

# THE ACADIAN.

WOLFVILLE, N.S., MAR. 26, 1909.

The newspapers of the adjoining counties are devoting considerable space these days to the consideration of the location of the proposed experimental fruit farm for Nova Scotia. Some very unlikely places have been suggested, and evidently the end is not yet. It was practically decided months ago that when such a farm was secured it would be in Kings county, and a farm situated near Wolfville was given the preference. However, the matter has again been opened up, with strong probability that the whole undertaking will be either still further deferred for some time or indefinitely. Such a narrow and sectional spirit as appears to influence the present discussion must be regretted by all who have the success of the movement at heart. So far as we can see the supreme question ought to be, Where should the farm be located in order to best serve the purposes aimed at? For our part we are quite willing to leave the decision to the gentlemen who have been named by the Fruit Growers' Association to decide the question on its merits. If the location of the farm in this neighborhood would not be in the best interests of the fruit growing industry we have no other argument to advance for the choice falling upon this vicinity.

The 1909 edition of 5000 facts about Canada says: Canada's population was estimated by Census Bureau on March 21, 1908, at 6,861,390. Increase of 358,500 over 1907; 1,492,103 in seven years. Canada's population by first census of 1665, 3,251; 1680, 13,385; 1739, 42,791; 1763, 73,000; 1784, 113,013; 1867, 3,500,000. It is present growth is kept up the population of Canada will be 8,000,000 by next census of 1911.

Canada began the 20th century with the same population as the United States began the 19th. Canada has over 40 countries and nationalities represented in her population. Canada has more than one-half of the white population of all Britain's colonies.

If Canada were as thickly populated as the British Isles, it would have over a billion people. Lord Strathcona predicts that Canada will have 8 1/2 millions by the year 2000.

Geo. Thornyke Angell, the 'Friend of Dumb Animals,' as the veteran leader in the Humane Educational Movement in the United States was called, died in Boston, March 16th, aged 86 years. In 1866, after seeing two horses run to death in a race, he started the humane work for the protection of animals. In that year he started the New York society for the prevention of cruelty to animals. Mr. Angell established the publication of 'Our Dumb Animals.' Since that time he has been actively engaged in the interest of his chosen life work. He travelled many times throughout the United States and in scores of other countries in personance of that work and caused to be established more than seventy thousand 'Bands of Mercy' in America and England.

A daylight saving bill has been introduced in the Canadian Parliament following the plan of the British act in putting the clocks ahead one hour on the third Sunday of April on each year and to set it back an hour on the last day of September. The object is to promote the use of daylight in factories and other working places and to induce people to use the daylight hours. At first thought it would appear that people might be induced to do this without the aid of parliament but it would be found difficult to carry out a uniform observance were the privilege left to the option of the people, especially to the option of employers of labor. The movement appears to be meeting with general favor.

The death occurred on Friday at the residence of his father, Mr. Jonathan Parsons, of Halifax, of George H. Parsons, of the law firm of O'Mullin, Parsons and Gray, barristers. Mr. Parsons fell a victim to consumption which first showed symptoms some years ago. It was not until a few weeks ago, however, that his condition became such as to cause special solicitude. At that time he was seized with a hemorrhage and since he failed rapidly. Mr. Parsons was a graduate of Acadia in the class of '66 and had many personal friends in Wolfville, to whom the news of his death came as a great shock. He is survived by his father, one brother, William G. Parsons, barrister, of Yorkton, Saskatchewan, and two sisters, Misses Mabel, of Atlanta, Ga., and Bettie, of New York.

In his message summoning Congress to deal with the revision of the tariff President Taft said that the conditions affecting prices, productions, manufacture and business generally have so changed in the last twelve years as to require a re-adjustment and revision of the import duties imposed by the Dingley tariff.

The other day Dr. V. D. Sheffer was looking over his orchard at Lawrenceton when he came across a nest of the brown tail moth. This is a fearful pest to orchardists in this part of the Valley to watch closely for these pests during the next few weeks.—Outlook.

## Report of Executive Committee

OF TABERNACLE SOCIETY.

Your Executive Committee herewith submit their report of the work carried on at the Tabernacle for the year ending March 1st, 1909.

**SUNDAY EVENING SERVICES.** Religious services have been held every Sunday evening. At most of these meetings opportunity has been given after the address for testimonies and prayer. The ministerial students of the Academy, have had charge of these services since early in September. They have taken great interest in the work and their efforts have been appreciated by the people, as manifested in the good attendance and attention.

**MID WEEK SERVICES.** The Thursday evening meeting was discontinued during the summer months, but resumed at the beginning of the winter. While the attendance has not been large the services have been helpful and refreshing. Rev. M. J. Freeman has had charge of these meetings.

**SUNDAY SCHOOL.** There are six classes in the Sunday-school, two of which are adult classes. The enrollment is 58; the average attendance has been 34.7. The attendance fell off during the summer months and so cut down the average. During the last four months the average has been 41.5. The school held their annual picnic at Starr's Point in August. Everything passed off pleasantly and the children were well pleased with their outing. A Christmas tree well laden with gifts, at the holiday time, was another joyous occasion, especially to the younger members of the school. Four of the members of the school were present every Sunday in 1908 and two others only missed one Sunday, so six were given No. 4 cross and crown pins.

**FINANCIAL.** The treasurer's report will show that all the current expenses of the year have been met, \$50.00 paid on principal of mortgage and a balance of \$72.41 in hand to be applied to further reduction of mortgage. It is hoped that this will be at once increased to \$100.00 so that the mortgage may be reduced to \$300.00. The income of the Sunday-school, including \$1.66 from last year, was \$29.46; the expenditure \$26.37. In June last the primary class of the Baptist Sunday-school made a donation of \$6.44 to the funds of our school. This gift was much appreciated not only for the help it gave but for the interest it manifested.

**ENCOURAGEMENTS.** Among the encouragements we may mention ready response that is given to appeals for financial or other help for carrying on the work; the coming forward of new workers to fill the ranks in attendance and attention at all the services and the acceptance of Christ by some of those who attend the meetings. With sincere thankfulness of our Heavenly Father for all past blessings and in hope and confidence of greater yet to come, this report is respectfully submitted.

The above report was unanimously adopted by the society.  
M. P. FREEMAN, Secy.

## Tortured by Rheumatism?

**ZAM-BUK WILL GIVE YOU EASE!** Just at this season when the cold dry winter is giving away to a milder yet more humid season, the germs of rheumatism, sciatica, and allied ailments come upon their victims with renewed force. As soon as you feel any deep seated pain in the joints, back, wrists, or elsewhere, place a liberal supply of Zam-Buk on the fingers or on the palm of the hand, and rub it well into the part affected. The penetrating power of this 'embrocation balm' is exceedingly great, and once having reached the seat of the pain it removes it speedily. It also ends the stiffness which is so unpleasant. Frequent rubbing of the afflicted parts with Zam-Buk will not only drive out all pain, reduce swelling, etc., but will strengthen the skin and tissues and enable them to resist cold and damp. The following case will show how Zam-Buk brings ease to those tortured by rheumatism.

Mr. P. G. Wells, of 339, Ogden street, Fort William, Ont., says:—'Following my duties in attending to passenger trains I often got wet through with rain and steam (the latter in winter). This with hours of duty in locomotives in summer was no doubt the cause of my contracting rheumatism in both knees, left arm, and shoulder. This got so bad that I could no longer work, and was laid off on three different occasions for several weeks, during which I was under the treatment of my doctor. I seemed to get little or no better, no matter what I tried, and this was my state when Zam-Buk was recommended to me. I laid in a supply, and to my great joy it began to cure me. I rubbed it well in every night, and when a few boxes had been used, found I was free again from the pain and stiffness of rheumatism. I have had no more trouble from the disease and unhesitatingly recommended Zam-Buk to all who suffer from rheumatism, muscular stiffness, etc.'

Zam-Buk is also a cure for scabies, ring-worm, itches, abscesses, piles, bad leg, suppurating wounds, eczema, burns, bruises, chapped hands, cold cracks, and all skin injuries and diseases. All druggists and stores sell at 75c. per box, or post free from Zam-Buk Co., Toronto, upon receipt of 10c.

Mixed's Liniment Relieves Neuralgia

**We sell Trunks and Suit Cases at Right Prices.**

## MITCHELL'S SHOE STORE.

WOLFVILLE, N. S.

**The 'Man on the Street.'** The 'man on the street' often wonders how many of the parents of our town know just how their boys—boys and girls, too—are engaged during their spare hours. Do they realize how many boys are becoming slaves of that filthy little pest the cigarette? If they do not it is time some of them took a peep behind the scenes.

**108 Nox a Cold.** Dr. Edick Says it is a Wonderful Remedy. Consumption, coughs and colds are quickly relieved by this wonderful remedy. 108 Nox a Cold is not a patent medicine, but a prescription. This same prescription costs the patient twenty-five dollars. Bronchitis, asthma, and all throat trouble can be cured by this preparation. Dr. Edick, of Bowmanville, Ont., says: 'I consider Nox a Cold a very valuable remedy for consumption and all lung trouble. Get a bottle from your druggist to-day, 25 cents. For sale at all leading drug stores.'

The death occurred somewhat suddenly Wednesday morning, at his home in Weston, of John Cox, aged sixty-seven years. He attended church on Sunday morning, and told some friends that he never felt better in his life. That night after doing his chores, he complained of a pain in his head, paralysis developed and he became unconscious, remaining so until his death. He was a prosperous farmer. His first wife was a Miss Emma Stubb's. They had seven children, two sons, Spurgeon and Davenport, both being in the States. The only daughter, Mrs. Dolores of New Jersey; Nettie and Alice teaching school out West, and Bessie at home. His second wife who survives him, was the widow of Inglis Nelly, of North Kingston, and a daughter of Blisha Eator, of Kingston.

Are the citizens of Wolfville satisfied with the public school? The 'man on the street' is not. More accommodation seems to be necessary, place in the interest of citizens. The 'rising generation' should be encouraged to look upon the school as an important institution, ranking with the college and university. Some little attention should be paid to its opening and closing, and the celebration of important days. The teachers cannot do it all, and they should have the encouragement and help of citizens in their most important work.

**PIN YOUR FAITH** to something that has cured thousands and will cure you.

**Brick's Tasteless Cod Liver Oil**

There may be nothing wrong with you but "run down" constitution. It cures that.

Or an annoying little cough. It cures that.

Or impoverished condition of the blood. It cures that.

Or loss of appetite. It cures that.

Or you may be so far advanced that you're in danger of pulmonary trouble; bronchitis, consumption.

Settle the matter to-day. Buy Brick's Tasteless and take it regularly. It will fix you up.

All Druggists

A correspondent referred to the need of a town clock in Wolfville a few weeks ago. The 'man on the street' vries to second the motion. Some more universal way to getting the time is important. At present there may be a variation of from fifteen to twenty minutes between the beginning of the morning and evening services in the same church. The only way to be on time at the opening of any meeting is to go early and wait. Much valuable time is lost in this direction.

## How to get a pure white loaf

THE object of all expert bakers and cooks is to make a pure white loaf. And this object is attained by the use of

## PURITY FLOUR

Purity is a hard-wheat flour of decidedly superior whiteness. It bakes into a pure white loaf. So, you see, to get the really beautiful white loaf you must use PURITY hard-wheat flour.

More bread and better bread.

**Furnished House WANTED!** In Wolfville for two or three months of the coming summer. Rent full particulars and terms to Charles Eator, Room 591, 71 Broadway, New York.

**NOTICE.** I give notice to all persons not to let my wife have anything on my account, as I will not be responsible for she left home without any cause.

BURNETT A. COTTEWELL,  
Cape Breton Mt.

## NYAL'S SPRING TONIC.

A pleasant bitter, purely vegetable, an energiser and stimulant. Composed of those vegetable juices and bits which supply the system with material that has been denied during the winter. At the spring season the body craves just these elements which are combined in proper proportion to produce the greatest human energy. Nyal's Spring Tonic is good for any season but particularly necessary in the spring. It gives new snap and spring to the muscles, braces up the tired nerves and stimulates the appetite.

We have the formula and so can thoroughly recommend it.

Come in and see the "NYAL LINE."

**A. V. RAND, Phm. B.**

## J. F. HERBIN

Let us make you an estimate of the cost for any material you may require.

**A. W. Allen & Son, - Middleton, N. S.**  
Manufacturers of Doors, Sashes, Mouldings, Etc.

## Help for Farmers.

We are informed by the Secretary of Industries and Immigration, Mr. Arthur S. Barnstead, that the last steamer to carry immigrants to Halifax for this season arrives on or about April 20th. Subsequently all Atlantic passenger steamers will proceed up the St. Lawrence to Quebec.

These farmers among our readers who want farm help for the coming summer should send to Mr. Barnstead's office at Halifax for application forms at once. Strong efforts will be made to fill satisfactorily all applications, but it will be difficult if not impossible, to make provision for requests that come after April 20th. However, sufficient time still remains for action provided the move be made promptly.

An explorer, Lieut. E. H. Shackleton, of the British navy, claims to have planted the British flag 111 miles from the south pole.

## CLASSIFIED WANT ADS

The telegraph will reach you man quickly, if you are sure just where he is the telephone will do it quicker. But it is good help you want and do not know just where to find it, our Want Ads. are quicker than either.

## WHY NOT OWN AN AUTOMOBILE?

If automobiles are needed anywhere at all they are in the country. One of the speakers of the Women's Institute, at Goshpik, recently predicted that the time was near at hand when farmer's wives would run their own automobiles. Now is the prediction a visionary one. Like the telephone and the trolley, the automobile seems destined to add to the comfort of country life, and the cost will not interfere with your buying. We can sell

## Good Second-Hand Machines

at a mere fraction of original cost. These cars are taken by us as part payment for the newest and latest models, and are such as we can thoroughly recommend. Any machine we send out is guaranteed to be in first-class condition, and beyond the fact that second-hand cars are not this year's style, there is nothing wrong with them in any way. We use them as a means of introduction to the country trade, and make the values extra special to encourage quick buying. If interested, send your name and address for fuller particulars.
