We are now building Wheelock Engines for the following firms:

J. W. MANN MFG. CO.	Brockville,	Ont.
THOS. WHITE	Hawkesbury,	"
T. EATON & CO., (2 engines)	Toronto,	"
TORONTO PAPER CO.	Cornwall,	"
GLOBE FURNITURE CO.	Walkerville,	"
BALL ELECTRIC LIGHT CO.	Arnprior,	"
A. H. WHELER	Meadowvale,	"
HAMILTON ELECTRIC LIGHT CO., (second engine)	Hamilton,	"
CORPORATION OF TOWN OF MITCHELL	Mitchell,	"
ONTARIO GOVERNMENT, for Central Prison	Toronto,	"
FORT WAYNE JENNY ELECTRIC LIGHT CO.	Brockville,	"
IRELAND NATIONAL FOOD CO.	Toronto,	"

AT THE RECENT INVENTORS' EXHIBITION IN LONDON, ENGLAND, A GOLD MEDAL WAS AWARDED THE WHEELOCK ENGINE.

The following, from the Worcester, Mass., "Evening Gazette," gives the reader an idea of the success of the Wheelock Engine abroad:

"Mr. JEROME WHEELOCK has just returned from a business trip to England, and reports a most favorable errand. He is now engaged in getting out several drawings of his improved cut-off engine, to send abroad. The machinery in the London, Eng. Exhibition building is driven by a Wheelock 300 horse power engine, which is admired by the crowned heads and expert mechanics of all Europe. Another of his engines is in use in the British arsenels in Woolwich, having 1,000 horse power. The French Government has ordered engines sufficient to cover 4,500 horse power to be distributed throughout its various arsenels, and also engines having several thousand horse power for the Water-works of Paris. Another is about to be put in a 100,000 spindle mill at Manchester, Eng., having a 56 in. cylinder and 8 ft. stroke; another at Oldham, and still another is being put up in India by British authority. In this country one of the largest shipments was recently made to the Chicago City Railroad Company for drawing street cable cars consisting of two engines, 36 x 72, making the eleventh consecutive engine sent to this company."

In our own Dominion the success of the Wheelock Engine is unparalleled; upwards of two hundred and sixty are now in use, and the firm busy on ordered work.
