The question arises why did not Jeffries realize his possibilities until the negro man became titular champion? Johnson has been the indirect cause for Jeffries' swarming upon some \$600,000 which the Los Angeles suds dealer otherwise never would have acquired.

Our old bicycle friend, Hal Donly, of Simcoe, is evidently getting up in the world. Yesterday he played at the golf links on the mountain side in the Simcoe-Hamilton match.

The possibilities of fatalities in the "western Vanderbilt" automobile race, we are informed, have been minimized almost to the point of extinction. Rather disenchanted, is it not?

There seems to be a good lot of harness horses on the Canadian circuit this year.

Joe Walcott has sued a railroad company for \$100,000, alleging in his bill that a flat-chested, anaemic brakeman on a passenger train had slapped and otherwise mistreated him.

And this is the same "Barbados Terror" who fought some of the most grueling battles in the history of prize fighting. Slapped by a brakeman on a passenger train and seeking redress through the courts! Shades of Peter Jackson, George Dixon and other deceased Sengambian scrappers, but what is the colored brother coming to? Time was when there were few white men who would have slapped Walcott any more than they would have attempted to pet a thirsty water moccasin. The once mighty appear to be doing a fine dust in these degenerate days.

If Jeffries and Johnson said all those cutting things about ordinary citizens they'd have been killed long ago.

Jim Jeffries says in six weeks he'll be ready to talk fight. He really to talk well, wouldn't that paralyze you?

"There is very little heavy betting on the English racetracks," says Allan Pinkerton, who has just returned to New York from a tour round the world. "A man with a £10 note can make nearly every bookmaker rub or refuse the wager. There is no betting ring, and the chalkers are allowed to conduct business in the open air. They stand on little wooden blocks, so that their customers can see them, and wear all sorts of fantastic costumes. I saw the Derby run at Epsom, at least I saw the finish of the race, because it was impossible to get a view of it during the early stages, with the rain falling steadily in a foggy atmosphere."

"Sir Martin should never have been the favorite. He had not been in England six months, was trained under new methods and ran over the most difficult course for the first time in his career. But the Americans in England were carried away by sentiment, and backed him heavily, regardless of these conditions. Everybody was glad that the King's horse won the Derby. The King was a happy man. I can assure you, and it was an odd sight when, Englishmen of all classes crowded around him after the race, shaking him by the hand and patting him on the back. Racing is a great institution in both England and France, as well as in other European countries. It is purely a sport, and people over there cannot understand why the turf is not allowed to thrive in America."

London Referee.—What followed was really almost best of all, the sight of the King marching off through the enclosure on the course to lead the colts in, trusting to the good feelings of the myriads who thronged the track not to take advantage of the situation. There is no other country in the world, I suppose, where anything resembling this could have happened.

Buffalo Express.—Bowing on the green is one of the most fascinating and enjoyable of outdoor sports. The Meadow Club has the distinction of being the first in Buffalo to introduce to public notice this game, which has so many admirers in other countries and sections of the United States. In Great Britain and Canada, during the summer months, bowling on the green takes the place of curling, which, as everyone knows, is a grand winter sport.

Why it has so long remained unknown in Buffalo is hard to determine, but it is safe to predict that bowling on the green will become quite as popular as golf or tennis now that it has been introduced.

## BIG RELAY RACE TO-MORROW.

There is unusual interest in the bay relay race this year, as both the Central Harriers and E. E. Harriers are entering a team, and as the E. E. has Jack Smith, Small and several other good ones it should prove a very interesting event. The Central Harriers have selected the ten best men belonging to the club, by holding a trial race. The round-the-bay course has been divided into ten distances, and the following Central boys will run from these places:

Herald to E. E. Y. M. C. A.—F. Crocker.  
E. E. Y. M. C. A. to Jockey Club—E. Smith.  
Jockey Club to five-mile post—W. Kennedy.

## FOR HAMILTON DERBY

### A Dozen of the Good Ones Are Expected.

### Stables at H.J.C. Track Are Full.

### Walker's Centre Shot Claimed Yesterday

It is expected that fully a dozen thoroughbreds will start in the Hamilton Derby, which will be run next Tuesday, the opening day of the Hamilton Jockey Club's spring meeting, and the race will certainly be a worthy feature in the fine card. The most probable starters are:

Jack Parker, Piute, Donald Macdonald, Fitzherbert, Michael Angelo, Guy Fisher, Direct, Arondack, Woolwinder, Great Heavens, Detective, Lee Rose, Steele, Warfield, Plate Glass and Ceremonious.

The Jockey Club has made quite a number of improvements at the track this season, which will undoubtedly be much appreciated by the public. A new feature introduced is the setting aside of a portion of the grand stand for reserved seats between the members and the general public. These seats can be secured in advance either at Mack's drug store or the Jockey Club office, Court House building, up to 1 o'clock each day.

Yesterday Myron Melleney, the old trotting horseman and noted reinsman, arrived at the track with ten head, including Melange, Bitter Hand, Lanigan, Almena, Elder, Peter Carney, Annie Bryson and Salado. Melleney was near the top in the list of winners at the recent meeting in Houston, Texas, and his Jockey, Stewart Flynn, was second in the jockeys' honor roll. Flynn came along with Mr. Melleney and some relatives. The party are registered at the Stock Yards Hotel.

Arrangements have been made for a barber shop at the track during the race. It will be in charge of Henry Woods, the King street tonsorial artist. There will be more gallopers than ever before, and already thoroughbreds are quartered in every available stable within a radius of a mile of the grounds. AT BLUE BONNETS YESTERDAY.

Montreal, June 18.—A good-sized crowd witnessed the races yesterday, in spite of the inclement weather. Just before the first race rain began to fall, and continued during the afternoon. Track was good for the first two races, but muddy for the balance of the card. The opening race, for Canadian-owned horses, was won by Hon. Adam Beck's good colt, Jack Parker. The winner was much the best, and won handily from Glimmer. Purslane was always outrun, and is in poor form.

The Jacques Cartier Stakes resulted in an easy victory for William Walker's Sain mare Centre Shot, and incidentally the result led to a change in ownership of the mare. The race had selling conditions and Centre Shot was entered for \$1,000. After her victory James Gormley, former owner of Jeannette M., boosted her to \$2,000, and when he stopped, L. C. Shobe, owner of Cloisteress, took up the bidding, and carried the mare up to \$2,500, at which figure she was knocked down to him. Centre Shot started four times at the meeting and has been returned a winner on each occasion. She is the holder of the world's record for a mile over a circular track and can run in any sort of going. Walker paid several thousand dollars for her two years ago at Latonia. She developed into a bleeder, and it was for this reason alone that Walker let her go. Bleeders at some tracks are barred, and her former owner was afraid that she would develop this ailment again.

The result of the steeplechase proved something of a surprise, the winner turning up in Pagan Bey, who made his field look like a lot of hacks. Pagan Bey led from start to finish and won in a canter. In his previous effort a few days back this horse was unable to raise a gallop, and his improvement to-day was as startling as it was sudden.

Autumn Girl, recently purchased by Messrs. Carruthers & Shields, won at the first time of asking for her new owners. She outclassed her field, and taking an easy lead when ready, won under wraps at the finish.

The first four races were won by the favorites, all of which were at odds-on in the betting. Jockey Reid had two

winning mounts, Joe Gaitens and Autumn Girl.

Goes Fast will be a starter in the Blue Bonnets Handicap on Saturday. Jockey McIntyre will have the mount on Direct in the Hamilton Derby. D. McCarthy has been engaged to ride Desperado in the same event.

Jockey Musgrave will ride Woolwinder in this race.

The five-year-old Toddington stallion, Elliott, has been presented to the Canadian Bureau of Breeding by J. H. Madigan. The horse will be turned over to the bureau some time during the summer and will be sent to Norfolk County, Ontario, Madigan's old home.

Following is the summary:

## TORONTO ATHLETES MUST BEWARE.

Toronto, June 18.—Athletes participating in games in the city of Toronto will run foul of the police if they try to work on the field or in the future.

The Police Commissioners had a few words to say yesterday about it. "If a player strikes another deliberately on the field he should be arrested," said Mayor Oliver yesterday. Judge Winchester agreed to this.

"The police should act the same on a field of sports as they do on the streets," he said. "If a man cannot play a game in a decent and gentlemanly style, he should be in jail," said Police Chief Grassett. "Simply barbarous, some of these games."

In the past the custom of the police has been to let any sort of a scrap go on a lacrosse field, for instance, leaving it to the injured man or the club to lay an information against the assailant.

Since the Police Commissioners have decided to no longer allow the men on the force to be hired by clubs in their off-duty hours, the indications are that

There will be a new policy pursued by the police.

Mayor Oliver was at Scarborough Beach on Saturday, and saw Hyland, of Shamrocks, hit Braden, of Torontos, a terrible blow with his stick on the back of the head, putting the blue-shirted boy out of the game. It was so in the Pineacres case, when the Montreal man disfigured Charlie Querrie's face with a cruel blow when the ball wasn't anywhere near them.

Chief Grassett points out that the main difficulty in arresting players is that the men assaulted almost invariably refuse to lay a charge or give evidence against the accused if the police prosecute. It was so in the Pineacres case, when the Montreal man disfigured Charlie Querrie's face with a cruel blow when the ball wasn't anywhere near them.

At Providence—Providence forfeited yesterday's game to Rochester, 9 to 0, because the Grays' manager lost his head in the fourteenth. Rochester tied the score in the eighth. Neither side scored until the fourteenth, when Rochester got two runs over the plate. In the Providence half, with one out, Duffy, though not in the game, took the coaching line. He was ordered away by Umpire Stafford, and after an exchange of words, Duffy was ordered from the field under penalty of forfeiture. At the expiration of two minutes Stafford declared the game forfeited.

After Anderson had gone out, Holly to Gammel, in the second half of the fourteenth, Duffy disputed Stafford's decision, claiming that Anderson was safe. He walked up to the official and called him names. The umpire told him that

## SWIMMING CLUB QUARTERS.

The Hamilton Swimming Club has been successful in securing suitable summer quarters at Rock Bay, where diving boards, chutes and dressing rooms will be erected. Special attention will be given to business men's classes and beginners, the shore, having a gradual slope, being admirably adapted for this purpose.

Through the interest and kindness of Woodman Bros., proprietors of the Hamilton Ferry Company, the club has been presented with five hundred privilege tickets, which will materially assist the cause and further stimulate swimming in this city.

Great activity is being shown by the members in view of the forthcoming swimming carnival in August. His Honor Lieut. Governor Gibson has kindly accepted the nomination of Patron to the club, the Hon. Col. J. S. Hendrie, C. V. O., being President. This means that swimming is rapidly gaining ground.

## SIMCOE GOLFERS LOST YESTERDAY.

The Simcoe golf team played a match with the Hamilton golf team on the local links yesterday, and the Hamilton team won by 3 points. The following is the score:

## FOR THE AMATEURS.

Following is the schedule in the various amateur leagues for to-morrow:

At Maple Leaf Park, City League—At 2, Broadviews vs. Alerts. At 4, Keystones vs. Baysides.

Junior East End League—Scoundrels vs. Blue Labels. Rivals vs. Alerts II. Church League—Ascensions vs. St. Andrew's. Westminster vs. Kensington.

The most important amateur baseball games played to-morrow will be at Maple Leaf Park. The big game of the day will be between the Broadviews and Alerts, to decide which is entitled to the leading honors. Both teams having been playing fast ball, and are bound to put up an exhibition that should prove to be something out of the ordinary. Another feature will be the meeting of the two great twirlers for the first time—Lucas and Bolton. The teams having a large number of followers, some warm arguments will take place before the game is over. Jack Lavis, the league umpire, will handle the indicator, and can be depended upon to make the contestants play clean ball. The diamonds are now in fine condition, and, with the grand stands completely covered, should be comfortable. The second game, between the Baysides and Keystones, will be interesting. Although the Baysides occupy bottom position, the article of ball they have been dishing up is equal to any in the league.

The Church League games to-morrow should prove worth while. The St. Andrews will meet the Ascensions in the first game. Manager "Tony" Bleakly has been out scouting all over town looking for promising ball players, and with reinforcements for the Saints, the Ascensions may get a surprise. The Ascensions will be minus one or two of their best players, including Reg. Blatherwick, who will play for the First Church. Westminster and First Methodist are scheduled for the second game.

The Granites of the East End League, who dropped out, will be replaced by the Scoundrels, an aggregation representing Crown Point. For their first game they will try conclusions with Blue Labels II.

The Cigar Makers' Union has supplied the Blue Labels with a new outfit.

Bulls, Fell will likely be in second garden for St. Andrew's to-morrow.

The Central Indoor League has been reorganized.

"Duck" Robins will catch for the Night Owls.

Fourteen Innings Played at Providence Yesterday.

It was Cassidy's hit in the seventh inning that brought in the winning run. Cassidy's swipe could not have occurred at a more opportune time, for the score at that time was 3 to 3, and the dark clouds which hung low threatened to put a stop to the argument, and though it rained from the early part of the game, the real deluge did not come until after the Maple Leafs had had their turn at the bat in the eighth inning and after Umpire Kelly had called the game on account of darkness. ## SHORT LETTER FROM BOBBY KERR'S TRAINER.

Several letters from Bobby Kerr came to the city this morning, the longest one being received by Dr. W. G. Thompson, of the Tigers' Athletic Club, whose colors Kerr will carry in his big races in England next month. The Times sporting editor received a letter from George Anderson, Kerr's faithful trainer. It was written in London on Wednesday, June 18th, and following are extracts from it:

We arrived here on Monday and all day fine, although we had a very rough passage. The first few days were so rough we could not do much work, but Bobby got in enough work to keep him from taking on much weight.

We work at Stamford Bridge. He did fine yesterday; it was a nice, warm, dry day, just the kind of weather Bobby likes. He was like a two-year-old colt. He thinks his chances are very bright. They are all good to him over here and they think a lot of him here.

We met Walker and Duncan this morning. We will not do much till race day, but look out for Kerr then.

if he did not be still he would call the game.

"You haven't the nerve," said Duffy, whereat Stafford declared the game over. He made his way through the bleacher crowd to his dressing-room and was followed by a big mob, which threatened to do him bodily harm until the police interfered. Score:
