THE ACADIAN

WOLFVILLE, N. S., APRIL 4, 1890.

Local and Provincial.

Good Friday.

Pleasant weather this week.

RECORDED.—We understand that Mr. J. W. King has retired from the management of the W. & A. R.

MOVING.—Mr. R. W. Starr is moving to Wolfville this week. We are glad to give him a warm welcome to our town.

THE ELECTION.—We have it on good authority that the Provincial election is likely to take place about May 15th.

THE LEGISLATURE.—We understand it is expected that the session of the Local Legislature will close about April 15th.

OFF FOR THE WEST.—Mr. Harry Vaughan, of this place, left for British Columbia on Wednesday. We wish him success in his new home.

SMALL EYES.—Mr. J. M. Shaw, our genial barber, has handed us the smallest eye of the season. It measures 1 inch in length, and about 1/2 inch around anyone having a smaller one might send it along.

BARBERING.—Mr. Edward Harris, of Cambridge, who has been working with our barber, Mr. J. Shaw, during the winter, is about setting up in his own shop, we understand, in the barbershop building.

PRAT'S.

GRACE FRICK.—Mr. Frank Trenholm, of Grand Pré, informs us that a shipment of Walrus, sent by him to England this season sold for 31 shillings per barrel. We doubt very much if this can be beaten.

THE RECITAL.—The music recital, which was unavoidably postponed, is to be held in College Hall on Friday evening next, April 11th. We advise our friends to make no engagement for that evening so as to be able to attend.

GOA HACKBACKE POSTS. for sale low, WALTER BROWN.

WILLOW BANK.—The regular annual meeting of the lot holders and directors of Willow Bank Cemetery is to be held in Witter's Hall, on Wednesday evening next, April 10th. It is hoped that all interested will make an effort to be present.

FOR SALE.—A pair Heavy Working Oxen, in good working condition, gilt about 7 feet. Would be suitable for spring work and then fat. May be seen at Turner's Mill. Apply to JOHN E. TURNER, Gasperian Mtn.

Fine Assortment Dadoed Blinds at the ROCKWELL & CO'S.

CONCERT.—The Gasperian Sabbath-school intends to repeat on Sunday evening, April 6th, the concert given a short time ago, with some alterations and additions. Proceeds of which is to replenish its library. All are invited. A silver collection will be expected.

BUT CATTLE.—Mr. Leander Palmer, of Long Island, recently sold 3 head of cattle to a party in Windsor, viz., 1 cow weighing 1650 lbs., and 2 pair of oxen weighing 4200 lbs. He realized for the same the handsome sum of \$299.25, selling at the rate of 5 1/2 dollars per cwt.

Spring Stock Room Paper just received at ROCKWELL & CO'S.

SPORTING.—Our local sportsmen have been on the lookout for wild geese during the past week, but we have not heard of many being shot. Some ducks have been got we believe, prior to the close season, which began April 1st. Our sportsmen complain that game is becoming scarce in this locality. Perhaps a better observance of the game law might be effective in stopping the falling off.

CORRESPONDENCE.

To the Editor of the ACADIAN:

DEAR SIR,—Will you tell me if you can by whose authority a bill was prepared and sent to the Legislature authorizing the Municipality of King's county to borrow \$12,000 to buy a farm and erect buildings thereon for the poor and harmless insane. I see by referring to the minutes of last January that a committee was appointed to buy the farm and erect the buildings. And I also find that there was a notice filed to reconsider at the April term of Council; but no instructions to borrow money for that project. I think it is quite time for that committee when they are instructed by the Council to do so. At all events they should wait to see what action the Council takes on it at the spring term. The time may come when perhaps it will be necessary for this county to have such an establishment, but I think there is no rush, especially when we are already overburdened with taxes. There is the ordinary county and poor taxes to be paid and some \$30,000 for right of way for the C. V. R. road, and a new Court House to be built perhaps this coming summer which I think is about as much as the rate payers of this county can handle at present. I think when we get through with those extra taxes we can build an establishment such as would be needed for this county without borrowing the money to do it with if the matter is properly handled. Thanking you Mr. Editor,

I am yours,
R. PRAT.

What it Cost for Inspecting.

The following is a copy of the account of Inspector Ryan for inspecting the work done by the Local Government on the roads of King's county last season:

Woodville, Dec. 9, '89.	
To William H. Ryan,	
Inspector of Roads, Dr.	
To Services of Inspector from	
June 17th to Dec. 9, inclusive	\$177.50
151 days @ \$2.50	\$377.50
" use of team 125 days (including	
expenses) @ \$2.50	\$312.50
	\$690.00

Recd. Paym't.
WILLIAM H. RYAN.

Surely the Government was not having road money spent as late as Dec. 9th. If so it is a crying scandal. It will also be seen that Mr. Ryan was peremptory the county every week day, from June 17th to Dec. 9th rain or shine, thunder and lightning, floods and torments, heat or cold seem to have made no difference. It will be seen that the total amount of the inspector's bill is \$690.00. We understand the amount paid in Yarmouth county for inspecting the expenditure on the roads was \$127.22.

GIFT FOR ACADIAN.—Mark Curry, Esq., of Windsor, heretofore one of the most liberal givers to the institution here has, we understand, recently signified his willingness to be responsible for the salary of a Professor in any chair that the government of the College may think best to establish. Mr. Curry intends to permanently endow the chair, for the support of which he has decided to make himself responsible. This is the first case of a professorship being established at Acadia by a single individual.

S. P. C.—The annual meeting of the Wolfville branch of the Society for Prevention of Cruelty will be held in the vestry of the Presbyterian church Tuesday evening next beginning at 8 o'clock. A full attendance is requested.

LOST.—On Sunday evening, while crossing the Port Williams dike road, a valuable pair of long boots. It might be of interest to some to know that the wearer was lost in them. For the present the mud is so deep, and the boots and their owner have sunk to such a depth that excavation is utterly impracticable. All the frost is entirely out. The probabilities are that both will be discovered when the Local Government removes their last summer's deposit of dike mud from the road so that the people in the vicinity may again make their accustomed transit. In the meantime, should anyone discover a sounding bottom the information would be gladly received by

ROBERTO.

HOUSE BURNED.—The house of Mr. John Monahan, at Baxter's Harbor, was burned on the night of Thursday, March 28th. Everything in the house was destroyed, the family barely escaping with their lives. The barn was saved with great difficulty. There was no insurance. Mr. Monahan but a short time ago lost a horse and wagon and was himself seriously injured by falling over a bluff at Halls Harbor. He is certainly entitled to the sympathy of the public.—*Western Chronicle.*

DEAR EDITOR.—We had an early summer visitor this morning. A very beautifully tinted and fully developed butterfly made its appearance, flitting among the house plants—seeming vigorous and lively, enjoying immensely the sun and flowers. EMMA P. JONES.
