THE TORONTO WESTERN HOSPITAL

TORONTO, ONTARIO

OFFICE OF THE PRESIDENT

-2-

can say without fear of contradiction that we at our Hospital give a service equal to any on the continent. As you know, no hospital makes a profit, and where, as in our case, we have been obliged to rely on charitable donations, it does seem to me to be entirely wrong that we should be put to this extra expense from which we will receive no benefit. The matter is so important that I will gladly go to Ottawa to discuss the matter with you if you so desire. I ask you to give the matter your most serious consideration, and I hope that you will feel that the Senate should amend the legislation by excluding public hospitals.

Yours sincerely,

President.
