Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous discase, where the system seemed saturated with corruption, have been marvellous, involved in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrothlous polson is one of the most destructive camics of our race. OR m, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfelbing or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be gradefully deposited in the lauge or licart, or tumors formed in the liver, or it shows its presence by sruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisuble, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at longth, "ure, by the use of this Sarsaparilla is advisuble, even when no active symptoms of disease appear.
