Guelph Evening Mercury

WEDNESDAY EV'G, SEPTEMBER 4.

DAVID STIRTON and PETER GOW, the Labourer's candidates.

HOW TO VOTE.

Some of the electors are in doubt how they should vote—that is, whether they can vote for a representative to the House of Commons at the time, and then afterwards go back and vote for a representative to the local Parliament. There is nothing in the Act which will warrant the Returning Officer in taking the votes in this fashion. In several other constituencies we notice that the Returning Officers have instructed their clerks that electors must vote for both members at the same time, and if they do not vote a second time, we understand that the Returning Officer for the riding has given his deputies similar instructions. Electors, therefore, who wish to exercise the full right of the franchise must vote for both candidates at the same time, or they will lose a vote.

Let every Reformer vote the whole ticket, at one and the same time.—Don't split your votes, but record your vote for STIRTON and GOW.

MECHANICS.

Vote for PETER GOW, for his energy and for the fact that you are ashamed of your class. Show them you are not, but you have unbounded confidence in Working Men's Friends—STIRTON and GOW.

A Word to the Electors.

The time for action has nearly arrived. You will be called upon on Friday to exercise the right which as men you possess, and to vote for men in whom you have most confidence, and who will by their ability and experience do you and the country the greatest service in the future. It is needless for us to discuss at length the claims and capabilities of the different candidates. We have already done so repeatedly. We have shown what Sturton and Gow have done for the past, which is the best guarantee that they will be equally faithful and true to you in the future. We have shown how and for what purpose Messrs. Stone and Leslie have brought out. They are the nominees of a few office-seekers about Guelph, who cannot show that they are so much as obtained Mr. Stone's consent to run, but are using his name and his authority, and who seek to place him in a position for which he has no desire. What folly, then, would it be to support a man against his own wishes?

Mr. Leslie is the candidate of an election in town, who along with the same office seekers have brought out as their most convenient tool, will do as they tell him, who is glad to advance their interests to the detriment of the public, and who at all times be easily moulded to their purposes. Read his letter to the Licensed Victuallers' Association and the pledge there given, and say, can you conscientiously support such a man. He is the merest creature of Dr. Clarke, who had to lead his meetings and speak for him, he could not speak for himself, but reliance can you honest electors put in such a man? To return him to Parliament would be to sacrifice the interests of the Riding perhaps for ever.

Let every honest, right-minded man vote for the men who are free and independent on their own judgment, who are not like Mr. Leslie hand and foot to Dr. Clarke and the Tavern Keepers. Let them vote their votes EARLY ON FRIDAY for STIRTON and GOW, who are looking after your interests, and fighting your rights, and who will support you in Parliament. Let them vote early on Friday, and before twelve o'clock on Friday.

Star relates that after the young officer in the army, who had tremendous numbers of the members of the war, "your mousie?"

THE PACIFIC COAST.

British sentiments can take root and vegetate on the soil of the United States. At least so it would appear from an article recently published in the New York *Albion*, which proves fully that the conductors of that journal believe what they assert in their motto, that "they who cross the sea may change their skies, but retain their former spirit." The boldness of the article in question is to say the least, somewhat surprising, for although the Press in the States is an institution which enjoys almost unbounded liberty we are rather astonished that a journal, overtly professing to be imbued with such anti-American and such pro-British principles, if beyond the reach of suppression by law, should not fall from the antagonistic action of popular opinion. Yet it lives, and is popular, successful and respected. To what can we attribute its prosperity? To nothing else than the absence of an aggressive greed for territory on the part of many American citizens, and to the fact that many have changed their skies only when "they crossed beyond the seas." Our admiration of actions depends to a great extent upon the relation the parties making them sustains to us, or upon the manner in which we ourselves are affected by them. We, in Canada, admire the bravery of the man who dares to love his native country, and evince his regard by the utterance of friendly counsels even though those should be detrimental to the land he has adopted; but there is a possibility of the medal being reversed, and of our seeing in the light of cool, unblushing impudence what, when it was beneficial to ourselves, we looked upon as patriotism. However this may be, the New York *Albion* speaks its feelings on the retention and colonization by Britain of the Northwest Territory, and is of opinion that the sooner it loses the step-child relationship it now holds to the mother country, and is adopted into the family of Confederated Provinces it will be so much the better for British interests. It says:—

"What is now wanted is, not legislation, but colonization and internal improvement and development, rendering the inhabitants prosperous and contented. Without this, legislation is worse than useless. These fertile countries must be opened up, utilized, and united to the Dominion by teaming highways, and this too without delay, or the Constitution of the new Dominion is not worth the paper it is written upon. Every inducement and seductive argument will be made use of promptly and persistently by the American press and people to induce these weak and desponding dependencies to change their allegiance, and unless there be something done, and done without delay, these sophistries will eventually prevail, and lead to serious trouble, if not actual collision between the two Governments interested. As to Great Britain even entertaining the idea of a cession of the Pacific slopes and harbours to the United States, the idea is simply absurd."

It is further of opinion that the depleted state of the American Treasury will prohibit Mr. Seward's indulging in speculations in real estate for some time to come, but thinks that if Great Britain would even consent to sell the colony, and thus sacrifice her best interests on this continent, all hopes of erecting a powerful and lasting kingdom on the British model in North America may be at once abandoned, and the new Dominion pronounced a failure. These are the words of truth, and the question is one on which the candidates now before the people join issue. That there is a vast, beautiful, fertile territory to the north-west capable of supporting many millions of people everybody in Canada knows, and that it has been knocking for admittance into the Confederation is also well known, and so the whole matter becomes narrowed down to this: shall men of liberal views and expanded ideas who will encourage immigration and employ to advantage this almost buried talent of Britain be returned to Parliament, or shall "French domination" once more be unhesitatingly acknowledged, and this bright appendage of the British crown be allowed to go by the board and drift into the possession of the astute, designing Yankee.

THE POLLING PLACES.

The polls will be open on Friday and Saturday from 9 o'clock a. m. till 5 o'clock p. m., each day. The polling places and Deputy Returning Officers are as follows:—
GUELPH TOWN.—West Ward, at the Senior Girls' School, E. Newton; North Ward, Court House, Jas. Armstrong; South Ward, at the School House, George Hough; East Ward, at the Market House, Daniel Kribs.
GUELPH TOWNSHIP.—At the school house, near Blyth's, Archibald McCorkindale.
PUSLINC.—First Division or new survey, at McCaig's Corner, Chas. F. Heath; Second Division, or old survey, at Aberfoyle, R. T. Johnston.
We need not remind our friends that it is of the greatest consequence they should poll their votes on the

QUITE ASTRAY.

Mr. Sayers at the Stone-Leslie meeting at O'Neill's on Monday night makes Mr. Sturton responsible for the Municipal Bill which is to deprive many electors after the first of January next from voting. The legislator for the East Ward is quite astray as usual, but he thought it was a good card to play with his constituents, and consequently he was not very scrupulous whether or not he blamed the innocent, so long as he made a point against Mr. Sturton.—Mr. Sayers ought to know that the Coalition Government of 1864 is responsible for it. John A. Macdonald took the Bill in hand after it had passed the Committee, took upon himself the responsibility of passing it through the Legislature, and in common with his other Conservative colleagues voted for it, and succeeded in getting it made the law of the land.

CLOSING OF HOTELS & GROCERY STORES.

We would remind Hotel Keepers and Grocers that their places of business must be closed on Friday and Saturday, in accordance with the Law respecting Elections. The clause referring to this matter will be found in the Con. Statutes, Cap. 6, Sec. 81, and reads as follows:—
"Every hotel, tavern and shop, in which spirituous or fermented liquors, or drink, are ordinarily sold shall be closed during the two days appointed for polling in the Wards or Municipalities, in which the polls are held, in the same manner as it should be on Sunday during Divine service, and no spirituous or fermented liquors or drink shall be sold, or given, during the said period, under a penalty of one hundred dollars against the keeper thereof, if he neglects to close it, and under a like penalty if he sells or gives any spirituous or fermented liquors or drinks as aforesaid."

NOMINATIONS AND ELECTIONS.

BROCKVILLE.—Close of poll. Crawford's majority 174; Fitzsimmons' 24.
SOUTH LEEDS.—Crawford's majority over A. N. Richards, first day, 48. Tett's majority over Hon. Stephen Richards, 55.
SOUTH LANSARK.—Shaw's majority over Code, first day's polling, 364.
NORTH BRANT.—First day's poll, Bown was 10 ahead of Clement, and Finlayson 19 ahead of Turnbull.
NIAGARA.—Morrison, 300; Thompson, 250. Robertson, 302; Currie, 252.
WEST HASTINGS.—Majority for Brown, first day, 474. Graham's majority, 600.
NORTH WESTWORTH.—First day's polling, Brown had a majority of 50 over McMonies, and Miller 54 over Christie.
NORTH OXFORD.—Majority for Perry 232.
NORTH NORFOLK.—Walsh's majority over Duncombe 32. Wilson over Foley 1.
WEST PETERBOROUGH.—Majority for Perry 30; for Carnegie 10.
SOUTH OXFORD.—Majority for Oliver, first day, 219.
SOUTH BRANT.—Mr. Wood is probably elected by a small majority.
HAMILTON.—At the close of the poll on the first day, O'Reilly had a majority of 28 over Williams.
FRONTENAC.—Sir H. Smith was elected by a majority of 482 over Kirkpatrick.
CHATEAUGAY.—Messrs. Holton and Lamberge have been elected for this county.
HALTOUN.—First day's polling, White's majority, 51. Barber's majority, 151.

Beware.

The enemies of true Reform are insidiously trying to convince electors that Messrs Sturton and Gow are an extremist, and that they are determined to turn out the government on the first opportunity right or wrong. The accusations are utterly false and groundless. For lack of some tangible grounds on which to oppose them, these lies are trumped up and circulated by the unscrupulous emissaries of Stone and Leslie. Electors, don't believe a word these men tell you. They dare not make their statements openly, but like cowards stab men behind their backs. There is not the slightest truth in these charges. Even Stone and Leslie's friends unhesitatingly affirm in public that the Reform candidates are as loyal as they are themselves, but secretly and privately they try to work it as a lever to gain votes. Sensible, right minded electors, what do you think of such cowardly work? Is it not shameful and unworthy men professing such love of fair play. Be assured the Reform candidates are as loyal as men can be, and they have proved it time and again in more trying days than the present. For their policy in regard to the ministry read their addresses, and you will there see that they are prepared to give the government a full, fair and impartial trial.

The Franchise.

John Sandfield Macdonald, in his speech at Hamilton on Monday night, said he would raise the franchise still higher than it is. Yet Mr. Sayers and the rest of the Tories of Guelph will support him and his "patent Combination," while they denounce Mr. Sturton for giving his assent to the new Municipal Act, which will only deprive a few from voting in comparison with the sweeping measure which Mr. Macdonald favours, and which he will pass should he have a sufficient support in the House. How therefore can the mechanics and labourers support such a man who will deprive them of their votes if he has the power.

ELECTORS.—Vote for PETER GOW,

who has brains and who can use them, and won't be a "dummy" at Toronto.
POLICE COURT.—This morning Geo. Pearson was charged by Jane Pearson, his wife, with assault and battery. Defendant had been up twice before on a similar charge; and yesterday when the constable went with the warrant, he showed his repugnance to being brought up a third time, by seizing a butcher knife and threatening phlebotomy. But a blow over the eye stretched him on the floor, and two or three more when he was down, and the knife taken from him, made him roar for mercy, and promise civil behaviour. He was fined \$10 and costs. In default of payment he was committed to the gaol.

DAVID STIRTON and PETER GOW, the Union Candidates.

108 unsuccessful attempts at suicide have been made in New York this summer.

Thread-spinning is now conducted to an extent which is most astonishing. A single pound of wool in Norwich, England, has been spun into 39,204 yards, or over 22 miles of thread. Hand-spinning, however, has beaten this, for it is announced that sixty years ago, a Miss Ives, at Spaulding, England, spun 98,000 yds., or thirty-two miles and two-thirds of thread, from a single pound of wool.

STIRTON and GOW.

Poll your votes early on Friday morning, the 6th September. One vote before 12 is worth two after. Vote for the Reform ticket.

To the Millers, Manufacturers, Produce Dealers, and Farmers of Canada.

GENTLEMEN.—We beg to advise having admitted Mr. John C. More, of Halifax, as a partner in our firm, and have opened a Branch of our business in that City, where it will be our aim to serve our friends in Canada to the utmost of our power in the attaining the best possible rates for Consignments, the extension of the manufacturing interests of the Lower Provinces, the importing thereon commission their Fish Oils, &c., and the dissemination of correct and unbiased information respecting the markets.
In consignments to Halifax, as well as Montreal, we will, as heretofore, make liberal advances against shipments, and drafts may in all cases be made at the option of Consigners, either on Montreal or Halifax.
The season being now at hand when the Cheese and Butter in the country must be marketed, we take this liberty of tendering our services for its sale here, or at either of the different principal points in the Lower Provinces or Great Britain, where we have first-class reliable correspondents, who will do the very best that can be possibly be done with Consignments. Cash advances on which will be made by us here when required.

CENTRE RIDING OF WELLINGTON.

To the Electors of the Centre Riding of Wellington.

GENTLEMEN.—At the meeting of the Convention of the Reform Party, in the Centre Riding, held at Fergus on the 4th of April last, I was elected by a majority, and afterwards by a unanimous vote, as the Reform Candidate for the representation of this important Constituency in the Ontario Assembly; and, as the nominee of the Convention, I now have the honor of soliciting your vote. In doing this, it becomes my duty to state to you plainly, if briefly, my opinions upon the leading questions of the day.
Confederation, in giving us a Local Government, has invested the one Legislative Body of Ontario with great powers, and entrusted to its keeping our Municipal Institutions our Public Lands, our Educational System, our Laws relating to Agriculture, Navigation and Civil Rights, the maintenance and management of our Prisons and Asylums, and with permission "to deal generally with all matters of a private or local nature in the Province." The Ontario Assembly will also be empowered to levy a Direct Tax, within the Province, for Provincial purposes; to borrow money, to indemnify Corporations for Provincial objects; to Legislate with respect to the Marriage Rite; and to make Laws in relation to Local works and undertakings.
It is therefore important that you should carefully and deliberately use the franchise entrusted to you in making your choice of a Representative.
Without boasting, I think I can say that my residence for more than forty years in this section of the Province, and my knowledge of the working of the Municipal Institutions (with which I have been connected since 1850) gives me some claim to your confidence on the ground of my acquaintance with these matters in this division of the Province. Our Municipal Laws requires some alterations. Our Public Lands have been sadly mismanaged, and it would afford me pleasure to be able to turn them to the use of the Province, and of the hardships of the first settlers, to a good account, and to help to devise some plan by which Immigration may be encouraged, and the balance of our wild lands profitably taken up and improved. I am a friend to cheap and convenient Education for all, and especially to the carrying out and fully developed School System, of which the Province has good reason to boast. It is almost unnecessary to say that, being a Farmer myself, and having been accustomed to earning my living by the sweat of my brow, everything relating to Agriculture would receive my most careful attention, and that I am a strong advocate for improvement, so far as a Legislative Body can give. As our new Government will be empowered to levy a Direct Tax, it is important that our Assessments should be fairly based through the Province; and should be honored with your confidence, I will give this important subject my closest attention.
I may add that any Charter for public improvements will find in me a warm supporter; and that useful public improvements will be encouraged by me. But I wish to tell you plainly and distinctly, that I do not set my face, from the first, against the extravagant expenditure which has disgraced our country during the past.
I hope to be able to meet every Elector in the Riding at the various meetings which I intend to call before the polls, when I will endeavor, in my own homely way, to explain my views at greater length.
I have the honour to be, Gentlemen, Your obedient Servant,
JOHN DOBBIN.

WHEN all the pupils, resident and non-resident, are particularly requested to be present. On Monday, September 2nd, new pupils will be enrolled, and those who failed in the previous examination, will be re-examined between 1 and 4 o'clock.

The fact that during the last five years "old College boys" have carried off three out of every four Scholarships offered at the Maritime Examination of the University of Toronto, and a large proportion of those offered at the Trinity College, is a sufficient guarantee that a Scholarship has not declined.

Very material changes have been made in the internal arrangements of the boarding house, to increase the comfort and secure the general well-being of the resident pupils.
Every boarder is required to bring with him a certificate of good conduct from the master or tutor under whom he has been previously educated.

GENTLEMEN.—Having received a requisition signed by 410 of the most influential electors from different parts of the Riding, requesting me to allow myself to be put in nomination for the Legislative Assembly of Ontario, in compliance with the said requisition, I now offer myself as a candidate for your suffrages for the representation of your constituency.
My address has been circulated throughout the Riding. To it I would refer you for my views on the political topics that are now agitating the country, also for my views on the powers conferred on the Legislative Assembly of Ontario, and for my views on the duties of your representative in the Confederation Bill.

Your most obedient servant,
