### "SOME BULL"

He is fourteen months old. His sire, May Boho Champion, is full brother to May Boho Shvia, the greatest own in the world, 41 lbs. butter, 1,003 hs. milis in the production of the sire of

elsewhere.

He will make a large buil, almost perfect in type, and with such phenomenal backing must produce an ideal combination—production and type.

The price on car at Toronto or nearby station is \$260, a price that looks too low for such a combination of type and the most popular lines of breeding.
