A CAREFULLY PREPARED PILL—Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia, or disordered liver and kidneys may confidently accept them as being what they are represented to be.

One dose of Miller's Worm Powders will clear the stomach and bowels of worms, so that the child will no more be troubled by their ravages. The powders are sweet to the taste and no child will object to taking them. They are non-injurious in their composition, and while in some cases they may cause vomiting, that must not be taken as a sign that they are non-answering, but as an indication of their effective work.

The gifts were costly and numerous, showing the high esteem in which the young couple are held. The groom's gift to the bride was a pearl and peridot necklace.

The happy couple left for Vancouver and will be at home to their friends after March first.

In Nova Scotia in 1911 there were 9,700 males more than females.

Help for Asthma. Neglect gives asthma a great advantage. The trouble, once it has secured a foothold, fastens its grip on the bronchial passages tenaciously. Dr. J. D. Kellogg's Asthma Remedy is daily curing cases of asthma of long standing. Years of suffering, however, might have been prevented had the remedy been used when the trouble was in its first stages. Do not neglect asthma, but use this preparation at once.

Andrew Thompson and Miss Mary White of Saskatchewan are visiting relatives around here.

Mr. and Mrs. Roy Messelbrooke and Leola were visiting relatives in Windsor last week.

If it wasn't for his wife a man would have anything worth knowing about the neighbors.

Doing Our Bit

All of us cannot fight. All of us—men, women and children—can do something towards winning the war. Are we seeking that "something," or are we evading it? Are we looking for the "bit" we should do, or trying to forget it?

Take the Canadian Patriotic Fund. It has been created to care for the families of our soldiers in those cases—and those only—where need exists. Experience has shown that this means in two families out of three. Up to December 1, 1916, the people of Canada have given \$16,500,000 to the Fund.

That is generous giving, isn't it? But the country is still at war; our armies are still growing; the soldiers' families are still in need; the Fund still must be maintained. And what do we find in every part of the country men crying that they have given enough to the Fund—that Government should now take the burden.

Given enough! When the Canadian lad in the trenches is dead-tired, ready to drop in his tracks, does he chuck his job, declare he has given enough, and call on Government to get another man? Given enough! Is there a man in Canada has given enough if women and children are in need while he, the stay-at-home, has a dollar to spare?

No! This Fund, above all funds, has a claim on every citizen who is not himself a pauper. The fact that Government has not assumed responsibility for it is the fact that makes every man responsible for it—even if he thinks the Fund should be maintained by Government money.

GOVERNMENT SHOULD NOT CONTROL, BECAUSE—

1. Government would have to treat all alike. The Fund helps only those in need. If Government paid the families of each soldier the average sum paid by the Fund the extra burden on the country would be between eight and nine million dollars yearly.
2. By paying the average sum those families in districts where cost of living is low would receive more than they need; those in high-cost areas would be paid too little.
3. Costs of administration would be enormously increased. This work is now done, for the most part, by willing workers without cost. Of every hundred dollars subscribed, Ninety-nine Dollars and Forty-six Cents go to the families! Never was a voluntary fund so economically administered.
4. The work would suffer. There would be no more of the friendly, almost paternal, relation now existing between the administrators of the Fund and the families. Government works automatically. The Fund's visitors are friends in need, therefore friends indeed!
5. Taxation would be unequal, for some counties and some provinces are already taxing their people for this Fund. Are they to be taxed again by the Federal authority?
6. The richer classes would be relieved of work they are cheerfully doing. They are now bearing, and bearing because they have the financial power and the patriotic willingness, the larger share of the burden. Why take from them this task, and give it to all, rich and poor?
7. The Fund blesses him that gives. It is a vehicle for public spirit—a channel for patriotic endeavor. The work of administering it has uncovered unknown reservoirs of unselfishness and sacrifice. Men and women have thrown themselves into this work because they found in it the "bit" for which they looked—their contribution to winning the war. Why stay their hand and stifle their enthusiasm?
8. Last, but not least: Government control means raising the money by selling Government bonds. Government bonds mean future taxation. And that means that the returning soldiers will pay, through long years, a large share of the cost of caring for their families—a cost we, the stay-at-homes, pledged ourselves to bear.

MEN AND WOMEN OF ONTARIO:

Send your backs once again to this burden. If you live in the rural districts see to it that your county councils make grants worthy of the counties and of the cause. If in the towns, start campaigns for individual subscriptions. And personally, taxed or not taxed, give as you can afford, give as your conscience tells you is your duty, your war-time part, in this day of national sacrifice.

The Fund requires \$12,500,000 for 1917. Of this Ontario is asked to raise \$6,000,000, being the estimated requirements of Ontario's families. If there is no local Fund to which you can subscribe, send your gift direct to the Canadian Patriotic Fund, Victoria Street, Ottawa.
