the movement," said Senator Dixon.

"There will be more than 1,000 legally selected delegates seated in the Coliseum when the convention is formally called to order. In addition there will be present thousands of well-wishers from every section of the country. This convention is going to exceed the dreams of the most confident of our leaders."

Senator Dixon also announced that Miss Jane Adams, of Hull House, Chicago, and Mrs. H. M. Wilmarth, president of the Women's City Club, Chicago, would be delegates to the Illinois state progressive convention Saturday and possibly might be named as delegates to the national convention.

**ALLEGED SLAYER OF
MAINE GIRL CAPTURED**

Bangor, July 30.—Sheriff White received a telephone message at midnight from Deputy Sheriff W. O. Estes, of Brooks, saying that he had arrested a man who has been positively identified as a Sherman Gray, wanted in connection with the murder of Naomi Mitchell at North Carleton last Wednesday night.

The arrested man admits his identity, acknowledges he was in the grocery store when the Mitchell girl came for supplies, but he denies killing her.

KILLS WOMAN SHE BLAMED FOR WINNING HER HUSBAND AWAY

Paris, July 31.—Mme. Bloch, a story writer and contributor to children's papers, today proceeded to the home of Mrs. Bridgeman, the wife of James E. Bridgeman, an employee of the Paris agency of the New York Life Insurance Company, and shot her dead. Mrs. Bridgeman, who was separated from her husband, resided in an apartment in the Rue Vignon under the name of Berhard, her maiden name. She was the daughter of Henry Berhard, of Milwaukee.

The tragedy was the outcome of an attachment between Mme. Bloch's husband and Mrs. Bridgeman. Mme. Bloch, who remained quite cool and composed, after the shooting, seemed to be well satisfied with what she had done. She told the police that Mrs. Bridgeman had made her life almost unbearable for two years. Before she killed her, Mme. Bloch read letters which her husband had written to her indicating that he still had affection for her. But Mrs. Bridgeman, she said, laughed in her face. It was then that she drew a revolver from her hand bag and shot the woman down.

Interrogated by the examining magistrate, Mme. Bloch said defiantly: "I am at last avenged. My husband deserted his home to follow his mistress. I have no regret for an act of vengeance which cuts the knot."

Mr. Bridgeman is not an American. It is understood that he came here from England. He began suit for divorce six months ago.

DETERMINED TO LEARN WHO ARE MEN HIGHER UP

New York, July 31.—Police Lieutenant Charles Becker, head of the "Strong-Arm squad" of gambling raiders, who is charged with the murder of Herman Rosenthal, was tonight further implicated in the plot to get rid of the gambler, when "Bald Jack" Rose and "Bridge" Weber added another chapter to their already amazing allegations.

The told District Attorney Whitman that Rosenthal was to have been killed at the instigation of Becker ten days before he actually met his fate, and that the plot failed because the underworld thugs selected to do the murder lost their nerve at the last moment.

Every trail and lead is to be followed persistently, no matter where it ends, by District Attorney Whitman, to learn whom \$2,400,000 graft money was finally distributed.

The public prosecutor has arranged to keep the grand jury in session all summer to investigate the relations between the gamblers and the police, which is, in the opinion of District Attorney Whitman, a matter of more public importance than the Rosenthal case.

The arrest of Becker and the confessions of Rose and Weber have completely demoralized the gamblers and pool rooms and gambling houses are shut up tight. The gamblers say they don't know when they will be able to get open again.

New York, July 31.—Mayor Gaynor this afternoon issued a call for a special meeting of the board of aldermen on Monday next for the purpose of authorizing a committee to investigate police conditions in the city. The committee will be empowered to investigate the department in all its ramifications.

SETTLERS FROM CANADA AND U. S. WANTED BY AUSTRALIANS

Sydney, Australia, July 31.—N. R. W. Nielsen, formerly minister for lands, who represented the New South Wales government at the Chicago irrigation congress, and afterwards conducted an investigation into the irrigation methods of the United States, has issued a report in which he says that the eastern coast of Australia can be made quite as productive as any similar area in any part of the United States or Canada. He recommends the government to undertake extensive irrigation works, declaring that the cost of these would be amply repaid.

INCREASING BECAUSE THEIR RELIGION BARS RACE SUICIDE

London, Aug. 1.—Because their religion forbids race suicide and their children are consequently much more numerous than in Protestant families, Roman Catholics are gradually making a Catholic country of the United States, Dr. F. L. Hoffman, of Newark, told the International Eugenics congress. The doctor also quoted statistics showing a far higher birth rate for foreign born than for native parents in America.
