DANESFIELD SHIRES, POLLED ANGUS, AND HAMPSHIRE.

With this issue commences the advertisement of Mr. R. W. Hudson's pedigree stock, kept at Danesfield, Marlow, Bucks, England. The classes of stock kept are Shire horses, Polled Angus cattle and Hampshire-down sheep, all of which are popular in England and wherever else they are known. The stock interests at Danesfield are well conducted along lines to promote the most perfect types of the various breeds, keeping ever in view the best blood lines. The stud, herd and flock have been quietly and substantially built up to a place where they have been able this year to command high honors in leading showings. Persons wishing to import Shires, Angus or Hampshire stock should write the manager, Mr. C. Campbell. See their advertisement.

WM. THORN'S AYRSHIRES AND POULTRY.

While in the vicinity of Lynedoch, Ont., a representative of the FARMER'S ADVOCATE called upon Mr. Wm. Thorn and took a hasty run through the stock, finding the Ayrshires in their usual good form. Mr. Thorn laid a wisely selected foundation in purchases made at the dispersion sales of Messrs D. Morton & Son, Hamilton, and the late Thos. Guy, Oshawa, selecting cows with a view of establishing a dairy herd of high order, and in that selection he not only attained the end desired, but has been able to win many of the best local prize offerings at the fall exhibitions in strong competition. Upon examining their pedigrees we found that he had been equally careful in the selection of sires, and at present the young bull, Royal Star of St. Anne's 7616, by Glencairn 3rd (imp.), and out of Margie of Williamstown 5659, is in the herd. Mr. Thorn making his selection when in search of a right good one, and as he proved himself capable of landing the first at Toronto, as well as first and sweepstakes at London, we judge he did not get a bad one. Fourteen females, half of which are matured cows, compose the herd, and are making good progress towards the showyards for the fall.

In the poultry department much advance has been made since our last visit. A fine new poultry house, 20x75 feet, constructed upon the most modern ideas, was erected, and though not yet completed, is a great help in producing choice stock. In the pens we found Light and Dark Brahmas, White, Buff, Black and Partridge Cochins, White and Black Minorcas and Barred Plymouth Rocks, and as with the Ayrshires so with poultry, the best is none too good for Mr. Thorn.

MORE SHORTHORNS FOR MICHIGAN.

Mr. A. Chrystal, Marshall, Mich., has recently made the following purchases of high-class Shorthorn cattle in the Dominion, in addition to the list of his purchases published in the FARMER'S ADVOCATE of July 15:—From Arthur Johnston, Greenwood, Duchess of Gloucester, a worthy representative of the famous Cruickshank family of that name. She was sired by imported Grand Sweep (64121), of the grand old Lady Ythan tribe, long and favorably known in the north of Scotland as a most excellent dairy tribe, as well as producers of excellent show cattle. From the same well-known herd was secured the beautiful heifer Mina Girl, by imported Clan Campbell (63794), of the grand old Kinellar-Clementine tribe, so long and carefully bred by that master breeder, Mr. Sylvester Campbell. Her dam was by the famous imported Indian Chief, of Mr. Cruickshank's Victoria tribe, and out of the same dam as Col. Harris' well-known Baron Victor, one of the very best Cruickshank bulls ever imported to America. From Mr. Johnston's herd, Mr. Chrystal also selected Prima Donna, by imp. Grand Sweep, dam by imp. Lord Glamis, of the late Mr. Cruickshank's Brawith Glamsis, one of the very best tribes in Scotland. She traces to imp. Emily, of the celebrated herd of Mr. R. Stratton, which need only be mentioned, and represents the effect of a judicious blending of the blood of a grand old English family with the very best of the Scotch. A sister of this heifer (on the dam's side) won first prize at the Toronto Industrial Exhibition in 1894 in a most excellent class, and stood second for sweepstakes as best female on the ground. A choice young bull was also purchased from Mr. Johnston, bred from the Nonpareil family, his granddam, Nonpareil Victoria, being a daughter of imp. Vice Consul, bred by Mr. Cruickshank, and of his famous Victoria family. He was a sweepstakes winner at the Toronto Exhibition and at several State fairs.

From the herd of Messrs. Cargill & Son, Cargill, Ont., Mr. Chrystal secured the two choice young cows, Early Bud 2nd and Ury of Cargill 2nd, the former a red 3-year-old, by imp. Rantin Robin (by the famous Field Marshal), bred by Mr. Duthie, Collynie, out of imp. Early Bud, by King Bow, and of the Kinellar Rose, bud tribe. The Ury heifer is a red 2-year-old, by the grand imported Kinellar-bred Royal Member, by Royal James, and of the Nonpareil tribe. The Urys were long looked upon as one of the best of the Sittyn sorts, and have produced many prizewinners.

From Messrs. G. W. Pettit & Son, Freeman, was purchased the red 2-year-old Daisy of Strathallan 18th, by Bampton M., and of the favorite Strathallan family, descended from imp. Rose of Strathallan, a prizewinner at the Highland Show in Scotland and at Provincial fairs in Canada, and whose descendants have probably won more first prizes and championship than those of any other cow imported. Bampton M. won first prize at Toronto, Montreal and Ottawa in 1898, and was by the famous Provincial fair, a championship winner at Bampton Hero, a champion prize winner at the same fair. From the same herd was selected Roan Bracelet, a 2-year-old heifer, by imp. Roan Prince (64923), by the Cruickshank Victoria bull, Vermont, with four top-crosses of imp. Scotch-bred bulls, and tracing to imp. Beauty, by Snowball, one of the best milking tribes of Shorthorns known in Canada. These, in addition to those formerly shipped, are a valuable acquisition to the herd of Mr. Chrystal on his fine 33-acre farm, situated two and a half miles from the city, on which he has now 83 cattle (60 of which are thoroughbred), 230 sheep, and 50 Berkshire swine. Mr. Chrystal, whose father was a prominent breeder of Shorthorns, near Stirling, Scotland, and was "to the manor born," has laid the foundation well for a high-class herd, and we wish him all success in his enterprise.

HENRY DUDDING, RIBY GROVE, GREAT GRIMSBY, LINCOLNSHIRE, has always for inspection and sale from the largest and most noted flock of pure Lincoln Longwool Sheep in the country, both Rams and Ewes of all ages. Representative specimens from this flock have secured for many years past at the Royal Shows champion and other prizes; whilst they have also at both the Paris Exhibitions, Vienna, Amsterdam, Chicago, Palermo, secured champion awards, and at all the leading shows in Australia, New Zealand, Canada, and the States, Riby sheep and their descendants have secured the highest honors. Wool is a leading feature in the flock, its quality being amply testified by the fact that wherever exhibited it has each time secured the premier prize including that at Windsor in 1888. The record of its careful breeding and consistent success is worldwide, and the present members of the flock are fully equal to any that have preceded them during the past 130 years in which it has been in existence, descending from father to son without dispersal. The flock holds the record for the highest price ram of 1898 (i. e., 1,000 gu.), and for the highest recorded average for an auction sale of fifty-two rams (i. e., £26 19s.) at the annual sale in July, 1898. A grand selection of yearling and other sheep on offer, sired by the most carefully selected sires obtainable, in which are contained all the best strains of the present day. Telegrams: "Dudding, Keelby."

The Danesfield Pedigree Stock

IMPORTERS desirous of securing selections of either Shire horses, Aberdeen-Angus cattle or Hampshire Down sheep should inspect the stud, herd and flock, property of Mr. R. W. Hudson, which are kept in the highest degree of purity that care and selection can produce at Danesfield, Marlow, Bucks, England. Specimens of horses, cattle and sheep have been largely exhibited at the principal English shows during 1899 with very prominent success. For full information, etc., apply:
