
A GOOD AUTOMOBILE STORY

Baby Bullet.

By LLOYD OSBOURNE, Author of "The maniacs." Illustrated. 12mo. Ornamented. \$1.50.

This is the jolliest, most delightfully humorous story that has been written in the last ten years. Baby Bullet is an "orphan automobile." It is all the more interesting because of the adoption of Baby Bullet by her travelling companion. A dear, sweet, human modern girl meets a very nice man, and a double romance is begun and finished on an automobiling tour through England.

"The story is smoothly written, full of action and humor."
—*Philadelphia Pa.*

"'Baby Bullet' is without doubt the best written and most entertaining automobile story yet published. The most enjoyable feature of this book is its genuine, unforced humor, which finds expression not only in ludicrous situations, but in bright and spirited dialogue, keen observation and natural characterization."
—*St. Paul Dispatch*

"Certain stories there are that a man fervently wishes to claim as his own. Of these, 'Baby Bullet' is one."
—*Baltimore*

"It is broad comedy, full of adventurous fun, clever and entertaining. The tale is fascinating from the start. The adventures of the characters are distinctly funny."
—*New York Sun.*

"The characters are lightly drawn, but with great humor. The story that refreshes a tired brain and provokes a light heart."
—*Chicago*

"It is a most satisfying and humorous narrative."
—*Indianapolis*

"One of the funniest scenes in recent fiction is the episode of the automobile party from the peroxide blonde who has answered an advertisement for a chaperon."
—*San Francisco Chronicle.*
