We are obliged to hold over till next week an account of the amateur dramatic performance of "All-of-a-Sudden Peasy" given by the Women's Canadian Club in Andreole Hall on Thursday evening. It was a great success.

Two honorary degrees of Doctor of Laws (LL. D.) were conferred at the commencement exercises yesterday at the University of Maine, Orono. The recipients were President Lemuel M. Murlin, of Boston University, and Dean Kenneth C. M. Sills, of Bowdoin College, Brunswick, Me.—Boston Herald, June 15.

A series of arc lights has recently been added to the streets approaching the Algonquin Hotel and is a very decided improvement. A walk through the town at night now gives a splendid object lesson on "Lights, Ancient and Modern." There are the gasoline lights of our stores, the electric lights of the picture houses, the glazing brilliance of the street oil lamps, and, last but not least, the Algonquin's new arc lights. It is clearly shown how the darkness of discontent could be turned into glorious daylight.

"Dad's Girl," a New England play much in the same vein as "Way Down East" and "The Old Homestead," will be presented at the Andreole Hall on Tuesday, June 27. The play takes its title from Kennebec River in the Northern part of Maine, along the romantic and picturesque banks of which the action of the piece takes place. It is a complete scenic production and said to be one of the best rural plays produced for several years.

Capt. Alex. McMillan's relatives and friends here heard with sincere regret that he is a patient in No. 14 Hospital, Boulogne, suffering from a dangerous wound in the back. The message received this morning by his mother, Mrs. John McMillan, from the Adjutant General, Ottawa, contained only the brief statement given above. Capt. McMillan is one of the most popular St. John officers. He went overseas with the 26th, and has won commendation and promotion for his work in the field. Letters described him as cool as a veteran and as well liked and thoroughly respected officer. Since going overseas Capt. McMillan has been elected President of the St. Andrew's Society. One of the successful business men of St. John, he succeeded his father, the late Mr. John McMillan, as head of the old established firm of Messrs. J. & A. McMillan. When the call for volunteers came, Capt. McMillan, who has long been identified with the Volunteer Militia, was one of the first to respond. Leaving his business in the hands of his associates, he accepted a commission under Col. McAvity, and went out the city to-day the news that he was wounded was heard with sincere regret and many were the expressions of hope that later reports would be more encouraging.—St. John Globe, June 19.

THE SEA IS HIS

The sea is his; He made it;
Black gulf and sunlit shoal,
From hazy light to blue beyond,
Leagues of Atlantic roll;
Small strait and ceaseless ocean
He bade each one to be.
The sea is his; He made it free,
And Britain keeps it free.
By pain and stress and striving
Beyond the nations' ken,
By vigils stern when others slept
By lives of many men;
Through nights of storm, through dawnings
Blacker than midnights be—
The sea that God created,
Britain has kept it free.
Count me the splendid captains
Who sailed with courage high
To chart the perilous ways unknown—
Tell me where these men lie!
To light a path for ships to come,
They moored at Dead Man's Quay.
The sea is God's; He made it free,
And these men kept it free.
O little land of England,
Oh mother of hearts too brave,
Men say this trust shall pass from thee
Who guardest Nelson's grave!
Aye, but these braggarts yet shall learn
Who'd hold the world in fee,
The sea is God's—and Britain,
Britain shall keep it free.
—London Standard

SOME WORKMEN OUT AT BLACK'S HARBOR

Local sardine fishermen heard yesterday that there was a strike on at the sardine factory of Connors Brothers Black's Harbor, the men demanding \$2.50 a day. A member of the firm, however, informed The Telegraph last night that there were only a few men on strike and that this did not in any way interfere with the usual work of the factory. He said that the men in question went out after demanding a higher rate of wages, but that the usual buying of the factory was carried on yesterday.

Regarding the general sardine situation at the present time he said that the outlook was very bright and the catch was about the same as last year, when the sardine fishermen had a very good season. The war had not affected the general conditions of the market to any extent and the work was being carried on with the rapidity and dispatch which usually characterize this industry. Prices remain at from \$10 to \$12 a hoghead. The labor trouble, he believed, would not affect his firm in any serious degree and the dissatisfaction existed for the most part with a minority of the employees.—Telegraph, June 20.

LINEN AND COTTON DAY

St. Stephen, N. B.

The Committee of Linen and Cotton want to acknowledge the gift of \$25.00 from the Canadian Club, which was most gratefully received since our last report. That sum, in addition to the \$25.00 from the Fleming blackmail conspiracy, has been spent for cotton to be used for arm-slings and body bandages. The Red Cross of Milltown are making nine dozen. Anyone who would like to assist in the work can get the material, cut and ready to hem, from Mrs. W. F. Todd. There are about thirty dozen to be finished within two weeks, making a total of ninety dozen. The Committee also want to thank Mr. C. G. Grant, who gave them the cotton for this work far below cost.
E. J. Todd, Chairman.

GOVERNMENT MUST GO

Fight from now on to a finish is the policy of the opposition to the local government. There is little or no organization at present, but by election contests will promote organization. It is not the Liberal party versus the Conservative party, but honesty and decency against the Fleming blackmail conspiracy, the bridge-painting job, the enrichment of a minister's sons by cash and stock contributions from favored contractors, and the incurring of an enormous debt for a political rally. All opponents of these abuses, whether Liberal or Conservative, will unite in voting the present government out of office. This will not mean that the old gang that was justly kicked out for maladministration will get back to the treasury benches, but new men, with clean records, will be called upon to administer the affairs of the province.—Chatham World.

ANTIMONY MINE AT LAKE GEORGE IS CLOSED AGAIN

The antimony mines at Lake George have been closed as a result of the New Brunswick Metals Limited, who have been operating the mines, being in financial difficulties.

The company have not made an assignment, but the Canadian Bank of Commerce are practically in control of the company's affairs. Their liabilities are said to be between \$15,000 and \$20,000, and only a small portion paid.

The New Brunswick Metals, Limited, leased the mines at Lake George about a year ago from the Canadian Antimony Company for a period of three years on a royalty basis. The latter company, which included several local men, had operated the mines but gave up their work. The drop in the price of antimony from 37 cents to 21 cents per pound lately increased the company's troubles and, with lack of capital, proved insupportable.

Negotiations are now said to be going on for the purchase of the property at Lake George by new capital; and Mr. W. F. Almy, of Antigonish, N. S., and Mr. C. N. Crowe, of Bridgewater, N. S., who are at the Barker House, are said to be here in that connexion.—Fredericton Gleaner, June 19.

*Those who have noticed previous references in the BEACON to the Antimony Mine at Lake George will not be surprised that the Company recently operating it has not met with financial success. If the Lake George property will not pay when antimony is as high as 21 cents per pound, how can it compete with the superior Chinese antimony which will yield a substantial profit even at 10 cents per pound?—Ed. BEACON.

The St. John and Charlotte County War Owners Association is to complete organization at an important meeting to be held at 1.30 p. m. next Saturday in the Imperial Theatre, St. George.

is of vital interest to each owner and to the association that there be a large attendance; in fact every owner is wanted to be on hand.

Besides perfecting organization very important business matters are to be taken up.—Standard, June 22.
