Away went the horse, pitching Grandpa Jones over his head into a mud puddle, from whence he slowly emerged, blowing and rubbing his sides with indignant gravity.

"Ah, Smiley, Smiley," said he, "that was most too big a fool for such a little horse."

Smile and the very very well represent a class of youths who breed every thing. Their loss is too large for the occasion, and mischief comes of it. "Smiley," they shout "what great things I can do," and call universal attention to their failures.

TELEGRAPH NEWS.

Lieut.-Governor Wilnot sworn in.

FREDERICTON, July 23. Judge Wilnot was sworn in at 2 o'clock. He was received by Lieutenant Governor Harding and suite. A Guard of Honor of H. M. 2nd Regiment was in a body, and a Royal Salute was fired by the Artillery.

There was a large concourse of Citizens, Members of the Bench and Bar, Executive Members in the City, the Mayor and Corporation, and a number of Ladies in the Council Chamber.

The Commission was read by Mr. Stratten Clerk to the Executive. The office of office was administered by Judge (Allen, and protection was there made.

The Mayor and Corporation presented a congratulatory Address recognizing in His Excellency's appointment reward for eminent services, embracing a period of nearly forty years.

His Excellency made a brilliant reply, congratulating himself and the people of this Province that the day had arrived when a son of New Brunswick might aspire to such a dignity. He spoke in glowing terms of the future of the Dominion, and trusted New Brunswick would remain true to it in all honorable aspiration.

Certain aristocrats, so styled, and conspicuous by their absence from the ceremony, New Brunswick everything passed off with great eclat.

The appointment gives general satisfaction in this City and County.

LONDON, 21st. A Despatch from Shanghai reports that the crew of the American vessel Gen. Sherman, which was wrecked in the Chinese waters, have been beleaguered by the natives where they landed.

The great annual Volunteer Review takes place on Saturday on Wimbledon Common. As in former years the day will be observed in this City as a holiday. The Stock Exchange will be closed, and business generally be suspended.

Reports of the harvest in all parts of the country show the yield of grain crops to be quite equal to the annual average.

PARIS, 23rd. The proprietor of the London national, a weekly journal, published in London, has just been tried before one of the Courts of this City for Black and sentenced to pay a fine of three thousand francs, and to four months imprisonment.

NEW YORK, 24th. Congress has voted to take a recess from Monday next till September 21st. Gold closed at 143.

LONDON, July 27. A report has been received by the Government that the British gunboat Pandora, of the African Squadron, had landed some men at one of the Portuguese Colonial Stations, on the Coast of Guinea, and taken possession of the place by force of arms.

The Portuguese Government have despatched two men of war from the Tagus to secure the author of the outrage.

GOLD 144 1/2. APPOINTMENTS.—The following is from the Canada Gazette of the 18th inst.—Department of the Secretary of State for Canada, Ottawa, 14th July, 1868.

"His Excellency the Governor of Canada has been pleased to make the following appointments, viz:—The Honorable William Pearce Howland, C. B., to be Lieutenant Governor of the Province of Ontario.

The Honorable Lemuel Allen Wilnot, to be Lieutenant Governor of the Province of New Brunswick.

His Excellency the Governor General of Canada has also been pleased to make the following appointment, viz:—The Honorable Lemuel Allen Wilnot, Lieutenant Governor of the Province of New Brunswick, to be Deputy Governor for the signing of marriage licenses in the said Province of New Brunswick.

LAUNCH.—There was launched on Saturday afternoon last, from the building yard of Hon. Mr. Mitchell, a superior looking ship called the "Lady Curzon," measuring 917 tons, O. M., 825 tons, N. M. This fine vessel was built under the inspection of S. Lapthorne, Esq., Lloyd's Surveyor. She was designed by Mr. E. Pearson, and built by Mr. T. Daley, and is considered a most substantial and well finished vessel. The Figure Head, which is the work of Mr. Wm. Allan, of Chatham, is beautifully carved, and is said to bear a wonderful resemblance to the distinguished Lady after whom the vessel is named, and for whom, as the ship moved gracefully and majestically to her future element, the hearty cheers were given.—Newcastle Advocate.

The death is announced of the French African traveller, Lieutenant Le Saint, in exploring the country about the White Nile. He had already overcome many difficulties, and reached Abou Kouka, within some sixty leagues north of Gondokoro, where he fell a victim, at the age of thirty-five, to the insalubrity of the climate.

—SAINT ANDREWS, JULY 29, 1868.

OUR NEW GOVERNOR.—From telegraphic advices we learn that the Hon. Lemuel Allen Wilnot, was sworn in as Lieutenant Governor of New Brunswick, on Thursday last, 23rd inst. His appointment to the highest office in the Province, is a well merited tribute to his abilities and services, and we heartily congratulate him, on his accession to office. His Excellency we have much pleasure to add is a native of the Province, and his appointment as Governor, proves that the highest position in the land may be attained by any of our own people (as our new Governor undoubtedly does) the necessary qualifications for so distinguished a position. We believe that the appointment will be productive of great benefit to the Province, and will be hailed by all true patriots as one that will give entire satisfaction. Thank fortune the advocates of preferment are open to the aspiring youth of our Province, who have heretofore been kept in the background. His Excellency's career is so well and favorably known, that it is only necessary to add that from his first entrance in public life to the present, it has been a success.

His Excellency's appointment leaves a vacancy on the Bench, which it is said will be filled by the Hon. Mr. Fisher, who stands well with the people. His elevation to the Bench was due to him many years ago.

During our absence last week, we visited some of the Provincial Institutions and Public officers, and beg to tender our acknowledgments to the gentlemen who preside over them for their uniform courtesy in extending every information in connection with their management. Through the kindness of Robert Crookshank, Esq., Secretary and Treasurer, (a gentleman who by the way is hard worked and receives but a moderate salary) we visited the Provincial Penitentiary, and were shown through the various departments by the attentive Superintendent, Mr. Quinlan. All departments are conducted with great regularity and care, and from the amount of articles on hand, we concluded, must in some measure be self sustaining. Everything is kept in the most orderly manner, and betokens a strict attention to duty on the part of the Secretary and his subordinates. The office of the Emigration Officer, Robert Shives, Esq., contains all the information required by emigrants, and every facility is afforded by the Agent to obtain land or employment for them. The Light House Department under the management of the local officer, G. W. Smith, Esq., merits like commendation.

NOVA SCOTIA.—The Legislature is summoned to meet in a few days, 6th August, and much depends on the action of that body; whether they will act for the benefit of the Province, as a part of the Dominion, or whether they will precipitate a state of things which will result in the resignation of the local Government and a dissolution of the House of Assembly, it is impossible to say; but for the credit and prosperity of that loyal province, it is to be hoped that wise counsels will prevail.

The eyes of the Dominion are turned towards that Province, hopefully, for a statesman of Mr. Howe's ability, and who possesses the confidence of the people, will, it is believed, use his great powers and influence to restrain any impetuous act on the part of the Legislature, which would lead to unpleasant results. It was most unwise and unfortunate, that the question of Union had not been submitted to the people at the polls, as it was in this Province; for we believe that had it been, and proper information disseminated, it would have been carried, if not at the first at all events at another election. For the returns show that even at the last election, the majority against Confederation was not as great as the repeal journals would lead us to suppose.

It is believed, that Dr. Tupper has brought out important documents from the Imperial Government to the Government of Canada, which may throw oil upon the troubled waters. Great allowance should be made for the ebullitions of feeling manifested by the Repealers. No epithet appears to them too harsh to apply to the Doctor; and his unpopularity may be judged, (if we can rely upon the report of a former resident of this place), who says that "the Minister of Customs was serenaded by a

band one evening recently, while in Nova Scotia, and that the Doctor was not so agreeably recognised in the same place."

The Hon. Mr. Tilley has written a second letter to the "Morning News," which appears in that journal of Monday last, occupying upwards of two columns, explanatory of the first and fully sustains his positions by facts and figures. We have only space to day, to copy the following extracts, which speak for themselves. In reply to those who say:—

"It is not sufficient that Mr. Tilley shows that the Revenue collected in 1867-8, was less than the average of the two years, preceding, in order to prove that taxation was diminished." "The true test is the percentage collected upon the value of the imports."

Mr. Tilley dissents from this proposition and says:—

"In order, however, to prove my case even upon the terms stated by my opponents, I requested the officers in the Customs Department to make up a statement of the value of goods entered at St. John for home consumption in May and June, 1867, and the duties paid thereon, and a like statement for the same months in 1868. It should be borne in mind that the first Dominion Tariff passed in December last, and was amended in April, 1868. The duties, therefore, that were collected in 1867 were under the provision of the New Brunswick tariff; those in 1868, of the Dominion Tariff.

The returns handed me are as follows:—

Dutiable goods entered May and June, 1867, value, \$391,893

Free goods entered same months, value, 338,288

Total, \$1,207,181

Duty collected \$189,653, or a fraction under 15 per cent of the total value.

Dutiable goods entered May and June, 1868, value, \$619,000

Free goods entered May and June, value, 362,489

Total, \$981,489

Duty collected \$108,348, or a fraction over 12 1/2 per cent of the total value—nearly 2 1/2 per cent less than was collected on the value entered in 1867. Taking the proposition of the opponents themselves as the proper means of deciding the question, the verdict is against them."

In concluding his letter he says:—"The returns of Revenue collected throughout the Dominion from Customs, Excise, Stamps, &c., for eleven months, indicate that the receipts of the year will meet all current expenses."

John Harley, Esq., Lighthouse Inspector, visited the Harbours in this County within a few days. In addition to inspecting the other light houses in the Bay of Fundy, he also examined Head Harbor and St. Andrews Light, which are now in good working order. He has also recommended the building forthwith of the Block at the Eastern ballast ground which Mr. Geo. Gilley has contracted to erect, and we learn the Block on the Western ballast ground will be erected next year.

The Premier of Canada, Sir J. A. Macdonald, is expected in St. John on Thursday.

REGATTA.—Arrangements are in progress for a Regatta on a grand scale during next month, and from the energy of its promoters, it will be one of the best ever held in St. Andrews. Timely notice will be given and particulars published. We heartily wish the undertaking success.

Complaint has been made by Capt. Hunt, that the fog bell, at West Quoddy, is rung very irregularly. He says that in a thick fog on Sunday last the bell rung at 6 a. m. and ceased until 7 in the evening, when it was quite clear.

MR. KENNEDY'S CONCERTS, we beg to remind our readers, are to take place to-morrow and Friday evenings. Everywhere he has sung, he has had full houses and fashionable audiences, and we may add, has given entire satisfaction. We trust that the people of this community will give him full houses.

So many reports have been published with reference to the Intercolonial Railway, that it is useless to speculate further upon the subject. We adhere to our statement published a few weeks ago, "the Imperial Government have decided the matter." Will that do.

The lent which has been so excessive in other parts of the Province, was not felt here to any extent, it was not uncomfortably warm. Visitors speak in high terms of the salubrity of this place. It is a fact that the Doctor's have "nothing to do."

STEWART'S LITERARY QUARTERLY for July has been received, and maintains its well earned reputation for literary ability. In justice to its youthful conductor, we correct an unintentional error in noticing the previous numbers;—every article is original and written expressly for his Quarterly, and we much regret having stated its contents were "original and selected." Such a mistake shows a carelessness on our part, which to say the least

is annoying, but we trust our young friend will be satisfied with our "amend honorable." The present number contains eighteen original articles,—the sketch of the lamented D'Arcy McGee is an interesting paper, as indeed are all the others. The terms 40 cents per annum, are 50 cts. as to place the Magazine within the reach of all who desire to encourage native literary merit.

THE "CANADIAN" for July is an excellent number, and maintains the high character for literary ability, and discussions on important topics, which this journal has so justly, won. From the proprietor's observations, we are pleased to learn, that his enterprise in starting the "Canadian" has been successful, and that he intends improving his already ably conducted journal.

DEMOREST'S YOUNG AMERICA.—The advance number of this charming Childs Magazine for August has reached us, and is filled with useful and instructive information for children. The price is only \$1 50 U. S. currency. Published by W. J. Demorest, 473 Broadway, New York.
