CHATHAM, N. B. May 18,1881 J E. COLLINS EDITOR

TWO PICTURES.

This is what the great Edmund why Mr. Snowball has. Burke says of the duty of a Representative. We want Mr. Snowball and his friends to read it :-

YOUR INTEREST TO HIS OWN."

THE UNIVERSITY.

Prof. Fletcher has resigned his position as Professor of Classics in our New Bruuswick University, and we suppose the President is already deluged with applications for the vacancy. It might be as well for us to say, that those who have not al ready applied may consider their in morals or in classical knowledge, beasts over the land. was of small importance indeed com-

the old country student in with their own liberties. intellectual parts, and if out of the many that have graduated from our university, not one is fit to fill a chair when it becomes vacant, it is the university and its faculty that ought to blamed, not the graduates. If therefore, Dr. Jack and his senate declar or the Edinburgh student, they only administered a severe rebuke to them-

Is it possible out of all the A B's MEETING OF THE AGRICULand A M's our New Brunswick university has turned out, not one can be found to fill the chair which Mr. Fietcher has vacated? If this be so, is it not time the Government of the Province looked into that institution and endeavored to learn what is rotton in Denmark?

onistic to duty. While it has been Board or the Province will be much claimed that in latter years, the lower the better for that. ply the want.

In general terms the spirit of our university is antiquated, and there seems to be none of the leaven of mod- much interest. ern life or activity in it at all. It seems to be hopelessly in a rut, and whatever activity there is in education outside, it maintains its time honored stolidity. Yet with all this no one doubts but Dr. Jacks intens time to time on the above subject, tions are good, and that the highest have not gone to the winds. In a few tion a credit to himself and to the Province.

THE MILL STRIKES.

The employes in the mill of Mr. Snowball, feeling they had not been treated well, at noon on Monday, refused to work any longer, unless their pay was raised to last years figures. This was refused, and then the men left the mill, and their next offer was a slight increase on last years figures.

This being a personal concorn of Mr. Snowball's, we naturally feel to the grant, as he has been a stumb- interest of her subjects, and her soldiers. some diffidence in referring to it, and ling block, ever since his election, Bismark is morose. but that a correspondent, who is a to the commonest justice to our workman in Mr Snowball's mill. has twice already asked permission to state his case, and the case of his fellow employes through our columns, we should make no reference to the

The point upon which our correspondent lays most stress is the system of employing men without saying what wages they are to receive, and at the end of a fortnight arbitrarily fixing the amount. This to us seems wrong, inasmuch a- there ought to be two voluntary parties to every contract or bargain. Where there is only one party voluntary, the con-

wages, though our correspondent riculture.

asks our opinion upon it, we must Star asks our opinion upon decline to say further than we said before; though we have our own pri vate, and strong opinion upon the matter: no other mill, so far as we can learn, has made a reduction of wages, compared with last years rates. and we are unable to understand

RUSSIA.

The Czar of Russia is sore beset. " It is the duly of your parliamenta- Every mail brings him threatening ry representation to sacrifice his messages, every breeze that passes by, reposeand his pleasures to yours, and bears ominous mutterings. Nihilism above all, TO PREFER IN ALL CASES seems to have taken root all over the land. It crops out among the terfs and the nobles and has made its appearance in the highest ranks of the while he sleeps he is guarded by Cossacks, armed to the eyes. The peohe answers that the freedom his father create the division you deplore?" granted to the seris, called down only a thousand dangers upon the crown and the country. So it did. The chance weak enough, unless they can emanc:pation of millions of men who prove they were born in England or had long forgotten God, and believed in Scotland, and educated at Oxford in no state beyond the tomb, men or at Edinburgh. When the vacancy steeped in ignorance and filled with was created by Professor Fosters re- hate of all authority by ages of grotirement, we know that the fitness of the candidate in physique, in intellect, like letting loose a menageric of wild be called.
