T. E. M. BANTING

BANTING MAN. Breeder of Prize Tamworths. Some fine young stock for sale.

QUESTIONS AND ANSWERS. Veterinary.

WORMS.

Mare passes dead worms in her droppings.

W. L.

Ans.—Take one and a half ounces each of sulphate of iron, sulphate of copper, tartar emetic and calomel; mix and make into twelve powders. Give a powder night and morning, and eight or ten hours after giving the last powder, give a purgative of six to eight drams aloes and two drams ginger. Feed bran only for twenty-four hours after giving purgative.

ECZEMA.

1. Mare due to foal in April has a skin disease. She bites herself and rubs herself on sharp corners.

2. Mare, due to foal in March, rubs the hair off her tail. She did the same last year.

E. G. K.

Ans.—As the mare is pregnant, it would not be wise to purge, or give other internal medicines. Depend upon local treatment. Give her a thorough washing with strong, warm soft soap suds, applied with a scrubbing brush; shield from drafts, and rub well with cloths until thoroughly dry. Then dress the itchy parts twice daily with a solution of corrosive sublimate, forty grains to a quart of water.

2. Rub well into the part twice daily a solution of corrosive sublimate as above.

CEDEMA.

Gelding swelled in hind legs after coming off grass. About three weeks ago the swelling became much worse. His sheath and floss of the abdomen became involved. The hair has fallen off in spots, but is growing again. R. T. H.

Ans.—Some horses are predisposed to swellings of this nature, and the predisposition is increased by changes of conditions, as taking horses off grass and feeding dry food, and giving cattle little exercise, etc., also by a changed condition of the blood. Purge him with six to eight drams aloes and two drams ginger. Feed bran only until purgation commences. As soon as his bowels become normal, give regular exercise, and give one and a half ounces Fowler's solution of arsenic night and morning for ten days; then, cease for a week and repeat. Dress the diseased skin with corrosive sublimate, fifteen grains to a pint of water twice daily.

FATALITY IN COW—RINGWORM.

1. Cow, apparently in first-class health, took a drink of water out of a trough on Friday, then walked away towards the barn, fell, gasped for breath a few times, and died. I opened her and found lungs healthy, heart full of blood, some clotted. The heart looked healthy, but felt quite soft. Large quantities of water escaped from the mouth while I was skinning her.

2. Heifer is itchy, and patches of hair have fallen off neck and back. B. T.

Ans.—1. It would have required a post-mortem by a veterinarian to determine accurately the cause of death. I am of the opinion the heart was diseased and this caused sudden collapse. In all cases of death without bleeding, the heart, especially its right side, is full of blood. The water that escaped was what she had drunk escaping from the stomach. It is possible the large quantity of cold water taken on a cold day had some action upon the heart, but in a healthy cow would not cause trouble of this nature. Whatever the immediate cause of death was, nothing could have been done.

2. She has ringworm. Isolate her; soften the scales with sweet oil, remove them, and then apply tincture of iodine once daily as long as necessary. V.

After Disraeli was created Lord Beaconsfield, and had attained every distinction he could wish for, he was dining out one day at a fashionable London home, and was asked by the lady whom he had taken in to dinner:

"Is there anything, my lord, that you can now possibly want which you do not already possess?"

His characteristic reply, after due consideration, was: "Yes, a potato, please."

Why Should Not Your Span of Life Be Three Score Years and Ten?

Dr. Macdonald's Electric Belt.

The keystone to a long span of life is health, and with health any man or woman may reasonably expect to attain a ripe old age.

Yet how many nowadays do not? How many fall ever they are half way across Life's Bridge? Alas! only too many! But there is no need for this. Any man or woman CAN, if they will, increase the length of their span of life, if they will only see that the span is fitted with a good Keystone.

The Keystone of Health

One drop of prevention is worth a dozen bottles of medicine. Therefore, see that the keystone of your life is secure and strong. Look after your health. Electricity is the greatest force known to man. It outrivals the force of Niagara even, and without it man cannot live. In his daily work, be it in the office, the workshop, or the field, man is constantly using up his natural supply of Electricity. The more strenuous his life, the more electricity he needs to enable him to live to a hale and hearty old age. Perhaps in his youth he has been prodigal.

"The excesses of youth are drafts on our old age; payable with interest about thirty years after date."

(As Colton, the eminent said). Therefore, see that YOU who read these lines, have no drafts still unpaid. Store up your Electricity by wearing

Dr. Macdonald's Electric Belt

It will save you from many an anxious moment, and many an hour's pain and sickness; to say nothing of hard cash. If you feel tired and heavy, if your liver is not acting properly, if you have kidney trouble or rheumatic pains, if you have lost your manly vigor, do not hesitate a moment, but get my Electric Belt.

Free Trial for Ninety Days

Not a copper down; simply drop me a postal with your name and I will forward you, at once, one of my latest Improved High-grade Electric Belts Free. You can use it three months, then pay me if cured, and the price will be only half what others ask for their inferior belts. If not cured, you return the Belt to me at my expense. I am willing to trust any responsible person entirely, knowing that I have the best and most perfect Belt ever invented, and nine men in ten always pay when cured.

I WILL TRUST YOU—This modern Belt is the only one that generates a powerful therapeutic current of electricity without soaking the battery in vinegar as all other belts do, and it is guaranteed never to burn. It is a certain and positive cure in all cases of Rheumatism, Varicocele, Dyspepsia, Losses, Weak Back, Nervousness, Kidney, Liver and Stomach Troubles and Weakness brought on by abuse and excess.

I WILL GIVE FREE to each person writing me one copy of my beautiful illustrated Medical Book, which should be read by all men and women. Drop me a postal, and I will send it to you FREE, in sealed wrapper. If you are weak in any way, delay no longer, but write to-day for my splendid booklet and Belt free. Write to-day.

Regular \$10.00 DAY AND NIGHT FIELD GLASSES Only \$3.65 FOR FIELD OR MARINE USE

Buy direct from us and save the Wholesaler's and Retailer's Profits

We offer you this High Grade Field Glass as the equal of anything you could buy from your local dealer at three times the price. It is an exceptionally fine instrument, perfect in workmanship, finish and optical construction, and we can guarantee it to give perfect satisfaction. It measures 9 inches long, when fully extended, is strongly and handsomely made, the trimmings, cross bars and draw tubes being heavily nickel plated and the covering the best grade of brown tan leather, alligator or pattern is provided with external sun shades which may be pulled down over the object lenses thus enabling the Glasses to be used with remarkable results at night and is fitted with 6 specially ground lenses, (the outer or obj. lenses being over 2 inches in diameter), of four times magnifying power, fine definition and great clearness. We could not think of offering this Field Glass at such an extremely low price were it not that we had a large number made specially for us by one of the largest Field Glass manufacturers in France, during their slack season in the winter. Thus by buying from us you not only save the Wholesaler's and Retailer's profits but you get the benefit of our close prices, obtained by having our goods made this way. We also give you the same privilege you would have in any store to see and examine the Glasses before paying for them.

SEND NO MONEY

Just your name, address and the name of your nearest Express Office and we will ship the Glasses C.O.D. in a strong waterproof canvas case with leather carrying strap to your nearest Express Office where you can call and **EXAMINE AND TEST THEM BEFORE PAYING ONE CENT.** Compare them with any Glass you have ever seen at double our price, and if you find them in any respect inferior, you can return them at our expense and we will pay the charges both ways. Could we make a fairer offer? If you think of the many advantages to be obtained by having a powerful Field Glass, of the miles of travel such an instrument will save you every year, of the money you will save by purchasing from us, you will not hesitate to write us.
