

GOSSIP.

King Bros., Wawanesa, Man., breeders and importers of high-class Yorkshire hogs, have now on hand a very choice lot of young pigs ready to ship. They can supply stock from different boars. Parties desiring to purchase young brood sows or boars should write them at once.

At the Calgary Spring Show, Trout Creek Hero, whose photo appeared in a recent edition of this paper, received the championship for best Shorthorn bull at the show. The yearling bull, Bachelor, credited with that honor, was champion for the best bull bred in Alberta.

In writing to the "Advocate," Mr. H. O. Ayearst, Mount Royal, Man., says: "Since my last report, I have sold to Mr. Gunn, of Greenridge, Man., the extra good thirteen-months-old bull, out of the grand old show cow, Crimson Queen, and was sired by my present stock bull, Prince of Lind. I consider him one of the most promising bulls that I have yet bred. In color, he is a solid dark red, and is exceedingly straight in his lines. I am very pleased that he has gone into such good hands. Mr. Gunn has a very nice little herd of pure-bred Shorthorns, and with this bull at their head will probably be heard from in the show rings."

Messrs. B. H. Bull & Son, Brampton, Ont., the noted breeders of Jersey cattle, announce in their advertisement in this issue that they will exhibit at the Winnipeg Fair, July 20th to 25th, a selection from their great herd of over 100 head of high-class Jerseys, and that any cattle purchased from them previous to their starting for Winnipeg will be delivered there free of charge. The Brampton herd has made a great record in prize-winning at the principal shows in Ontario in the last few years, and is up-to-date in type and quality, and up to a high standard in capacity for dairy production. Parties in the West requiring good Jerseys should write them at once, stating what they want and asking for prices, as the time for correspondence before they must leave for the Winnipeg Fair is very short. Only prompt and immediate attention to writing will make it possible to arrange for having stock brought out on these favorable terms.

TRADE NOTES.

The De Laval Separator Co. continue to do a large and ever-increasing business. The De Laval cream separator is ever gaining in popularity and the field of its favor is always extending. The company still carries the name of the inventor of these machines, and the record of the work done by the De Laval separator is indeed a wonderful one. There are upwards of 350,000 of the separators of the company in use. Their field of operations extends all over the civilized world, and its well-known merits are recognized everywhere. The company will have a good show at the forthcoming Winnipeg and Brandon exhibitions, and we have no doubt a great impetus will be given to their flourishing business in Western Canada. Visitors interested in dairying should make a point of looking over the company's exhibits, for there they will learn much that will be afterwards found useful in the pursuance of dairying.

MUSIC HATH CHARMS.—The Morris piano has been noted for its tone, touch, durability and artistic design. The demand for this instrument within the past few years is convincing to its manufacturers that it is meeting with favor wherever it is being sold. Perhaps no other piano has grown more rapidly in public favor within the past year than the Morris. This speaks for the excellence of the instrument. Visitors to the Winnipeg Fair will be made welcome at the premises, on the grounds, and in the city, of S. L. Barronclough & Co., agents for this instrument. The exhibit of the Morris and Knabe pianos, Sherlock & Manning organs, and the world-renowned Apollo piano-player will be among the principal attractions to the fair. Visitors are requested to make their headquarters, 288 Portage Avenue, their headquarters while in the city, as on previous occasions.
