ings of the present Pacific Railroad (Union and Central) for 1871, the second year of through business, (December earnings estimated) reach Seventeen Millions and a Quarter. Of this, 65 suitable for Farming and Lumbering purposes per cent. is from Local business, and, it is stated, fully 55 per cent., or nearly Nine and a Half Millions, are net over operating expenses.

An equal traffic on the Northern Pacific Road R. & T. FINLAY, 12 Charlotte Street. will pay a dividend of more than 9½ per cent. on its total cost. With its great and unquestioned advantages in distance, grades, climate and tri-

Boots and Shoes. THE Subscriber would again remind the general public that he will be found in his NEW STORE, No. 15 King Street,

The Value of Land Grants. The average price at which the twenty-six leading Land-grant Railroads have thus far sold their lands, is \$7.04 per acre—the highest average of any grant being \$13.98, and the lowest \$3.07. With few exceptions, the average selting price has steadily increased from year to year. The lands of the Northern Pacific Road are admitted, by all who have seen them, to be better and more salable than those of most other grants, but, sold at the general average of \$7.04 per acre, they will yield more than \$161,000 per mile of road—more than three times the possible cost of construction and equipment; or, at the lowest average of any grant (\$3.07), they will produce more than \$70, 000 per mile. These facts regarding Pacific Railroad earning, and the market value of Railroad Lands, as shown by actual sales to settlers, show the three-fold security of Northern Pacific Railroad Bonds.

Construction. The road is now completed
