## WILL BE BURIED ALIVE.

**Dr. Tanner Believes That the Earth Will  
Nourish Him for 30 Days.**

Indianapolis, June 30.—Dr. Jas. Tanner, who demonstrated several years ago that the New Testament account of the 40 days' fast of Jesus Christ was not physically impos-  
sible by fasting for the same period, is to be buried for 30 days at Mud-laevea, Fountain County, to prove that by chemical action of the earth a form of energy is generated by which life is evolved or sus-  
tained.

The idea originated with Henry T. Kramer, and when he explained it to Dr. Tanner he fell in with it and offered to demonstrate its truth. A grave eight feet deep is to be dug in the magnetic mud and in this Dr. Tanner will be buried. He is now 75 years old, but is well and hearty.

## CHOLERA INFANTUM.

Child not expected to live from one hour  
to another, but cured by Chamberlain's  
Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey,  
of Agnewville, Va., was seriously ill of  
cholera infantum last summer. "We gave  
her up and did not expect her to live from  
one hour to another," he says. "I happened  
to think of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy and got a bottle of  
it from the store. In five hours I saw a  
change for the better. We kept on giving  
it and before she had taken the half of one  
small bottle she was well." This remedy  
is for sale by R. A. Kirkland, druggist.

A new bank—the Monarch—will be-  
gin business this fall.

## FORMAL ORDER FOR RELEASE.

**Dominion's Claim in Pere Marquette De-  
portation Case.**

Formal orders for the release of  
Everet E. Cain and J. R. Gilhula,  
the two employees of the Pere Mar-  
quette railway who were arrested  
under a warrant by Col. Sherwood  
for deportation under the alien  
labor act, were issued Thursday  
at Osgoode Hall. It is likely that  
if the Dominion Government is  
granted leave to appeal in this case  
by the Privy Council, the respon-  
sible will call upon the Attorney-  
General of Ontario to support the  
claim they propose to set up, that  
the Legislature of Ontario should  
enforce deportation. The Domini-  
on has no power, it is claimed, to  
imprison or deprive any person of  
liberty, except for a punishment  
for a criminal offence or by way of  
arrest preliminary to trial, and  
they cannot proceed a single step  
towards trying a criminal until  
jurors have been drafted and sum-  
moned by virtue of the act of Leg-  
islation.

St. Thomas, June 29.—The Cana-  
dian Government do not propose  
to submit to the decision of Mr.  
Justice Anglin in the Alien Labor  
Act Case. Robinson and Green of  
this city, were this morning served  
with notice of appeal to the Imper-  
ial Privy Council in England. The  
Privy Council sits in September,  
and the chance for the Canadian  
Government will, at that time,  
argue the motion for leave to ap-  
peal to that court of last resort.  
The judgment of the Privy Council  
will finally settle the matter. The  
Pere Marquette will contest the  
matter to the end, and Mr. Robin-  
son will go to England in Septem-  
ber to argue the railway company's  
side of the case.

## A FEW ROASTS.

**OUR DANIEL HAS COME TO JUDGMENT.**  
Judge Anglin is an ornament of the  
Canadian bench. Not since the Venetian  
judge held that Shylock might have his  
pound of flesh but not one drop of blood,  
has there been a decision so closely akin  
to it as that of the court which holds  
the deportation of an alien laborer may  
not take place in Canada from physical  
inability to get the obnoxious man out  
of the country, except by exposing some  
part of the person of the deporting offi-  
cer to the blighting influence of the  
country's air just over the inter-  
national boundary line, whereupon the  
moving arm is instantly paralyzed.—  
Buffalo News.

## REMINDED OF A STORY.

Judge Anglin's hair-splitting reason-  
ing in his judgment on the Pere Mar-  
quette case serves to call a story lately  
current: Several tins of paint were  
found among the luggage of an English-  
man who was traveling to Monaco last  
month. He was in charge of a racing  
craft, and intended to use a pigment to  
touch up the vessel after its long rail-  
way journey. The French customs  
officials, however, took exception to the  
paint on the ground that it contained  
dubious spirits, whereupon the traveler  
argued that he intended bringing it  
back on leaving the country. Asked  
how he was going to bring it back, he  
replied: "On the side of the boat."  
Even this plea did not suffice, the  
authorities arguing that the spirit  
would have evaporated.—Ottawa Citi-  
zen.

## AN EASY SOLUTION.

Would not this solve Judge Anglin's  
deportation problem? Let those Ameri-  
can gentlemen who prefer being aliens  
in St. Thomas to anything the United  
States has to offer be taken down to  
Port Stanley and sent adrift on Lake  
Erie in open boats when a strong north  
wind is blowing. They would soon be  
carried across the boundary line by a  
force that claims the right to extra-ter-  
ritorial operation. Not even Judge  
Anglin would advise issuing an injunc-  
tion against the north wind.

## SUDDEN DEATH OF A JUDGE

Port Arthur, June 30.—Francis  
Fitzgerald, judge of the District of  
Thunder Bay, was found dead in  
bed this morning. He had not felt  
well for a couple of days. The  
judge retired to bed last night at  
9 o'clock, intending to arise about  
7 this morning, to go the train to  
meet his niece, Miss Malcolmson,  
coming from the west.

Francis Fitzgerald was appointed  
judge in 1895, succeeding Judge  
Hamilton, who was transferred to  
Halton. He practised law in Ham-  
ilton before his elevation to the  
bench, and had returned a week  
ago from visiting.

## Drugging Won't Cure Catarrh

All the medicine in the world taken  
into the stomach won't cure catarrh, and  
it's useless to squander money on tablets,  
bitters and liquid remedies. Catarrh is a  
disease of the nasal passages, throat and  
bronchial tubes. Stomach medicines  
can't reach these parts. It's only frag-  
rant, healing catarrhose, which is  
breathed all through the air passages that  
is sure to reach the seat of catarrh. No  
failure ever known if Catarrhose was  
used. It heals and doesn't irritate; it  
soothes, kills the germs and therefore  
cures. Use only Catarrhose, the one  
certain cure. Two months' treatment \$1;  
trial size, 25c.

## MANY JUNE BRIDES

**Dan Cupid Kept Busy During the  
Closing Days of June**

**BLACK-M'KELLAR**  
Chatham News.—Wednesday after-  
noon at four o'clock, the residence of  
Mr. and Mrs. J. P. McKellar, Thames  
street, was the scene of a very pretty  
wedding, the occasion being the mar-  
riage of their daughter, Annie Edith, to  
James S. Black, secretary of the Manson  
Campbell Company. The ceremony was  
conducted by Rev. Dr. Battersby, pastor  
of St. Andrew's church, in the presence  
of about 45 of the friends and relatives  
of the contracting parties. Among  
those present from a distance were Mr.  
and Mrs. H. C. Graham, Brandon; Alex.  
Adams, Midland; Chas. Adams, of Ob-  
oonk; The Misses Black and Mr. Black,  
Toronto. Many others were present,  
including relatives from Detroit and  
Toronto.

The house was tastefully decorated  
in green and white, with just a sugges-  
tion of pink to add color and brightness.  
The ceremony took place beneath a  
canopy of white flowers and smilax.  
The bride, who was given away by her  
father, J. P. McKellar, was charmingly  
attired in chiffon eolienne with veil,  
and carried a bouquet of bridal roses.  
Her brother, Herbert S. McKellar, of  
Owen Sound, played the wedding  
march. The bridesmaid, Miss Stone, of  
Detroit, cousin of the bride, was prettily  
dressed in silk etamine over white silk  
taffeta, and carried pink roses. Little  
Helen Leitch, of Detroit, and little  
Helen Sinclair, of Toronto, were dressed  
entirely in white and carried baskets of  
pink roses. Little Dora Leitch, of De-  
troit, and Mary Sinclair, of Toronto,  
were ribbon girls. The groom was sup-  
ported by W. Mowbray, of the C. O. I.  
staff, but now of Upper Canada College.  
The presents were many and beautiful,  
testifying to the high esteem in which  
the contracting parties are held.

Mr. and Mrs. Black left on the 9.35  
Wabash train for their bridal tour, in  
the course of which they will visit  
Kansas City, Denver, Los Angeles and  
Portland, returning by way of Banff,  
Calgary and Winnipeg. They will be  
gone a month.

Both the contracting parties are  
widely and favorably known in the city,  
and the congratulations of a host of  
friends are theirs.

## M'INTYRE--VENNING

The marriage of Miss Bessie Florence,  
youngest daughter of Mr. and Mrs.  
Venning, and Mr. A. G. McIntyre, was  
quietly solemnized on Wednesday after-  
noon of last week at the home of the  
bride's parents, "Broadview Place,"  
Dunwich. Rev. Geo. Elliott, pastor of  
St. Peter's church, Tyroneville, officiated.  
The couple were unattended.  
After congratulations from those pre-  
sent, all partook of a dainty lunch,  
served by Caterer Elliott.
