SCH SUNLIGHT TOWED TO ROCKLAND STRAINED AND LEAKING.

The Portland Argus says the revenue steamer Woodbury arrived back Monday afternoon from a cruise to the eastward and tied up at her usual berth at Brown's wharf, where she will remain for several days to clean boilers. Bad weather was encountered on the cruise, it blowing a gale nearly all the time. On the way up the cutter found at anchor in Jericho Bay the three-masted schooner Sunlight of New York, laden with woodpulp from St. George, N. B., for Norwalk, Ct. The schooner had strained badly in a gale and was leaking fully 1,000 strokes an hour when the Woodbury came to her assistance and towed her into Rockland, where she will repair before proceeding to destination. This is the second time the cutter has rendered assistance to the Sunlight this winter, she having found her ashore about a month ago near Jonesport and pulled her off without damage. The British schooner Bobs, which went ashore at Moose-a-Pec Reach about the same time, still remains there, high and dry, and will probably never be floated.

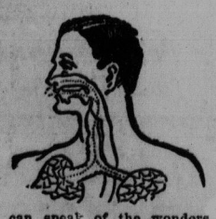
Chest Colds, Bronchitis Can't be Cured by Cough Syrups

For the Simple Reason that Cough Syrups Go Straight to the Stomach Which Isn't Affected.

The Direct-breathing Cure "Catarrhozone" which Instantly Reaches all Affected Parts is best Remedy.

Just note the following chart—it clearly shows how the vapor of Catarrhozone when inhaled covers all the breathing organs in the nose, throat and lungs—that is why Catarrhozone always cures—it gets where the trouble really is.



"I can speak of the wonders Catarrhozone did for me," writes J. P. Fernandez, an important figure in mercantile life in Georgetown. "I had all the distressing symptoms of catarrh—head was stuffed up—had a profuse discharge from the nose—I hawked and gagged and had a weak throat. My ears buzzed and I had constant pain over the eyes. Catarrhozone cleared my head, strengthened my throat, took away that rank breath and soreness in the nose."

If you have any form of catarrh or condition in which it should be, and is—use Catarrhozone—it's reputation is world-wide. A complete outfit with sufficient medicine to last two months and an indestructible hard rubber inhaler costs $1.00; smaller sizes with glass inhaler 25c. and 50c. All druggists and storekeepers, or post paid from the Catarrhozone Co., Buffalo, N. Y., and Kingston, Canada.

Good News From The Lumber Camp

Men in the lumber camps have free medical attendance, and while many suffer from piles on account of exposure to cold and dampness, the doctors do not seem to have any cure for piles.

Many letters come from lumber camps in praise of Dr. Chase's Ointment, and here is a sample of how they read:

Mr. William Jones, cook in lumber camp at Prairie River, Sask., writes: "For a long time I suffered from itching, bleeding piles, and could not sleep nights, because of the intence itching. Two doctors treated me, but the relief was only temporary. I saw Dr. Chase's Ointment advertised in a newspaper, and it cured me completely over four months ago. Two besides me had the piles here at the camp, and were cured by ointment I gave them. After all the treatments I tried I never expected to be cured, and am grateful for it." Dr. Chase's Ointment is a positive cure for itching, bleeding and protruding piles.

EXPECTS BANNER YEAR FOR IMMIGRATION TO PROVINCE

If the number of immigrants who came into New Brunswick during the month of January is any indication of the number which will come here during the balance of the year 1913 will be a great year for the province, in so far as immigration goes. As compared with the January of previous years the immigrants last month showed a very gratifying increase. In the month just closed the exceptional number of 67 immigrants located in the province; in January of 1911 there were only 18, and in January of 1912 there were only 10.

While the result is no doubt due in considerable measure to the publicity campaign conducted by the provincial government in the Old Country the opening of a booth on the West Side has secured a fair proportion of the new settlers during the month.

Since the booth was opened in the immigration shed on the West Side it has been a great success, and it is generally felt that the man in charge, Thomas Mantle, who has had experience in farming in the province, is an efficient immigration official. The display of fruits, grains and roots, has attracted a great deal of attention from people passing through the winter port. Many of those bound to the West have eagerly examined the display, and have sought all information possible about the province. In some cases they have signified their intention of returning and locating here.

As a result of the interest aroused by the booth quite a number of people without a definite destination have decided to stop in the province. Many of this class of immigrants are said to be men of high character, possessed of considerable money.

The superintendent of immigration feels satisfied that 1913 will be a great year for New Brunswick and that as a result of increased activity in agriculture and industry there will be a big influx of immigrants to the province.
