Send 25c. Outright 25c. and 50c. Sold throughout the Dominion, Canadian Depot, Lyons, Limited, St. Paul, Montreal.

Cuticura Soap shaves without mug.

ARRESTS YESTERDAY

Three drunks were arrested by the police last evening, one of them a woman.

James McDonald was arrested for being drunk, and an additional charge was preferred against him by John H. Doyle, that of having destroyed two show cases in the latter's shop, 25 Waterloo Street.

One protectionist, a woman, was sheltered at the Central Police Station last night.

Found The Remedy Women Look For

DODD'S KIDNEY PILLS BANISHED HER BACKACHE.

Mrs. Alice Roberts Felt Like a Different Woman After She Had Used the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

Hathersage, Alta. Feb. 2.—(Special)—That Dodd's Kidney Pills are the remedy that tired women with aching backs are looking for is the lesson taught by the experience of Mrs. Alice Roberts, a well-known and highly respected resident of this place.

Mrs. Roberts felt tired all the time. Her backache was terrible. She used Dodd's Kidney Pills. That is why she says: "Dodd's Kidney Pills did wonders for me." "My back ached so that I could hardly do my work." Mrs. Roberts continues, "And I felt so tired all the time. My heart also bothered me. Sick headaches, Dodd's Kidney Pills made me feel like a different person."

Ask your neighbors if Dodd's Kidney Pills won't cure sick kidneys. Cured kidneys strain all the impurities out of the blood. Pure blood means new health all over the body. Thousands of Canadian women recommend Dodd's Kidney Pills.

OBITUARY

James O. Hanlan.

Special to The Standard. Moncton, N. B., Feb. 2.—James O. Hanlan, who was brought to the Moncton Hospital last week suffering from pneumonia, died yesterday. When taken ill he was employed in the lumber camp of Sayre & Holly at Chipman, Queens County. He was about fifty years old.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her hair dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at the drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

"OUCH! THAT OLD RHEUMATISM!"

Just get out that bottle of Sloan's Liniment and "knock it galley-west."

WEREN'T prepared for that quick switch in temperature, were you? Left you stiff, sore, full of rheumatic twinges?

You should have had a bottle of Sloan's Liniment handy—that would have soon eased up the muscles, quieted the jumpy, painful, aching part—penetrated without rubbing, bringing gratifying relief.

Healed in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your druggist's. 55c, 75c, \$1.40. Made in Canada.

Sloan's Liniment
Keep it handy

Board of Trade Was In Session

Interesting Matters Dealt With at Meeting Last Night — The West India Trade — Want More New Blood in the Council.

That the Canadian manufacturers are busy trying to supply the home market to fill all orders from the West Indies was a statement made at the meeting of the Board of Trade last evening with W. F. Burdett in the chair. A resolution was passed urging the C. N. R. to rescind the order imposing demurrage on lumber cars after five instead of ten days.

The question of asking the government to run some of its boats between St. John and the West Indies was referred to a special committee. There being fear the competition might destroy the present Royal Mail service, W. S. Allison and Secretary Armstrong were appointed to represent the board on the Playgrounds Association.

The matter of demurrage on lumber cars was brought up. The chairman said limiting the free use of cars to five days would put a heavy handicap on the lumber shippers. A. H. Wetmore said he heard two lumber shippers say the other day that they could not ship through St. John during winter; it was too expensive. One great difficulty was, of course, the uncertainty of the arrival of ships.

Mr. Wetmore moved a resolution protesting against the action of the C. N. R. in reducing the free time from 10 to 5 days. H. C. Schofield seconded this.

Mr. Barbour wanted to know if lumber had a special preference over other freights. He would be surprised if export traffic via St. John paid demurrage to C. P. R.

One speaker thought the new C. N. R. tariff was in accordance with a ruling of the Railway Commission. The resolution was adopted.

West India Trade.

A communication was received from the Montreal Board of Trade with reference to closer relations between Canada and the West Indies. It asked the co-operation of St. John in promoting closer commercial alliance with Chambers of Commerce in the West Indies and the allocation of ships of the Canadian Merchant Marine to the West Indian service.

Secretary Armstrong said some people were advocating closer political union, but Mr. Macaulay thought they should first start with commercial union.

Allan Schofield said doing business with the West Indies was easy. His firm had orders for many carloads of goods for the West Indies, but the months Canadian manufacturers could not fill their orders. His firm could not fill one-quarter of their orders from the West Indies.

Mr. Schofield said that all the Canadian Merchant Marine's sailings to the British West Indies this winter were from Halifax, and apparently they got full cargoes there. He could not ship goods to the West Indies. His firm now used New York for match shipments. Resolutions would not encourage trade to the West Indies. What they needed was better goods to sell.

Mr. Barbour said the white people in the West Indies were intensely British, and trade relations should be encouraged. At present the Royal Mail was giving an excellent service to the West Indies, and if the Canadian Government steamers crowded to the West Indies, they would put the Royal Mail service out of business.

Stiff Neck, Lumbago

Aches and Pains of Rheumatism Sometimes Almost Unbearable.

There are weather conditions that make rheumatism worse. They are not the same in the cases of all persons. Some victims of this disease suffer more in dry warm weather than in moist cold weather, but all suffer more or less all the time.

The cause of rheumatism is an excess of uric acid in the blood, affecting the muscles and joints. Hence the blood must have attention for permanent results in the treatment of this disease.

Hood's Sarsaparilla has given entire satisfaction in thousands of cases. Do not fail to give it a trial.

If a laxative is needed, take Hood's Pills—they don't gripe.

Powerful Boom Launched For Sir Thomas White To Succeed To Premiership of Canada

ing principles, before such things become a habit and ends in their having no principles at all. You cannot get people to join a party which has no platform or creed, because there is nothing for them to join. Let us come out with the flag of the old N. P. nailed firmly to the mast; let us appeal to the good sense of the country upon the solid ground of a moderate tariff, the need for staple government and the future need not be feared.

"There is no question but that this is the overwhelming sentiment among Unionists at the present time. They feel absolutely confident that with the economic conditions at present prevailing in the Dominion, and which are to continue to prevail for some time, a clear-cut tariff platform would attract the unqualified support not only of a majority in the country but a majority of even the present parliament. Undoubtedly, there would be a limited number of Liberal Unionists from the West who, whatever their personal convictions, would be compelled by pressure from their low-tariff constituents to march over to Mr. Croft, on the other hand, there is hardly a single Eastern Liberal in the coalition not prepared to stand upon a protectionist platform.

A decision of some kind, both in regard to leadership and policy, can not long be delayed. It is regarded as inconceivable that the government can proceed with the session to any great length without summoning a caucus of its supporters to determine and declare where it and Unionism stands. Otherwise they are bound to encounter a frontal attack from the opposition, but will be racked from the cross benches by the low tariff fire of Mr. Croft and his embattled farmers; and to a party with no definite objective of its own development might prove exceedingly dangerous.

Allan Schofield said doing business with the West Indies was easy. His firm had orders for many carloads of goods for the West Indies, but the months Canadian manufacturers could not fill their orders. His firm could not fill one-quarter of their orders from the West Indies.

Girls! Girls!! Clear Your Skin With Cuticura

BORN.

SPICER—On January 30, 1920, to Mr. and Mrs. W. Spicer, Chatham, N. B., a son.

DIED.

FERGUSON—January 29, at the General Public Hospital, Edward Ferguson.

HURDER—At her home on Pokok Road, February 2, Mrs. Ralph Hurder in her sixtieth year, leaving her husband, Ralph Hurder, and three sons to mourn.

Funeral Wednesday afternoon at 2:30 from her late residence. Interment at Cedar Hill cemetery.

For Chest Colds, Head Colds, Grip, Influenza and Pneumonia. A few external applications of GROVES' O-PEN-TRATE SALVE will be found very helpful. It opens the pores and penetrates the skin. Its Stimulating and Healing Effect is very comforting. Price 35c per box. If your Druggist hasn't any, send 35c in postage stamps to Parke, Davis & Co., 193 Spadina Ave., Toronto, and a full size box will be mailed to you promptly.

THIRD DEGREE IS A MASTER DRAMA

Lacking none of the dramatic intensity and heart interest that made it one of the greatest stage successes of its day, "The Third Degree" was brought to the screen by Vitaphone, with Alice Joyce starred in the role of Aine Samuels, at the Unique theatre yesterday. Miss Joyce never was more beautiful or displayed to better advantage her splendid dramatic power than in this picture of the late Charles Klein's drama, and she is supported by a cast of exceptional strength and balance. Tom Terriss directed the picture, and his work, especially in the handling of lights, make the dramatic headlines of the story stand out with strength and boldness.

"The Third Degree" created a sensation when produced in New York in February, 1919. Aside from being a great drama, it accomplished a mission—that of exposing methods used in police departments in convicting persons, regardless of guilt or innocence, because "Somebody" had to be convicted. The play tore away the well-shrouded but viciousness of such a system and lead swiftly to far-reaching reforms.

Vitaphone's version of the play pictures these evils especially the workings of the "sweating process" no less graphically. The picture is swift of action and abounds in scenes of gripping intensity, the sort that grips audiences and holds them until the last foot of film.

North End Woman Caused Sensation

Picked up in Snow Last Evening, Refused Admittance to General Public Hospital and Given Protection at Police Headquarters.

Considerable interest was aroused last evening about eight o'clock when a young woman of about twenty-five years of age was found near the Main street entrance to the Long Wharf lying in the snow in a half frozen condition.

Attracted by cries of "Don't leave me alone," and "I want to die," a party of young men, passing down Main street investigated the source of the cries and found the young woman in a very sad condition.

They picked her up and carried her

through iron in the red coloring matter of the blood to change food into living tissue, muscle and brain. If people would only keep their blood filled with strength-giving iron by taking Nuxated Iron when they feel weak and run-down they might readily buy up their red corpuscles and quickly become stronger and healthier in every way. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron will increase the strength of weak, nervous, "run-down" men and women in two weeks' time in many instances. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. Nuxated Iron is on sale at all good druggists.

into a near by shop and while they were doing so the young woman begged them to let her down, saying they were hurting her side which was already very sore. Besides being poorly clad, with the snow frozen to her clothing, the unfortunate woman showed signs of ill-treatment and it appeared as though she had been subjected to a severe beating. It was feared that her condition was serious, and the ambulance was called to convey her to the hospital. On examination there, it was found that there was nothing seriously wrong with her, so she was refused admittance, but was taken to the police station where she was sheltered for the night.

She gave her name as Collins. She stated that she ran away, but did not know, or would not say, where she had run away from. Her sad plight will no doubt be investigated by the authorities today.

It is stated that she is a married woman who resides in the North End and for some reason received a severe reprimand from her husband which was followed by her causing a sensation.

Are You Losing Your Grip on Health?

Physician's Prescription to Increase the Health and Strength of Anaemic, Run-down Men and Women.

As a result of the tremendous strain of modern living so many people today that the nerve cells have become demoralized, the whole system weakened and thousands of men and women are today losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron. It is the blood that life sustaining oxygen enters the body and enables the blood to change food into living tissue, muscle and brain. If people would only keep their blood filled with strength-giving iron by taking Nuxated Iron when they feel weak and run-down they might readily buy up their red corpuscles and quickly become stronger and healthier in every way. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron will increase the strength of weak, nervous, "run-down" men and women in two weeks' time in many instances. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. Nuxated Iron is on sale at all good druggists.

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Holland's national remedy since 1894. All druggists, 50c. a box. Guaranteed. Look for the name Gold Medal on every box and accept no imitation.

FORWARD MOVEMENT MEETING IN FAIRVILLE

A largely attended meeting in the interests of the Forward Movement was held in the Fairville Presbyterian church. The Rev. W. M. Townshend presided. A series of lantern slides showing the need of the Forward Movement was thrown on the screen by Rev. H. L. Eisner, of St. Matthew's Presbyterian church.

At the close of the meeting the Rev. E. F. McL. Smith made a strong appeal for financial support of the movement. The response was most gratifying. Four of those present subscribed \$100 each; three, \$50; one, \$40; five \$20, and a number of smaller amounts brought the total up to \$860.

The objective set for this congregation is \$922, and it is felt that this can easily be exceeded. The congregation is a small one, consisting of a little over 60 families. A banquet is to be held Friday evening to complete arrangements for the canvass next week.

ST. JOHN LEADING.

Some interesting figures are disclosed in the monthly report of Canadian trade, published by the Department of Customs, which has just arrived in the city. The report shows, among other totals the following:

Exports for the eight months ending November 30, 1919:

From St. John.....\$52,560,272

From Halifax.....30,460,562

Imports during the same period:

To St. John.....\$17,493,658

To Halifax.....13,392,253

February Suit Sale!

The path of prices on men's clothing for the coming season is the road that has no turning backwards.

Men who understand market conditions realize why this is inevitable and understand the advantage of buying now. Our prices have not followed the advance of the last six months and the savings during this suit sale really are double what they appear.

This is our regular clearance of odd suits and broken lots. Coat styles are regular, waist-line and form-fitting. Suits at \$20 and \$25 represent reductions of \$5 to \$10 and splendid values as nothing worth while can be bought to sell at these prices today.

Gilmour's, 68 King St.

WEDDINGS

Atkinson-Tait. Moncton, Feb. 2.—Wallace Perley Atkinson, a well-known C. N. R. trainman and returned soldier, was married on Saturday last to Miss Hattie Maude Tait. The ceremony was conducted by Rev. C. W. Corey, pastor of the Lewisville Baptist Church, at the home of Albert Killam, Lewisville.

Wm. D. Gifford

TOGETHER you constitute the makers of Canada. Canada will become what ever you make it—today you, tomorrow your boy! So that your duty is double: that you owe to Canada, and what you owe to the boy. And the results of your duty done will be two-fold: what you accomplish for the country today, and, infinitely greater still, what you accomplish through the boy you have inspired and trained to do even better work than you have been able to do, after you have gone to rest. Said a great English statesman: "If we are going to have a Democracy, for God's sake let us educate our masters!" The boys will soon be our masters. They will inherit this Dominion of ours. From our falling hands they will grasp the reins of government and business. It is our duty to make them most worthy and capable. That is our solemn duty to them and to ourselves.

We owe them education and training. We owe them good mind and body training—sound minds in healthy bodies. Thus will they become masters of knowledge and masters of themselves. Every boy must be taught to find himself, his better self—his very best!

This is the heritage and the glory to bestow on the men of tomorrow by the men of today, through the great vehicle of education and training provided in the Boy Scout Movement.

WHAT AN INVESTMENT FOR GENEROUS DOLLARS. The Provincial organization requires \$4,800 for maintaining of distinctive headquarters for New Brunswick and for larger work on behalf of the boys of St. John. The Commercial Club has undertaken to see they get it and as much more as generous citizens will invest in the future manhood of St. John.
