INQUIRING INTO COST
OF CARRYING MAILS
U. S. Postmaster Asks Rail-
ways for Data
Government Rents Cars and Also Pays at
Pound Rates--Inquiry a Good
Example for Canada.

WASHINGTON, Sept. 15--An inquiry
has been inaugurated by Postmaster
General Hitchcock into the cost of
railroad companies of transporting the
mails, for which the government receives
annually from the government \$20,000,000.
This is not intended necessarily to
reveal any overpayments to the rail-
roads. On the contrary, it may afford
the railroads a long-looked-for oppor-
tunity to demonstrate that they are
underpaid.
This has been their claim at all
times, and while no one has believed
it, it has afforded basis for a spirited
resistance in Congress of every at-
tempt made to reduce the compensa-
tion allowed them.
Mr. Hitchcock has sent a circular let-
ter to all the railroads, asking that
each inform him in detail of the actual
cost of the transportation of mails, in-
cluding the terminal facilities provided
and all other items of expense to which
the roads are subjected. Inasmuch as
the railroads can hardly be expected to
give themselves any the worst of it
in their reports, the information may
not be so valuable as the department
hopes for.
The inquiry was suggested by the sec-
ond assistant postmaster general, who
has charge of the railway mail branch
of the postal service. While the depart-
ment does not assert that the railroads
are overpaid for the actual carrying of
the mails, it is held that in the charges
made for postal cars the government is
required to pay higher rates than any
other class of shippers.
Long ago, in reports of several post-
master general, it was suggested that
the system of paying rentals for the
postal cars and at the same time
paying the railroads for the use of
their cars was a wasteful and un-
desirable method of compensation for
the services rendered. The removal of
the mails from time to time has been
the government should build its own cars
and pay the railroads for hauling them.
The same rates as are paid by other
owners of private cars. This system
it has been shown would have saved
\$80,000,000 annually in the expense of
mail transportation very materially.
The purchase of or construction of
mail cars by the government would re-
quire a heavy expenditure at the be-
ginning, and this expenditure Congress
has been unwilling to authorize.
Just what recommendations Mr.
Hitchcock will base upon the result of
his inquiry he does not know himself
and cannot know until he gets the in-
formation he has asked for.

There is more Cataract in this
section of the country than all other
diseases put together, and until the
last few years was supposed to be incur-
able. For a great many years doctors
pronounced it a local disease and pre-
scribed local remedies, and by con-
stantly falling to cure with local treat-
ment, pronounced it incurable. Science
has proven cataract to be a constitu-
tional disease and therefore requires
constitutional treatment. Hall's Ca-
taract Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is the
only constitutional cure on the mar-
ket. It is taken internally in doses
from 10 drops to a teaspoonful. It
acts directly on the blood and mucous
surfaces of the system. They offer one
hundred dollars for any case it fails
to cure. Send for circulars and testi-
monials.

The Algonquins football practice on
the Shamrock grounds last evening
was well attended, about 1000 spec-
tators being out in uniform. A consid-
erable number of last year's inter-
mediate players were turning out with
the "Indians" and it looks as if the
latter will have a pretty good XV on
the grid this fall, with perhaps six
defensive material for a second as well
as first team.
At evening prayer at St. James
church last evening a large congrega-
tion was delighted by the organ re-

ate of the Carlisle School, Boston,

cian. His recital was the best ever
given in St. James' church. Mr. Cur-
ry will remain in St. John for some
time. On Sunday next he will play
in the Mission church.

Winchester, Ind., Sept. 15--"Four doctors
told me that they could never make
me regular, and that I would eventu-
ally have dropsy, and I would bleed,
and suffer from bearing down pains,
cramps and chills, and I could not
sleep nights. My mother wrote to
Mrs. Pinkham for advice and I
began to take Lydia E. Pinkham's
Vegetable Compound. After taking one
and one-half bottles of the Compound,
I am all right again, and I recommend
it to every suffering woman."--Mrs. Max
DRAE, Winchester, Ind.
Hundreds of such letters from girls
and mothers expressing their grati-
tude for what Lydia E. Pinkham's Vege-
table Compound has accomplished for
them have been received by The Ly-
dia E. Pinkham Medicine Company, Lynn,
Mass.
Girls who are troubled with painful
or irregular periods, backache, head-
ache, dragging-down sensations, faint-
ing spells or indigestion, should take
immediate action to ward off the seri-
ous consequences and be restored to
health by Lydia E. Pinkham's Vege-

BATTLING NELSON WILL
RETIRE FROM FIGHTING
Lightweight Champion Has Been Fighting
Over Fourteen Years.

The announcement was made the
other day that Battling Nelson would
engage in just one more championship
contest, and then retire for good. The
Battler has been fighting steadily since
1889, and fourteen years in the ring is
a long time for any fighter, although
Bob Fitzsimmons and other good men
had longer careers in the squared cir-
cle than, however, and has saved his
money that he need not fight unless
he enjoys it. But may also change his
mind about retiring for good, as he is
just like many others in that line of
business--they like the excitement and
also the glamour of the footlights
while travelling about in vaudeville
stunts.
There has been considerable specu-
lation as to whom the Battler would
meet in his final fight. If it is to be
the last of his career, it is probable
that he will meet some one who is
not so well known as the Battler. Cut-
ting out all sentiment, it seems that an
international title of the championship
of the world in the lightweight divi-
sion would be a fitting climax to
Dane's ring career, and there is no
better lightweight in the ring to-
day representing foreign countries
than Freddie Welsh, the British cham-
pion. The latter may not be the slug-
ger that some of the lightweights are,
but he is a much improved runner and
a man who he is clever.

SPORTING NOTES.
THE INDIAN IS READY.
Hardly had the news reached the Re-
serve that the Ontario championship
of the A. A. U. were to be held at
Scarboro Beach on the night of Sept.
22nd, than Hilton Green, the track
Indian five and ten mile runner, sent in
his entry for the ten mile run, which
will be one of the main features on the
programme. Hilton has been doing
very little running this summer, but
he has been silently training back on
the reservation. McCormack, of the
Irish Canadians, the winner of the
grand prize in the 15 mile race Satur-
day, has signified his intention of
competing in this ten mile event also,
and by the time the entries close there
is bound to be a big class field. On
a quarter-mile track, with a large
number of starters, the scores will
leave their hands full, but competitors
have been selected to act, and no
mix-up is anticipated. In the one mile
race, two of which will go 22 yards,
one 40 and one 80, will giving every
club a chance to use their best men
at each of these distances.

TEN BROTHERS FORM
A BASEBALL TEAM
And Their Father Shows Them No Favours
When He Acts as Umpire
at Games.

BRANDON, Vt., Sept. 15--It is said
that every community excels in some-
thing, but one would hardly expect
to find a community of less than one
hundred voters was the home of per-
haps the most remarkable baseball
team in the world. But such is the
fact.
In the hill town of Goshen lives
Edward S. Hayes, born in the ancient
city of Vergennes, fifty-eight years
ago, of good, old fashioned Scotch-
Irish stock. His wife, who was of the
same stock, was born just across the
lake in Chisney Point. They were mar-
ried thirty-eight years ago and moved
from Vergennes to Goshen.
During their thirty-eight years of
married life, two children have been
born to them--ten sons and two daugh-
ters. The two little girls early passed
beyond this vale of tears, but the ten
sons grew up to be hale and hearty,
fit, strapping fellows and great lov-
ers of the national game of baseball.
Recently they played the Brandon
team, losing by one run, the score
being 14-13.
But after seeing the Hayes boys
play many said they were willing to
 wager a dollar that the best of the
best one that ever grew, that there is
no other ball team in the United
States composed of nine brothers that
can beat them.
They have played five games this
season with out of town teams and
won three of them. Edward S. Hayes,
the father, is a baseball crank, and
was one of the umpires in the Bran-
don game. He knows baseball and is
an impartial umpire. He gave "the
best" to the Hayes boys, and they
would not let a word of argument
be heard.

AFTER THE RECORD.
It is not often we see professional
trying to beat the records of amate-
urs, but A. B. Postle, of Australia,
was advertised to do so at Burnley
recently. He set himself the task of
trying to improve on the 9.4 seconds
for 100 yards, which A. F. Duffey and
W. A. Schick, (both of America), ac-
complished, while in England, the
which stands as the English record.
Postle is a fine sprinter, but has never
before had the best judges that he
compares with such great amateurs
as Duffey and Webers, the latter being
the world's record holder in the 100
yard sprinter the world has yet pro-
duced, and a second only to Harry
Hutchings, who includes professional
as well. Postle had Todd, of Aus-
tralia, to pace him, and reached the
tape in 10.30 seconds, making a
difference of seconds for 75 yards, in a handi-
cap that distance.

WORLD'S RECORD BROKEN
AT MONTREAL MEET

MONTREAL, C. Sept. 15--At the
championship track and field meet of
the Amateur Athletic Federation held
on the M. A. A. grounds this after-
noon two world's records and three
Canadian records were broken. The
800 yards, Embo Lough of the Irish-
American A. C., by doing the distance
in 2 minutes 22.4 seconds, broke the
world's record made by C. H. Kilpat-
rick in New York in 1885 by three-
tenths of a second. In the British cham-
pionship Martin J. Sheridan of the
Irish-Americans in a local throw made
a distance of 130 feet 10 inches, break-
ing the prize of the Maple Leaf Gaus-
sian. The Irish-American J. P. Sullivan of
the Irish-Americans broke the Canadian
three mile record by doing the distance
in 14.58 3-4, being 10.5 seconds faster
than the record made by Longboat
Chapman of the British Empire. The
Irish-American carried off the
Irish-American record of 138 feet 10
inches. J. P. Sullivan of the Irish-
