### RAISED FROM \$14 - \$16 AS POSSIBLE DEFICIT FORSEEN

A two dollar increase in the student levy was foreseen at the SRC meeting presided over by Ed Fanjoy last Wednesday night. Considerable discussion was raised on the subject when Hugh Church, SRC Treasurer, pointed out the serious financial condition which the SRC is in at the present time.

Last minute figures decreased the present surplus from a bank balance of \$2400 to only \$500. In a spending spree which lasted over an hour the Council spent nearly \$1,000 on Freshman Week, \$500 for the Football Training Table, and \$400 on tennis, track and minor expenses. At the conclusion of the approval of these expenditures Mr. Church commented that only \$500 remained in the Treasury and that this would probably be accounted for shortly by expenses for football equipment purchased last spring.

Further discussion ensued and the Council was informed that last year's SRC had operated on a \$2,000 deficit. They had originally started with approximately \$4,400 surplus and ended with \$2,400. It was a result of this discussion that the Council decided to increase the levy from \$14 to \$16 if Senate approval position of full-time general-secreis granted. Durever Kay Gough cast the only dissenting vote concerning the increase in levy. She maintained that the non-vets would find it difficult to pay the increase. Many non-vets present disagreed with Miss Gough.

DR. A. W. TRUEMAN.

The Editor of the Brunswickan has kindly given me an opportunity to extend a few words of greeting and welcome to the upperclassmen. I am pleased to be able to use the columns of the paper for this purpose.

In a way, there is something incongruous in my undertaking to welcome the students of last year to the campus, since they were here then and I was not. Nevertheless it is certainly altogether fitting that the new President of the University should utter official greetings. This I gladly do. I can assure all returning students that their presence on the campus is heartily welcome and that the members of the Staff join me in wishing them a happy and success-

If I may, for a moment, touch on serious matters, I want to suggest that this is a time when anyone who has the opportunity of attending an institution of higher learning is under a grave responsibility. To fritter away one's hours in merely pleasant leisure-time activity, and accomplish no important gains, professionally, intellectually or spiritually, is in these days a crime. The world needs the supposed to be training for leadership. Good luck to you all.

President. A. W. TRUEMAN.
