ST. PIERRE BULLETIN.

Oct. 27.—(Official.)
The fighting is particularly heavy at the entrance of the Yser and in the region of Lens. In this part of the front the allied forces have not fallen back anywhere, but have continued to progress in the region between Ypres and Roulers. In the region of Soissons and Berry-au-Bac an artillery duel has turned to our advantage and resulted in the destruction of several German batteries. In the region east of Nancy between the forest of Bezange and of Parroy we have taken the offensive and thrown the enemy beyond the frontier.

Russia.—On the San and south of Przemysl, the Russian offensive is growing. Deserters from Przemysl affirm that many men are falling victims to epidemics, and that medical provisions have given out. Everybody is obliged to work constantly at the fortifications which are quickly destroyed by continual Russian artillery which keeps going even during the night by means of powerful searchlights.

LITTLE TO REPORT.

PARIS, Oct. 27.
To-night's official announcement says that there is nothing to report, except some progress on the part of the allies to the south of Dixmude.

ENEMY DRIVEN BACK.

LONDON, Oct. 27.
A despatch from Paris says: Again to-day there is no marked change to report in the general situation, though the impression remains favorable, and it is said that the allies have advanced slightly between Ypres and Roulers, and about Soissons. In the Nancy district the enemy has been driven back beyond the frontier.

DEFENDERS IN BAD STATE.

PARIS, Oct. 27.
The Russian bombardment of the fortress of Przemysl in Galicia, says a despatch from Petrograd, was conducted during the night, aided by strong searchlights. Deserters from the fortress say that many of the defenders are succumbing to epidemics, and that medicine and provisions are virtually exhausted.

PORTUGAL ALLY OF BRITAIN.

LISBON, Oct. 27.
Portugal is excited at the possibility of taking part in the war as the Ally of Britain under the Treaty which required this country, if asked, to supply 10,000 troops. The Government, anticipating a winter campaign, has ordered 10,000 thick uniforms, and is buying great numbers of mules.

EXPULSED FROM BRITISH TERRITORY.

PEKIN, Oct. 27.
The authorities at Hong Kong and other British possessions in China, to-day issued orders for the expulsion from British territory of all Germans and Austrian subjects, except those of military age, who will be detained. The order is to be effective on November 1st.

GERMAN GENERAL REPORTED DEAD.

LONDON, Oct. 27.
A despatch from Rotterdam says that General Von Bosseler, conqueror of Antwerp, is dead. It is said that he shot himself on Thursday in a room at Bruges.

EULOGIZES KITCHENER.

CHATHAM, Ont., Oct. 27.
Speaking of the war, while motoring through Chatham on his way to Detroit, Thomas A. Edison, the famous American inventor, declared that he had profound admiration for Lord Kitchener, who, he said, was the hero of the British Empire, at the present time.

MINE EXPLOSION.

ROYALSTON, Illinois, Oct. 27.
A hundred or more miners were killed, it is believed, in the Mitchell coal mine here to-day, when an explosion occurred in the lower level of the mine, soon after 300 men began work. Of those who entered the

mine 100 escaped, but 30 bodies were soon brought to the surface. More than 100 other men are known to be imprisoned in the lower level, cut off from rescue by fire. It is thought that all those shut off by the wall of flame in the interior soon burned to death.

MANCHESTER COMMERCE MIXED.

BELFAST, Oct. 27.
The British freight steamer Manchester (Commerce), bound from Manchester for Montreal, struck a mine at midnight, last night and sank. The captain and thirteen men were drowned. Thirty other members of the crew were saved by trawlers.

ADMIRALTY WARNS SHIPPING.

LONDON, Oct. 28.
The Admiralty has warned ship owners that the Germans have succeeded in laying mines around the North of Ireland, and that ships should therefore not pass within sixty miles of Tory Island. It is considered probable that it was one of these mines that the British steamer Manchester of Commerce struck.

OFFICIAL FROM BERLIN.

BERLIN, Oct. 28.
The battle on the Yser canal near Ypres and southwesterly from Lille, is proceeding with the same stubbornness. Yesterday the German troops made progress. On the other battlefield in the western theatre no important events have occurred. To the west in Augustow the attack of the Germans is slowly proceeding. To the southwest of Warsaw our troops have repulsed all attacks. Strong Russian forces are north of Ivanow. A new Russian army corps has crossed the Vistula.

GERMANS PAY DEARLY.

LONDON, Oct. 28.
A despatch from northeastern France says that the Germans were yesterday driven back across the Yser River, with heavy losses, by the French infantry, aided by fire of the Minitors. When the Belgians undertook the defence of the Yser they held it for a week. Then by sheer weight of artillery and men the Germans pushed the Belgians back but before they paid the full cost for the temporary gain. At last two army corps faced the Belgians. Their object was to force their right into

France and thus succeed in turning the Allies left. It cost the Belgians 1000 casualties to prevent the attainment of their object. It is reported from reliable authority that the German Emperor had placed eight army corps in this section of the field and their losses have been frightful and their successes practically nil. Towards the end of last week the situation was doubtful, but now there is no reason to fear failure. On the contrary, first class success may be looked for which will place the Germans finally on the defensive in the West. Great progress is being made in the reorganization of the Belgian army.

HOUSEHOLD NOTES

Buy soap by the hundred cakes if you would be economical.
Household cleansing powders, etc., give much cheaper bought by the box.
Tomato is said to be successful in removing ink stains from white materials.
Put lettuce and celery in cold water they will wash much more easily.
Plain paraffin oil is excellent for cleaning, dusting and polishing generally.
Powdered oyster shells are excellent to mix with the soil for "potted plants."
Use an old tea kettle in watering houseplants, then you will not spill a drop.
Use a bit of white paper to test an oven. If it turns brown, the oven is too hot.
Marshmallows cut in dice and added to a fruit salad make a pleasant change.
If eggs are stained, wash them quickly in water containing a little vinegar and salt.
A novel cranberry sauce has seed-water added to it. Or, of course, it requires less sugar.
A little tin funnel, held up by its ring, is excellent to hold a ball of string in the kitchen.
Removing the outer leaves of the cabbage before boiling it will lessen the objectionable odor.
Baking soda will sweeten milk vessels and clean brushes, and it is good for dish washing.

EXPLAINING THE VALUE

of the protection afforded by fire insurance should not be necessary. Everybody knows of instances where the lack of it has resulted in ruin. So we won't waste time in arguing. We simply urge you to have us

MAKE YOU A POLICY at once. It will be in one of the best companies and the rates will be the lowest.

PERCE JOHNSON,
Insurance Agent.

St. John's, Oct. 27.

Indigestion, Gas or Sick, Sour Stomach.

No Indigestion, Gas, Sourness or Upset Stomach if you'll take "Pape's Diapepsin"—Try This!

"Do some foods you eat hit back—taste good, but work badly; ferment into stabbins humps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Diapepsin, for this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so entirely effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so that you can eat your favorite foods without fear.
Most remedies give you relief sometimes—they are slow, but not "sure." Pape's Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.
You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.
Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

T. B. LAVERS,
St. John.

Improvement in Trade.

The arrival of so many cargoes of bolls from the outports during the past ten days, has made a noticeable improvement in trade on Water Street. The weather, however, has been unfavorable for discharging these cargoes and a few fine days would be hailed with satisfaction. On the whole trade is far below that done at this season in recent years, and much less cash is in circulation.
It is best to cater to the children's taste for sweets by making good, wholesome candy at home.
MINARD'S LINIMENT FOR RHEUMATISM.

This Date in History.

OCTOBER 28.
New Moon—19th.
Days Past—300 To Come—64
S. S. Simon and Jade.
JOHN LOCKE died 1704, aged 72. The parent and representative of English philosophical thought in the 18th century. Author of the famous "Essay concerning Human Understanding."
MAX MULLER died 1900, aged 77. He came to England from Germany in 1846 and became Professor of Modern Languages at Oxford. He was a chief authority on Oriental manuscripts and his books on philological subjects are standard works.
HARVARD UNIVERSITY founded 1826. The first American University established by John Harvard a settler from Cambridge, England.

SAUERKRAUT'S EXCURSION.

Herr von Sauerkraut went for a spree as blithely as you please; "Mein first stitop" shall be Brussels, "Und there I'll take mein case."

To Brussels he went, and caused a din painting the old town red; "My next excursion shall be Paris," The Herr von Sauerkraut said.

"Then afterwards, ho for London town!" Which won't be long, I trust; Mein goodness, ah! it's fine to be me, When out upon the bust!

But lo, behold! when Paris he neared, A fit of nerves he got; He said "Mein welcome would be too warm, One leedle bit too hot!"

"Und, as for London, it don't seem good For me, as things now are, To make the trip; I'd better stitop short— I'd refered so far!"

"Hallo, not 'is dis' old telegram!— Come back quick to Berlin— Drop Paris and London—you're wanted 'ere— You've got the brokers in!"

Sulphate of Ammonia.

St. John's Gas Light Company.
"Sir, I have analyzed a sample of Sulphate of Ammonia made at your Works, and I found 20.5 per cent. of NITROGEN, Sulphates of Ammonia and Nitrate of Soda are the two principal Nitrogen manure.
Sulphate of Ammonia is less soluble than Nitrate of Soda, consequently it is a safer manure to use during a wet season.
Yours truly,
D. JAMES DAVIES, B.S.C., F.C.S.,
Analyst and Assayer.

Fishery Reports.

Oct. 15th. From W. Cunningham, (Cow Head to Indian Burying Place)—The total catch is 3710 qts. and for last week, 75. Forty-one boats but no herring or shillie are being. Prospects are poor; herring being scarce no squid obtainable for bait. Operations the last week were hindered by very high winds.

Oct. 24th. From M. Jenkins, (Cow Head to Trout River)—The fishery is almost finished. This week's report includes more territory than previously given as it was impossible to get anything like accurate accounts from Cow Head till the voyage was finished. This report is reliable as the amounts have been obtained from buyers; and as all the fish caught in this section is sold green and has not yet been shipped.

There arrived at Harbor Grace within the past few days from the fishery with poor catches—
The Empress, G. Adams, 400 qts.
Arthur Jim, J. Power, 50 qts.
Seal Islands: Minnie J. Harris, M. O'Brien, 100. Punch Bowl; Saffron, J. Shevlin, 100. Punch Bowl; Theresa, A. Nohkott, 50 qts.
Long Island: Minnie Mac, R. Glavin, 50 qts. Siles.
