

RED CROSS AND WOMEN'S PATRIOTIC ASSOCIATION

The regular monthly meeting of the Red Cross and Women's Patriotic Association was held in the Red Cross rooms on Tuesday evening, July 4th, with 24 members present. The president, Mrs. Lazier, in her opening remarks told of the women of Toronto holding a parade to aid recruiting and thought our association might help the men here in recruiting in some way. The secretary's report was read and adopted. The secretary read a letter from Miss Plummer, Shorncliffe, England complimenting the Association on the beautiful hospital boxes sent in her care. Nursing Sister Jessie Morrice, France, has also written to thank the association for supplies that were sent her. The Treasurer's report for June:

Margaret Lazier, President.
Anna Hurley, Secretary.

CIRCUS "HORSE SHOW BEAUTIFUL"

In the long list of arenic innovations with Coup and Lent's Circus to appear for the first time in Belleville, Wednesday, July 19, none will, perhaps, attain to greater local favor than those several novel displays wherein the numerous equine actors are featured.

With this circus, horseflesh has ever maintained its own. The originality of their presentation together with their unusually high excellence of breed has approximately sub-titled this, the "Horse Show Beautiful". Famous among the thoroughbred groups are the "high hedge jumpers", "Rhoda Royals Eight Square Horses", "The Equine Military Generals" and Coup and Lent's "Equine Celebrities". The latter feature filling all three rings simultaneously with fifty-six beautiful specimens under one control and in action, a single unit.

OBSEQUES OF LATE A. J. McLAREN.

The obsequies of the late Alexander J. McLaren, ex-M.P.P., took place yesterday afternoon from the family residence, 294 Albert Street, a very large number of citizens of all classes attending the last sad rites. The Rev. E. C. Currie of John Street, conducted service assisted by the Rev. Mr. MacLaren of Toronto. After service, the cortege was formed and proceeded to Melrose where interment took place. The bearers were Messrs. S. Russell, M. Robertson, J. E. Walsley, R. W. Adams, I. L. Moore and J. W. Cook.

TENNIS BALL'S ANTICS.

Some persons playing tennis on the grounds of Holloway Street Methodist church aroused a neighbor last evening for the tennis ball had a facility of landing in a flower bed. A policeman set out to investigate, but all had gone, players and rackets and ball.

BIRTH.

TULLY — At Belleville General Hospital, June 15th, to Mr. and Mrs. V. J. Tully, a daughter.

Dr. Hudson of Roslin was in Belleville yesterday afternoon attending the obsequies of the late Dr. Mathew.

KILLED IN LUMBER YARD.

Coroner's Jury Decided That Death Was Due to Accident

An open verdict of death due to accident was brought in by Coroner W. A. Graham's jury, inquiring into the death of Percy Black, of 1117 Penderith avenue, Toronto, formerly of Cannifton, an employee of the Boone Manufacturing Company, who was almost instantly killed on June 26th, when a load of lumber fell on him. Evidence showed that deceased had got under the end of a truck load of lumber, which was placed on trestles waiting to be loaded and in some unaccountable way, the front trestle had slipped, letting the heavy timbers fall, with the result that he was pinned beneath them.

LAID TO REST

The funeral of the late Dr. J. F. Mather took place yesterday afternoon from his late residence, Pinnacle street. The Rev. A. S. Kerr, of St. Andrew's conducted the service in the presence of a large number of friends of the deceased physician. Six members of the medical fraternity in Belleville carried the casket—Doctors J. F. Dolan, E. O. Platt, W. W. Boyce, W. J. Gibson, A. E. MacColl, and R. Tennant. Many beautiful floral tributes had been received. Interment was in Belleville cemetery.

LIVELY RUNAWAY.

A horse belonging to Mr. Edwin Ketcheson, 4th of Thurlow, ran away this morning from in front of Chas. T. Elvin's grocery down Front Street across the market square, into the lumber yard of Peck & Wills' mill, Pinnacle Street. No damage was done except when the buggy hit the fender of an auto and had its axle bent in striking some lumber.

LOCAL HORSE WINNING

Dayspring, the well-known local horse owned by Mr. Parks, has been winning many races in the States during the past week.

WRIST SPRAINED BY CAR.

Last evening while Clinton Wheeler was coming down Front Street near Campbell street, he was asked by two ladies who were in an automobile to crank it for them. He did so and the car was started up, knocking him down and spraining his wrist. The occupants of the machine did not stop to ascertain what damage was done but went on their way. It will necessitate his being confined to the house for some time. The sprain required medical attention.

HAROLD GODWIN WOUNDED.

Pte. Harold Albert Godwin, son of Mr. Alfred Godwin of Bloomfield has been reported among those wounded in the action at Ypres early in June. Pte. Godwin enlisted in the west and had been in the trenches for several months. The extent of his injuries has not been reported.

TWO MORE PICTON BOYS RETURNED HOME.

Ptes. Earl Rutan and James Carey, both of whom enlisted from Picton and have been service at the front have been invalided home.

Pte. Carey enlisted with the first contingent and spent some time in the trenches. He was slightly wounded by shrapnel in the forehead and right thigh but has fully recovered from these. He had also been troubled with inflammation in the eyes but is now reported fit for service again.

Rutan enlisted in Nov. 1914 and has also seen considerable service at the front.

CAPT. KENNETH FERGUSON RECOVERING.

Col. A. A. Ferguson of Wellington is in receipt of letters from his son, Capt. Kenneth Ferguson, who was recently wounded at the front, stating that he is now well on the way to recovery. Capt. Ferguson was wounded on the evening of the 14th of June by a piece of shell in the fleshy part of the leg. As the stretcher bearer were busy with casualties that absolutely needed their attention Capt. Ferguson pluckily walked to the dressing station himself about one and a half miles to the rear. He had some difficulty in getting there, but finally succeeded after throwing away not only his heavy coat but his under coat as well. He was at once taken to Boulogne reaching there at 2.30 the next day and an operation was at once performed which was entirely successful.

Capt. Ferguson writes that he expects to be fully recovered in about three months and in the meantime hopes to get leave of absence to return home for a time while convalescing.

Capt. Ferguson's address is Royal Free Hospital, London, England.

Mrs. J. Harte and Mrs. R. P. Hamilton spent Thursday in Kingston.

QUINTE SUMMER SCHOOL ENLARGING

More Delegates Arriving. — Dr. McLaughlin Deals With the "Coming of Christ."

Delegates are still coming to the Summer School at Albert College. About 125 have registered. They lodge and take meals at the College. The afternoons are spent in rest and recreation. Friday afternoon there will be field sports with prizes. On Thursday, delegates enjoyed a motor trip about the city and suburbs kindly supplied by City Leaguers and friends. Several ministers from the surrounding district have enjoyed some sessions. Rev. E. M. Sexsmith, B.A., LL.B., president of Conference and Rev. J. H. Arnup, B.A. for Mission Rooms, Toronto, were in attendance yesterday.

Greetings were sent to the International School in session at Ontario Ladies' College, Whitby. Dr. McLaughlin's Bible study classes are of intense interest. His deep devotion to spirit, his utter sincerity and his thorough grasp are among the rich assets of the school. Dealing with Luke 21: 5 to 32, with especial reference to verse 32, he said that Jesus knew all things essential to the establishment of His Kingdom, but He was subject to limitations. He became aware that his brother was in all points like us, but apart from sin. Thus He is able to sympathize with those who are tempted, and to succor them. Jewish thought dwelt on the establishment of a glorious kingdom for them; their conception had become materialized of that day when the Son of Man shall come in a cloud with power and glory. Jesus said "I do not know when." Down the ages people have said "This is the time." "At such and such a time, the Lord will come." It is no new thing. They locate the time exactly but Jesus said "It is not for you to know the times and seasons, which the Father has placed within His authority, but ye shall be witnesses." It is sure to come, but no man can know when it is for us to be witnesses of the presence of the Holy Spirit. Paul expected his Lord to come, probably expected Him to come soon. At Corinth he wrote his first letter to the Thessalonians. He had preached words of wisdom at Athens, but so far as we know, no church had been founded there. In weakness and distress he came to Corinth. How he longed to be again with the Thessalonians and Philippians and Silas have brought back good word from Thessalonica and Philippi (Acts 18:5). Paul was "constrained by the word" (R.V.).—When discouraged by the word? You had sown good seed and had not seen the results expected. When you saw that which led you to believe the good seed was bringing forth fruit, and you went back to your work encouraged.

The first three chapters of Thessalonians are affectionate, for Paul loved them. He praised God for the good news that came to him. Chapters 4 and 5 gave instructions about certain things. He exhorts them to brotherly love. They had been pagans, and the old life still threatened. He lovingly warns them they cannot be selfish or unclean and give service to God. "This is the will of God, even your sanctification." Paul and the Thessalonians had expected Jesus would come again. Some of those to whom Paul had ministered had died, and their friends thought they would not be here to meet the Lord when He comes, and had become unsettled in their minds. J. Thess. 4: 12 to 18 were most comforting to them. No one but an apostle of the Christ would have dared to have spoken those words or to have expressed such a hope. Paul didn't know when—but sometime He would come. Didn't know how—but He knew He was coming. Moreover the Lord who is coming is already come. Jesus had said: "I will send the Comforter." "I will not leave you comfortless, I will come." At Pentecost the Spirit of Jesus came. It meant and means the actual presence of Jesus. Since Pentecost Jesus is actually with his disciples. He knows us and is with us, sanctifying and authorizing; and He is coming to bring with Him those who have died in Him. This is an inextinguishable hope.

The delegates read the 89th Psalm in unison. This Psalm was written by one of the ancient Hebrew poets. The hope that the kingdom of David would be preserved had persisted, amid shock and storm, amid danger and darkness, until it became an all-absorbing passion. Yet the time came when the Holy City was taken and the people made subject. Still it was a hope—a hope deferred. This Psalm came out of the darkest times. Referring to Revelation 20, in answer to inquiries Dr. McLaughlin said there was nothing about 1000 years—a millennium—in the teaching of Christ or Paul. The Book of Revelation is filled with weird imagery of the Old Testament, and in it also are traces of ideas from the Jewish Book of Enoch, written before Christ. John says nothing about millennium in Gospel or Epistles, which are later books. The idea that Satan would be cast into a dungeon is an old Jewish idea, current before Jesus came. In Isaiah 24:21 reference is made to Satan, "the host of the high ones on high." Prophet saw a new era of salvation coming. Some invisible forces of evil would be destroyed. "After many days" they would be "visited" i.e. dealt with by authority of Jehovah and punished. In Isaiah 27:1 the prophet declares that Jehovah will slay the Dragon—not the actual monster of the sea slain by literal sword of Jehovah; but Jehovah shall slay Satan. Before the Kingdom of God is fully established, spiritual wickedness in high places must be destroyed. The winning of a great war will not of itself establish the kingdom. We are fighting this war every time we resist temptation. "Pilgrim's Progress" is a great and wonderful book, giving in allegory the spiritual history of humanity, but we do not interpret it literally. John, writer of Revelation, was acquainted with the highly poetical books of the Jews; and Revelation is of this type. When the writer speaks of beasts coming out of the sea, no one imagines these are physical beasts. They are symbols, great forces; act of divine government. One thousand years! It is wrong to interpret this as a set, literal period of time. People who profess to have the key of the book of Revelation thus, are deceiving themselves. The world is not getting worse, notwithstanding the world-war. We should be ashamed to look into the faces of our soldier boys going out to fight for justice, liberty and honor and then believe the forces of evil are triumphant. When we go off into fanciful interpretations we are apt to miss the real, vital and higher things of life. The chaining of the Dragon refers to forces already working in the time before our Lord. Great and good forces are retaining the evil forces. Satan breaks bounds from time to time. We have been putting a chain on one limb of Satan recently in banishing the liquor traffic, but Satan will try to snap the chains again. All through the centuries we have been chaining Satan. The millennium is now. Our Lord is coming. Let us be ready.

SEVERE ELECTRICAL STORM VISITS COUNTY

Prince Edward County was visited on Sunday last by a very severe thunder storm, accompanied by a very heavy rainfall. This was followed on Monday by another heavy rain and as a consequence the low lying land is again waterlogged. These storms coming after the first few days for many weeks, when the hay was just getting well under way will mean serious inconvenience and delay in gathering the crop, which is exceedingly heavy throughout the county this year.

Many buildings were struck by lightning but fortunately none were burned and in most cases the damage done was very slight. Quite a number of cattle and other live stock were killed.

Among the losses reported are J. D. Campbell, Hillier, barn and silo damaged; Edwin McCaw, Woodrows, barn damaged; C. J. Culmer, Ridge Road, barn damaged; Spencer Anderson, Greenbush, barn damaged; H. W. Bedell, Bloomfield, barn slightly damaged; Geo. Bushel, Cherry Valley, house damaged, while Cooper Dulmage, Garrett Kavanagh and Fred Hubbs had live stock killed.—Picton Gazette.

BANCROFT NOTES.

Lieut. Harry Jarman, who is with the British forces in Macedonia as a member of the Royal Army Medical Corps, has been promoted to the rank of captain. He has enlisted for another year, and will likely see the conclusion of the war.

Judge Wills, the newly appointed Junior Judge for the county of Hastings, held his first court here on Thursday last when he conducted an investigation into the affairs of S.S. No. 2, Faraday, which are said to be in a badly muddled condition. On Friday he held a sitting of the Division Court, and disposed of a number of unimportant cases.

SOCIAL AT CANNIFTON.

A successful strawberry and ice-cream social was held last evening on the grounds of Cannifton School. The attendance was large, the evening was fine, and the results financially and socially were very gratifying. Foxboro band rendered the music.

MOVE THE BENCHES.

A citizen suggests that many of the seats now in the submerged portion of Victoria Park, might be removed to Panter's Park where they would be of some use to the public.

MILITARY NOTES.

The men of the 155th battalion are undergoing inoculation. Over 600 of the men have already had their first inoculation, and many are complaining of sore arms.

A board on clothing met in the lines of the 155th battalion yesterday afternoon. The board was composed of Lt.-Col. Gillespie, chairman, with Major Wallbridge and Captain Noble as members.

Four recruits arrived in camp from Belleville yesterday afternoon for the 155th battalion. Lt.-Col. Adams keeps getting new men every day.

The lines of the 155th are clean, orderly, and well drained.

Chaplain Hagar, chaplain of the 155th visited the city hospitals yesterday.

The attention of the School of Cookery is called to the fact that the Canadian and Australian troops in France and Flanders have invented a new method of military cooking. They are using the steel helmets issued to them recently as a protection against shrapnel and rifle bullets, and they are proving to be ideal cooking utensils. Fried eggs in helmets is one of the favorite dishes with the boys in the trenches. Sergt. Major Kerrison should indent for a steel helmet and give a few demonstrations as to its use in the Barrieffield School of Military Cookery.

It is again published, for the information of all concerned, that, under no circumstances is any officer, N.C.O., or man permitted to enter the United States in military uniform.

R. D. Weller and A. W. Weller, of 155th Battalion have completed their course at the I.S.I., Kingston.

Pte. Osler of the 155th won the 1 mile race at Barrieffield on Wednesday.

Private Weaver was second in the 100 yards dash in 11 seconds. Pte. Weaver also won the long jump, 17 feet 7 inches. Pte. Osler was second in the 220 yards dash. The winner gave the race to Pte. Osler on account of a foul.

Some time during this month the 155th Battalion expect to go to Belleville to receive their colors. Permission has been asked for the trip, and it is probable that it will be granted by headquarters.

There is a shortage of artillery officers at the front and 25 picked Canadian officers are being sent forward. It is the purpose of the militia department here to train a number of non-commissioned officers as artillery officers to help supply the deficiency. In this connection General Hughes denies the report that there is an overplus of three thousand Canadian officers in England. He states that there is a shortage both in England and France. To make up this, he is going to take university men who have been serving in the trenches and train them as officers.

Capt. Dodds, chaplain 155th Battalion, and Sergt-Major Miller, W.O. 93rd battalion, had a very interesting conversation on Wednesday, when it developed that both were in No. 1 company, 57th Regiment, on a trip to Ottawa exactly twenty-five years ago. Both were in the ranks, but neither knew of the other until the conversation on Wednesday at the camp.

Lieut. Leonard Birkett, 80th Battalion, was in camp on Wednesday. He will be going overseas in the near future.

Lieut. Nurse, 155th Battalion, who has been on sick leave, was in camp on Wednesday.

SOLD LIQUOR TO INDIANS.

Deseronto Hotelman Has License Suspended for Two Weeks.

Wm. Myles, proprietor of a hotel at Deseronto has had his license suspended for two weeks, starting next Monday. He admitted to the Ontario License Board that he had sold liquor to Indians, but said he could not make his business pay otherwise. However, he has promised to straighten up after his suspension ends.

Another Deseronto hotelman's case was enlarged.

MAJOR R. D. PONTON

Was the Recipient of Tobacco and Photo.

Major R. D. Ponton, Instructional Cadre, was presented with 500 cigarettes, a box of cigars, and a large panoramic photo of the 93rd battalion by the officers of that battalion in appreciation of the work that the Major has been doing since the 93rd was organized. During the winter Major Ponton was in Peterboro on

RECRUITING PROPOSITION.

Becoming Acute Because of Number Already Enlisted.

The recruiting proposition is becoming more and more acute now. The returns show that some 400 men enlisted in this district in the last two weeks of June. The supply is much less than the demand, and the young men do not appear to be coming forward in large enough numbers to fill the vacancies caused by the men falling at the front. Though there may be some large French and British victories on the bulletins now, there is undoubtedly the resulting wastage of men.

Lieut.-Col. C. G. Williams, formerly of a little parish near Lindsay, has taken on himself the task of raising the necessary number of recruits that should come from this district. He has secured a competent staff, and is receiving the assistance of the Women's Emergency Corps. Addresses on the need of men are being given practically every night in different places throughout the district for the cause.

It is a tremendous amount of work to raise men to complete the establishment of the units of this district and to secure enough men to fill others which will be raised. Every effort is being made, however, and with public support the result should be accomplished.—Kingston Whig.

DEATH CAME SUDDENLY.

Mrs. D. H. Welch Succumbed to Heart Attack Yesterday Afternoon.

Mrs. Dorothea H. Welch, widow of the late George Welch died suddenly on Thursday afternoon as the result of a heart attack. Two years ago, Mrs. Welch came from Scotland where she was born in the year 1837 and had resided with her granddaughter, Mrs. James Hill, 268 John Street. While in Belleville Mrs. Welch worshipped at St. Andrew's Presbyterian church.

She is survived by nine children all in Scotland. Last September she lost a son, killed in France. Another son is serving in the armies of the Empire.

HOUSEWIVES ATTENTION

Guaranteed Fruit

The Niagara Fruit Growers are going to protect the fruit buying public, and their action will be generally applauded and appreciated. Housewives have long suffered from dishonest packing and careless handling and fruit mark to guide her in her purchases. The Niagara Growers have adopted a label, showing a small map bearing the number of the grower of the fruit. This little map will assure that the fruit is grown in the Niagara Peninsula, and also that the grower has sufficient confidence in his product to put his own number on it. Every complaint can thus be traced. Fruit buyers will do well to profit by this protection and buy only fruit with the label.

NEW PHYSICAL DIRECTOR FOR Y.M.C.A.

The Belleville Y.M.C.A. have been fortunate in securing the services of Mr. V. W. Allen, of Clinton, to take charge of the Boys' Work and Physical Dept. He is a graduate of Windsor Collegiate Institute. He has filled the position of office secretary of the Boys' Department at Detroit, Mich. Association for one year and was social secretary in the same association for a year. He was awarded senior boys' work school tuition scholarship offered by the alumni and was president of the Geneva Club in the fall of 1915.

SUMMER HEAT

HARD ON BABY

No season of the year is so dangerous to the life of little ones as the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any one of these troubles may prove deadly if not treated. During the summer the mothers best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

VERDUN.

(A Poem)

Scandalous war the dead to get,
300,000
Servants of Iris, hands of wounds,
Mountains on high,
Spirits with wounds,
Sculptors,
Sepulchers of war,
Berated
300,000
Tell to me,
We would not let the foe to see,
The wounds they have inflicted
Verdun.

FORTUNES MORE GRAVE.

Wouldn't Heaven save,
Our souls from such affliction,
Our spirits all in touch,
How may we save,
More men and money too
Is grave,
In face of such affliction,
For foes are brave
To win again,
The tolls from France,
Reduction,
And spirits brave,
Stand by to save,
And open Bibles o'er our graves.

SPIRIT OF WAR.

Again we swear to you,
To help you in affliction,
Come home brave souls,
Come home for God
Will heal,
All men, and all affliction.

Our hearts are brave in love and war,
Our hearts are bold and to it swear,
To help no German in the cry,
Our country is no country more,
If Germany could make,
What Germany would take,
Would be but our affliction.

So Germany we love you when,
You Germany protect again,
And fold your flag,
From faint and boast,
And cry out to the Lord of Hosts,
Protect us in affliction,
That we may boast no more of war,
Recurrent,
From war affliction.

—Maria Osborne.

OBITUARY

JOHN TODD BULLEN

John Todd Bullen, a native of this city, passed away on Wednesday, June 28th last at Merog, Illinois, after an illness of several months' duration from sclerosis of the liver. The funeral was held two days later, interment taking place at Chicago.

John Todd Bullen was a son of the late Wm. H. Bullen, of Belleville and was born in this city in the year 1855. After receiving his education in the public school and Belleville Grammar School he left as a young man for Chicago where he obtained an excellent position and won great success as a travelling salesman. For twenty-six years he travelled for the Coldwell Co., the largest manufacturers of lawn mowers in the world.

He was a gentleman of strong social instincts and arose to prominence in the Masonic order. He held all the principal offices in connection with the craft, including the Mystic Shrine, and was Emment Commander of the Knights Templar. He was also an enthusiastic yachtsman and golfer. In religion he was affiliated with the Congregational church.

Of his many fine qualities of mind and character it is not necessary to speak any further than to say that he was one of the biggest-hearted, kindest, and most affectionate of men in all his social and family relationships.

SEEKING PTE. DOUGLAS BROOKE

The Canadian authorities have asked the American Immigration Department at Detroit to look for Private Douglas Brooke (alias Bourke), who decamped from the 99th Battalion after it is alleged, having forged Major J. G. Toimie's name to \$700 worth of cheques. He was formerly a clerk at Point Anne Cement works.

CHEESE PRICES DROP

At the Belleville Board today, the cheese sold at 15-16c and 15c and a slump of 1.5-16 and 14c since last Saturday. Every box offered was sold. More went at 15c than at 15-16c.
