

ADVERTISEMENTS

ADVERTISEMENTS, not inconsistent with the professional character of our Paper, inserted on the following terms: A square or under, first insertion, 3s. 6d. and each subsequent 1s. Larger advertisements in proportion. Auction sales on the usual terms. Yearly advertisements inserted on moderate terms—the price to be fixed according to their size and frequency of change. As this paper will circulate extensively through all parts of Nova Scotia and New Brunswick, and in Prince Edward Island, it will form a desirable medium of advertising. Advertisements not limited will be continued until ordered out, and charged accordingly.

SARSAPARILLA IN QUART BOTTLES. For the Removal, and Permanent Cure of all Diseases arising from an impure state of the Blood or Habit of the System. VIZ: Scrofula or King's Evil, Rheumatism, obstinate Cutaneous Eruptions, Blotches, Biles, Ring Worm, Scald Head, Enlargement and Pain of the Bones and Joints, stubborn Ulcers, Syphilitic Symptoms, Leucorrhoea, and Diseases arising from an injudicious use of Mercury, Dropsy, Leprosy or Imprudence in Life. THIS MEDICINE has acquired a very extended and established reputation wherever it has been used, based entirely on its own merits, which its superior efficacy has also sustained. The unfortunate victim of hereditary disease, with swollen glands, emaciated sinews, and hunched carriage, has been restored to health and vigor. The scrofulous patient, covered with ulcers, leprosy, and to himself and his attendants, has become whole. Hundreds of persons, who had groined hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretory organs and the circulation, have been raised as it were from the rock of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The following is an extract from a letter received from Mrs. Bevan, who had been afflicted several years with Scrofulous Ulcers, Dyspepsia, &c. and recently with an affection of the throat and chest:—

BAILEY, June 24, 1850. I have been afflicted with Scrofula, my sufferings were almost insupportable; my throat was completely ulcerated, I had a dread of eating, and there were frequently swells on my throat which could not speak above a whisper; and besides, the inflammation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time, my health improved, and the throat is now well; I am now free from cough, and the distress of the chest as ever I was, and can hear my attendants. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla. Your friend, LOUISA B. BEVAN. The following testimonial to the value of the Sarsaparilla, is from the Rev. Luther Wagoner, aged 70 years, Congregational Minister, residing at Woburn:—

Woburn, Mass., March 26th, 1850. I have been afflicted with Scrofula, from which I have been cured, and from the information I have received from a number of persons of like description, who have used your Sarsaparilla, I have not the least doubt that it is a most valuable medicine, and that the numerous cures you have recorded in your paper, and the testimonials by persons of like description, are very extensive, and would be of great benefit to those afflicted with this disease. I have been afflicted with this disease for several years, and have been treated by the best medical advice, but without any benefit. I have used your Sarsaparilla for several months, and have been cured. I have been afflicted with this disease for several years, and have been treated by the best medical advice, but without any benefit. I have used your Sarsaparilla for several months, and have been cured. I have been afflicted with this disease for several years, and have been treated by the best medical advice, but without any benefit. I have used your Sarsaparilla for several months, and have been cured. MOTT'S BROMA.

THE following is a true and correct account of the effects of MOTT'S BROMA, as reported in the number of the Boston Medical Journal:— "A few years since a great manufacturing firm in England, in the course of their medical investigations, sought to find a remedy for the disease of Cholera, and was successful in doing so. They found that the only remedy was a vegetable oil, which they called MOTT'S BROMA. It is a vegetable oil, and is composed of the seeds of the Mott plant, which grows in the mountains of the Alps. It is a pure and healthy oil, and is adapted for the use of all persons who are afflicted with Cholera, or any other disease of the stomach and bowels. It is a most valuable medicine, and is now used and recommended by intelligent Physicians in Halifax and elsewhere, by whom its effects are declared to be truly astonishing. The Subscribers have made arrangements for a constant supply of the Oil, which are superior in quality, and transparency cannot be surpassed. A pamphlet containing directions for use will be furnished gratis, on application at the Medical Warehouse of MORTON & CO. Halifax, March 9, 1850.
