## FEARS FELT FOR NORWEGIAN SHIP

PRINCE ALBERT IS MAKING LONG TRIP

Many Other Carriers En Route to Port -Cottage City Arrived Last Night-Marine Notes.

Shipping men feel apprehensive over e non-arrival of the Norwegian ship Prince Albert, which though listed for Puget Sound, is under engagement load lumber at Chemainus. The vessel in command of Captain Hansen, Capetown 267 days ago. She was sighted passing Angers on May 16th, but from that date on no reports have been received from her. There are those who believe that she is making a long passage from the fact that her hull was very foul when sailing, and on the strength of this theory no re-insurance has been placed on her. Many however are beship has been lost. She was at Cape town when the Strathdon was there, which latter vessel has long since an rived and is at Portland receiving out-

Another vessel coming to this port be one of the largest craft of her kind to have ever visited these waters. She a registered tonnage of 2,982 tons. The vessel is out 119 days from Ant- and Queen Helene, of Italy, arrived werp. The British ship Lytton, now at San Francisco, and which became a few years ago in connection with Rear-Admiral Palliser's expedition treasure, is coming here, according to re-

British ship Aristomene is due from Yokohama. She is coming for orders. The German ship Ariadne, which is 39 days out from Santa Rosalie, is under charter to load British Columbia salmon The British ship Grenada is still another merchantman heading for the Royal Roads. She is coming from Moilendo. British barque Hugomont has just left Glasgow with general cargo for British Columbia, and the British barque Nivella is reported chartered by Findlay, Durham & Brodie to load at Chemainus. She is coming from Capetown.

LIVERPOOL CAPTAIN'S PRIZE. A Paris telegram states that the Lis-

bon correspondent of the Patrie informs that journal that a few days ago the Liverpool steamer Obidense arrived in the Tagus from Maderia. Her captain reported that the Jeanne d'Arc. a doned and leaking, with 14 feet of water in her hold, fifty miles from Maderia. With the Jeanne d'Arc's own pumps he reduced the water in the hold, put a crew on board, hoisted the British flag. and brought the French vessel into Funchal. A few hours previously the French crew of the Jeanne d'Arc, who had taken to the boats and left her were picked up by an Italian cruiser and brought into Funchal. They could hardly believe their eyes when they saw their ship towed into the same port by the Obidense, and flying the British flag; and it is thought that the captain of the Jeanne d'Arc will have some trouble in explaining to the satisfaction of the owners why he abandoned his vessel when there was no immediate peril of shipwreck, instead of signalling for as-

The captain of the Obidense has gained a rich prize, for the Jeanne d'Arc is first class three-master of 1,300 tons, built in 1891. She had on board a valuable cargo of wine and other merchandise. The second mate of the Obidense was left on board the Jeanne d'Arc at Funchal, and the English steamer tinued her voyage to Lisbon and Eng-

The Obidense is a steel screw steamer of 2,380 tons. She was built in 1891 by T. Royden & Sons, at Liverpool, and owned by the Booth Steamship Co. Ltd., Liverpool.

COTTAGE CITY RETURNED. Quite unexpectedly the Pacific Coast amship Cottage City, which, according to last reports, had been disabled in Six hundred and thirty-five arrests have south, arrived in port Tuesday under, tramps or suspected Anarchists, all of whom will be detained in custody until ance of any vessel. The steamer was returning with 150 passengers, when, in Frederick Sound, her low pressure cylinder broke. An anchorage was soon ind and then Capt, Wallace headed for Juneau to confer by telegraph with is owners. A tug was dispatched north. ces could be called into play temporary repairs of a character to warrant the ship proceeding were carried out. As a evening, looking none the worse for her misadventure. Her next run north will be taken by the City of Topeka.

NELLIE SANK IN COLUMBIA. While going up the Columbia a few Monday. days ago with a log raft in tow the steamer Nellie struck a rock near the mouth of the Willamette and a large hole was made on her port side. Bemaining above the water. The accident | was fully gone into. It is said that a decioccurred near the shore, and the captain and a crew of seven men had little difficulty in reaching land. The Nellie is sternwheeler.

THE COAL MARKET.

In Harrison's report of the coal marunder date, San Francisco, October th, appears the following: "There are queried the bachelor girl.

tonnage of these vessels engaged will foot up to 110,000 tone, which shows very clearly that the ships are arriving here larg ly in excess of the charters being made. We had at this time last month 145,000 tons loading on route for this port. It is reported that 16s, is the minimum rate for loading from Newcastle. But few vessels are liable to be engaged at this rate, as importers cannot see their way clear to dispose of coal THEY PLEASED FAIR cargoes at covering figures. The products of British Columbia and Washington are being landed here at prices which preclude the importation from Australia."
