Extreme Misery Day And Night

Follows a Breakdown of the Nervous System.

Misery day and night is the lot of hosts of men and women who are today the victims of weak nerves. Thin, pale, drawn faces and dejected attitude tell a sad tale, for nervous weakness means being tortured by morbid thoughts and unaccountable fits of depression. These sufferers are painfully sensitive and easily agitated by some chance remark. Sleeplessness robs them of energy and strength; their eyes are sunken and their limbs tremble; appetite is poor and memory often fails. This nervous exhaustion is one of the most serious evils affecting men and women of today. The only way to bring back sound vigorous health is to feed the starved nerves, which are clamoring for better blood. This new blood can be had through the use of Dr. Williams' Pink Pills, which have a direct action on the blood, and through the blood on the nervous system. That a fair use of this medicine will bring satisfactory results is shown by the experience of Mrs. Marsh, Bass River, N. S., who says: "Following a run down condition, I became practically a nervous wreck. The doctor who was called in said the trouble was inflammation of the nerves. It grew so bad that practically I had no control of my lower limbs, and had to go about with crutches. Quite aside from my suffering I had a small family and a job in arms to care for and I became much discouraged, as I did not appear to be growing better. One evening my husband met an aged doctor on the street and told him of my condition. He asked my husband who was attending me, and when told said: "I don't want to interfere, but why not try Dr. Williams' Pink Pills." My husband got me a supply of these pills and after taking a few boxes I was able to go about with the use of one crutch. Continuing the use of the pills I was able to discard the other crutch as well, and was as active as ever I had been. There are many in this neighborhood who know what my condition was when I began the use of Dr. Williams' Pink Pills and who know what this medicine did for me, and I hope my experience may help some other sufferer."

Dr. Williams' Pink Pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CHATNAM AFTER SUSSEX'S SCALP

Efforts are being made to bring the Chatham and Sussex hockey teams together on the big surface at Bathurst. The game at Moncton was not in any way the test of the relative strength of either team. Several influential citizens of Bathurst, with W. J. Fenwick as the active promoter, are desirous of seeing the teams at Bathurst. Chatham has expressed its willingness to play there and the decision of the Sussex team in the matter is being awaited.

STOMACH IN ORDER!
NO INDIGESTION,
GAS, SOURNESS

"Pape's Diapiesin" has proven itself the surest relief for Indigestion, Gas, Flatulency, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

Preferable Root Varieties

Ever since the Experimental Farms System was inaugurated, experiments with field root varieties have been conducted on a large scale. An analysis of the results of the experiments during a large number of years is rather interesting. In the first place, it shows that it is impossible to draw any reliable conclusions from a few years' results only, a practice which unfortunately is often followed. If applied to field roots, it will lead to unreliable deductions which may cause either booming of mediocre varieties or misjudgment of desirable ones. Secondly, they show that, it does not necessarily follow that the varieties yielding the heaviest tonnage per acre are really producing the largest amount of food constituents per acre. Thus, there are varieties yielding the heaviest tonnage per acre are really producing the largest amount of food constituents per acre. Thus, there are varieties which regularly may be found to be heavy yielders but which, on account of a comparatively low dry matter content, may produce less actual food per acre than varieties which are yielding smaller tonnage but are richer in dry matter. Finally, the results of the experiments have demonstrated that although a variety may be found normally to be excellent in a certain part of the Dominion, it does not follow that it is equally as good, or even desirable at all, in other parts where the climatic conditions are different. This is especially noticeable in certain mangel and swede turnip varieties characterized by a small top, as are a large number of the varieties developed on the European continent. These varieties may produce heavy returns under conditions permitting of planting the rows close together, say 18 to 20 inches, and they may also give heavy yields in districts where the moisture supply is abundant and the summer moderately hot. With wider planting between the rows and in districts where hot and somewhat prolonged dry periods generally occur, small-top varieties are somewhat unreliable for the reason that the small foliage leaves the ground between the rows exposed to the drying out and heating action of the sun. This condition of the soil may cause the leaves to be burned off which in turn may prevent the rotten crop from growing normally. Under these circumstances, large-topped varieties are to be preferred, especially in the interior sections of Canada; in the Maritime Provinces and on the Pacific Coast, the small-topped varieties so common on the European continent and sold to some extent in this country may be grown to advantage.

Concerning the shape of the varieties, our experience has been that roots of medium length or even short ones generally give the best satisfaction. They are easier and therefore cheaper to pull and can be brought into storage in a physically better condition than very long and deep varieties. According to our experience we would particularly recommend for Canada in general:—
Of Mangels: Yellow Oval varieties and Sugar Mangels.
Of Swede Turnips: Round and Oval Purple Top Varieties.
Of Carrots: Medium Long White and Yellow Varieties.

Ventilated Rooms

In an interview today on the subject of ventilation of bedrooms, Dr. B. Franklin Royer, Executive Officer of the Massachusetts Halifax Health Commission, said "If one were to advocate the smashing of every storm sash in the sleeping rooms of this province he would be considered an extremist, and yet every public health worker will tell you that smashing of storm sashes on bedroom windows would be a great boon to the health of Nova Scotians."

"Buy extra blankets for bedroom use, never invest in storm sash for sleeping rooms. "Throw up your bedroom windows, make health while the moon shines. Utilize night air in fair weather and foul weather; in fog and in storm. Such air is always to be preferred rather than the re-breathed poisonous bedroom air, especially air in the bedroom with closed windows and sealed with storm sash."

"Bad ventilation of bedrooms means high death rates from lung diseases. Sick rates and death rates from pneumonia, tuberculosis and like affections reach their highest peaks in March and April. Housewives may greatly reduce these sick rates and

Children Cry for Fletcher's

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

death rates by smashing storm sashes and throwing up bedroom windows. Wide open windows, outdoor sleeping porches in use night and day with plenty of blankets and food cure the tuberculous sick at Kentville Sanatorium. Why not practice preventive medicine at home? Invest in fresh air bonds and clip good health coupons."

BEAVERBROOK A VERSATILE MAN
(Anglo-Canadian in London Letter to Toronto Mail.)
Lord Beaverbrook is adding to his reputation as a versatile man, for he is now renowned as a philosopher. His popular newspaper, the Sunday Express, has been publishing articles from his pen on such subjects as Success, Luck and Happiness, which have their universal appeal. This Canadian newspaper proprietor is a man of many parts. A keen business man, an author, a journalist, a politician and above all an Imperialist, in the sense of desiring above everything else the prosperity and unity of the British Commonwealth.

OXO CUBES
A daily cup of OXO makes good the wear and tear due to cold and fatigue. So handy, too. Made in a minute, the minute you want it.
Tins of 4 and 10 cubes
A CUBE TO A CUP

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

Teach Your Children the Value of Money
Open Savings Accounts for each one of your children. Insist upon regular deposits from pocket money. Thrift will gradually become a strong trait in each child's character. There is a branch of this Bank near you and a Savings Department at every Branch.
