SEMI-WEEKLY SUN, ST. JOHN, N. B., MARCH 15, 1902.

PARLIAMENT.

OTTAWA, March 10.-Mr. Puttee, of Winnipeg, introduced a bill to amend the arbitration act. It provides that arbitrators may take evidence under oath and prohibit any settlement stipulating that employes should relinquish membership in a labor organization. Hon. Mr. Fisher stated in reply to a question that in addition to steamships now fitted with cooling plants, arrangements had been made for the establishment of such plants on three Allan

boats, some Thomson boats, and two boats of the Manchester line. Hon. Mr. Blair said the government intends during the present session to take action on the motion passed last session in favor of the appointment of year ending last December, the Interolonial earned \$6,285, gross in carrying Mr. Bell that his department chartered the steamship Peter Jensen from Thomson of St. John to carry coal from Baltimore for fifteen hundred and fifty pounds sterling per month. The rate for steamship Aladdin was fifteen hundred and forty-one pounds per in all and the Aladdin 17,187 tons. East Assinibola. In the evening the Northwest debate was continued and received new interest from strong protectionist speeches from Mr. Tarte. The Northwest members had urged new railways, elevators and other works in their country, some of them protesting against duties on farm implements.

ask the government to slaughter the eastern manufacturers. Canada could not be made a slaughter market. The ation. Northwest must not be supplied from the United States, it must belong to this country. Mr. Tarte lectured Ross. of Victoria, who, he said, always cheered free trade. He told Mr. Ross that if Nova Scotia was prosperous, it was because of having not gone back to free trade. We have not applied those principles so severely as was at one time contemplated. Mr. Tarte also insisted that Northwest people must also favor the shipment of their grain through Canadian routes. The Canadian Pacific was now carrying mililons of bushels to St. John. That railway was feeding St. John, and business would enormously increase, as would the Canadian Pacific export from Halifax when the fast line should be es-

tablished. Mr. Ross replied vigorously, stating that he was a free trader, and was a delegate to the Ottawa convention which drafted the policy on which the present government obtained power. He had not forgotten this convention or departed from that policy, and warned the government that if the tariff. should be increased the ministry would lose the confidence of the country.

The debate was continued with great spirit by Brock. Oliver and others. Mr. Borden, of Halifax, said there

scarcely expected so flagrant a blunder as the Free Baptists statistics. In the dominion at large they are represented was evidently genuine reasons for the western complaint of insufficient transhaving fallen of portation facilities. The government 20.887 in ten years seemed to have been dilatory in tak-In New Brunswick they are made to lose 10,172; and in Nova Scotia their ing necessary action, as they had been loss is put at 2,022. The figures are abin many matters affecting the west. After a pleasant reference to Tarte's surdly wrong. Nothing but the gross protection speech, Mr. Borden expressed est ignorance or carelessness, or worse could put together such figures. his satisfaction over the development of winter trade by Canadian ports. He turn to the official records of denomination in New Brunswick and we find had recently visited St. John and saw with pleasure the splendid business gothat there was a net increase in the membership of the churches in every ing on there, but he had not learned that the government had done much to year of the decade with which the cen help this trade. On the contrary the sus deals. We find, too, that the church membership in this province in 1900 was government railway policy had been averse to the development of traffic by the C. P. R. Development was due 12,352. And yet the census gives us only 15,501 people, all told, in the prov-ince. Based on the church membership first to the remarkable enterprise of record a moderate estimate would place the people of St. John, who had spent large sums in providing facilities and inducing the C. P. R. to take up this the number of our people at about 36, work. The second cause was the en-ergy of the railway company itself. Mr. We have not the official records of the Nova Scotia Free Baptist Confer-ence at hand. We have no doubt Borden agreed with Tarte that "even Halifax' 'had a future as a winter port, though, that the census figures of our people in that Province are as far from but would not himself use the word the truth as those of this province. "even" in that connection. Halifax was 250 miles nearer Europe than St. Str. Lake Superior, from this port John and would yet do a large export eached Liverpool Tuesday. business. Meanwhile Halifax people rejoice over the progress of St. John. The opposition leader went on to point A WOMAN'S RISK out what he thought should be done in regard to western transportation. Sir Wilfrid Laurier closed with some As a trapeze performer is greater than a man's. She must have a man's courage general observations without making and a man's muscle to succeed. But she must also work under conditions of any definite statement, except that provision must be made to meet the which a man knows nothing. Many an accident to women acrobats must difficulty. The motion for papers passed and be attributed the house adjourned. to the sudden weakness to which all OTTAWA, March 11.- Hon. Mr.

another, in which Mr. Chamberlain says it is proposed on the visit of the premiers to discuss "questions of poli-tical relations between the mother country and the colonies, imperial defence. ercial relations of the empire and other matters of general interest." Mr. Chamberlain would be glad to know by cable if the Canadian government had definite proposals to make. The first and only reply from Can-

ada was dated Feb. 3rd. The Governor General accepts the invitation to the premier, who, with Lady Laurier, will sail about June 10. Lord Minto adds: "Referring to the several questions mentioned in your despatch, the only one which in the opinion of my

ministers gives promise of useful discussion is that of the commercial relations between the various sections of a railway commission. Mr. Blair in-formed Mr. Ganong that during the existing between the mother country and the great self-governing colonies, particularly Canada, are regarded by 146,087 bushels of wheat handled by the St. John elevator. Mr. Blair stated to tory with the exception of minor details, and they do not anticipate that in the varying conditions of the col-onies there can be any scheme of de-fence applicable to all. In the opinion of my ministers, there is thus but a limited range of subjects upon which the contemplated conference can be month. The Jensen carried 15,693 tons productive of useful action. Nevertheless, my ministers realize the de The afternoon session was devoted to sirability of taking advantage of a discussion of the grain blockade in every opportunity for discussion by the west, on motion of Mr. Douglas, of the public men of the mother country and the colonies of questions of im-perial interest, and Canada's representative will be prepared to give respectful consideration to any proposals that may be submitted by His Majesty's government, or by repres

tives of other colonies." On public works estimates. Meesrs. Lefergury and Hackett strongly pressfarm implements. Mr. Tarte said all possible would be done to give cheap and sufficient trans-portation to western traffic. At the Edward Island terminus of the passsame time the western people must not age from Cape Tormentine. They were supported by Mr. Farquharson, and the minister promises careful consider-

NOTES.

It is announced that the imperial government had expended seven millions in purchasing food and forage in Canada through the department of agriculture. AND IT COST A MILLION.

VICKSBURG, Miss., March 12 .- The steam-

VICKSBURG, Miss, March 12.—The steamer er Providence, plying between this port and Lake Palmyra, was capsized early this morning by a sudden squall in Ione Land-ing and 21 of her passengers and crew were drowned. The dead: Capt. Wm. Cassidy of Vicksburg, master; Chas. Roue of Vicks-burg, cottonseed buyer; Dr. N. A. Lancts-ter, a prominent physician and planter of the Palmyra neighborhood; seventeen color-ed houstabouts and deckhands, whose names have not been reported. The ill-fated boat left here at noon yes-ferday on her regular trip, carrying a large miscellaneous cargo of freight and a num-ber of passengers. Early this morning just as she was entering Lake Palmyra, a sud-den wind and rain storm of the proportions of a tornado, came out of the west, catching the Providence broadside on. The little ves-water, her upper works were blown away and her hull turned bottom in 40 feet of water. Most of the crew and passengers were asleep at the time and were drowned in their berths. Only nine of the entire boat's company were saved. The property loss will amount to several thousand dol-lar.

Messrs. Cassidy, Scott, Roue and Lan-caster all leave large families. A steamer carrying caskets and divers left for the scene immediately and will attempt to re-cover all the bodies.

Mrs. Millidge Tuttle's many friends here will grieve to hear of her widowhere will grieve to hear of her widow-hood. Mrs. Tuttle, as Miss Leake, was well known, first as a teacher in miscellaneous schools, then for a decade in Truro model school, from whence she went to St. Johns, Nfid., where for several years she was engaged in a similar capacity until her entrance upon the work of missionary in the home for Chinese girls in Phillinock. After five years there she came home on furlough, and a year later married Millidge Tuttle, a friend of her girl hood, whose death occurred on Friday. Mr. Tuttle had a grown-up family by his first wife, who was a Miss Fulton. The Odd Fellows and Sons of Temperance assisted in the ceremony of interment on Sunday, when a very large concourse of the citizens of Pugwash met to pay their tribute of respect to a citizen of fine character and unimpeachable honor. Mr. Tuttle was 64 years of age.

While some teaming is still going on, most camps are dismantled and the inmates scattered to their homes. Sugar

makers are preparing for the season's work. The indications point to an un-usually good season. Notwithstanding drawbacks the output of sawn lumber will be immense, and sidings all along the line are crowded with pit timber. The brief period of good sledding was well utilized, teams being engaged by lumber concerns at large prices.

PARRSBORO, N. S., March 11.-J. Frank Outhit, who accompanied Manager Hanway to Ottawa on business connected with the Colonial Copper Co., arrived home Monday evening. It is understood that they secured a promise of assistance in building a pier at Cape d'Or. Mr. Hanway has gone to New

York. Inspector Allan of the Halifax Banking Co., accompanied by Miss Allan, is in town on official business.

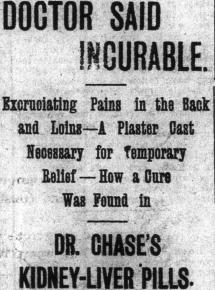

The frequently postponed carnival in Cecelia rink was held on Monday evening. The burning out of an electric light fuse caused a sudden closing about ten o'clock in the midst of an

exciting hockey match. At a special meeting of the town council Monday evening it was unani-nously decided to send Mayor Mc-Aloney to Ottawa to assist the board of trade delegates in promoting a mail service between this town and Wolfville. A' meeting of the board of trade was held last night, and E. R. Reid, agent of the Commercial Bank of Windsor, was chosen to represent the board. The delegates expect to start

for Ottawa next Saturday. The town council has appointed Thomas Fulton Scott Act inspector. CORNWALLIS, N. S., March 12 .- On
