DISSOLUTION OF CIRCUIT IS PLAN FAVORED

Maritime and Maine Circuit is Meeting This Afternoon at Moncton.

PRESIDENT WATSON ATTENDS MEETING

Represents Tracks Which Have Gone into the Maine and New Brunswick Circuit.

President P. S. Watson of the Fredericton Park Association left here by C. N. R. this morning for Moncton, where a meeting of the Maritime and Maine Harness Racing Circuit, which has functioned for the past two years, has been called for this afternoon.

Mr. Watson has the proxies of the St. Stephen, Woodstock and Houlton Associations as well as being the official Fredericton representative; he thus will represent the majority of members of the organization and will have enough votes to control the meeting.

It is altogether likely that, with the cooperation of the representatives of the Chatham track, Mr. Watson will move for the dissolution of the organization. S. D. Hensbert, president of the circuit, and Fred M. Tweedie, the secretary, will be present as representatives of Chatham, and it is understood that they are agreeable to such a move being made.

New Circuit is Moncton's Aim. Chatham, Fredericton, Woodstock, St. Stephen and Houlton have all taken out membership into the new Maine and New Brunswick Circuit that was recently formed. Moncton and Springhill, N. S., being the only active members of last year's circuit that are not included in the new circuit. Dissolution of the old organization will open the way for Phil Bell, leasee of the Moncton track, to proceed with the formation of the new circuit in which he has recently been working. Moncton, Sussex, Sackville, Port Elgin, Springhill, N. S., and some other tracks have been spoken of, although Sackville, Port Elgin and Springhill are said to be booked for membership in the new circuit recently formed by tracks located largely in Colchester and Cumberland counties in Nova Scotia.

As has been previously stated there is no disposition on the part of any of the tracks that have gone into the Maine and New Brunswick Circuit to disrupt the old organization, and all are ready and willing to continue their membership and have the old circuit go on provided that they are granted the exclusive dates that have already been allotted by the new circuit. The difficulty with the circuit last year was that some of the arrangements that had been entered into were not entirely observed by everybody, with the result that the early portion of the circuit was thrown somewhat out of gear, causing those most materially affected to launch the movement for the formation of the new Maine and New Brunswick Circuit, which gives promise of becoming a highly successful organization and starts off with most brilliant prospects.—J. D. B.

Truro Not to Join Circuit. Truro, March 21.—The Truro speedway will not join the Cumberland and Colchester Short Ship Circuit, according to a statement of Dr. F. J. Cavanaugh, manager of the track. It is unlikely, he says, that Truro will be included in any racing circuit this year. Dr. Cavanaugh was invited to the meeting at Oxford Junction, at which the Cumberland and Colchester Short Ship Circuit was formed. He did not attend but sent a letter stating his position. He intends, however, to go to Moncton on Tuesday to attend a meeting of the Maritime and Maine Short Ship Circuit, though he does not expect to have the Truro track included in that circuit. Lack of suitable accommodations for a circuit meeting at the local tracks is one of the reasons.

KELLY RELEASED BY NEW YORK GIANTS

The Brother of McGraw's First Goes to St. Paul as Part of Deal for Rupp

[Associated Press by Leased Wire.] New York, March 22.—Raymond Kelly, brother of George Kelly, the New York National first baseman, has left the Giant regiment and is on his way to the St. Paul Americans. Kelly, who is reported here today, is part payment for Goldie Rupp, star infielder.

Eddie Almsmith, veteran catcher, is the latest arrival at the Detroit Americans training camp at San Antonio. Manager Cobb is now considering the Tigers' roster. He is reluctant to release some of his promising recruits and it is believed he will retain at least twenty-four men, which is three more than the club has carried in previous years.

Residents of Raleigh, N. C., claim the champion reader in Louis Silver, aged 12, who can read an ordinary 300-page book in little more than half an hour and pass a quiz on its contents. In a test he read 624 words in a minute, and he says that it is an off day when he does not read at least three books.
