

London Saturday Advertiser

VOL. XXXII., NO. 170

SATURDAY EVENING, MAY 11, 1895.

WHOLE NO. 12190.

Crucial Test.

Hot Debate Over the German Anti-Socialist Bill.

The Third Paragraph Rejected by a Large Majority.

Sir Charles Rivers-Wilson Elected President of the G. T. R.

Arrangements for Formally Annexing Formosa to Japan.

SOON SETTLED.

London, May 10.—Jem Smith boxed Ted Pritchard at the Central Music Hall for a purse this evening and defeated him in the second round.

GRAND TRUNK CHANGES.

London, May 10.—At the meeting of the Grand Trunk board today Sir Charles Rivers-Wilson was unanimously elected president, and Jos. Price was made vice-president.

NATALIE'S RETURN.

Belgrade, May 10.—Ex-Queen Natalie entered the city in triumph today after her four years' banishment. King Alexander and his Ministers and high officials welcomed her at the station. The crowd received her enthusiastically.

TO ANNEX FORMOSA.

London, May 10.—A dispatch from Tokio to the Central News says Admiral Viscount Katsurama, with Mr. Midzuno, Chief Secretary of the Lower House of the Japanese Diet, with a suitable escort, will proceed to Formosa in a few days for the purpose of formally annexing that island.

A SOLDIER'S FUNERAL.

Berlin, May 10.—The funeral of Field Marshal Gen. Von Pape, former military governor of Berlin, took place today, the ceremonies being conducted with full military pomp and honors. The cavalry, artillery and infantry, comprising the Berlin garrison with veiled standards, and accompanied by three bands, turned out and marched in the funeral procession to the Invaliden Cemetery. The Emperor walked in front of the hearse all the way from Moabit, the chief mourners walking behind the body.

A CRUCIAL TEST.

Warm Discussion Over the German Anti-Socialist Bill.

Berlin, May 10.—In the Reichstag today, Herr Groeber (Clerical) announced on behalf of the Centrists that that party would vote for the Anti-Revolution Bill only in the shape in which it came from the committee, and would reject Herr Von Levetzow's and all other proposals and amendments. In the course of his speech he warned the Government not to arouse the existing feelings of the people to such an extent that they would sweep away everything emanating from "up there" (pointing to the Government tables).

Dr. Schoestedt, Prussian Minister of Justice, in reply declared that Herr Groeber possessed neither the authority nor the capacity to criticize the Government. President Buol announced that the House would be divided upon every amendment up to paragraph 3, then on each sub-division of the paragraph itself, finally on the paragraph itself.

Dr. Siegel (Independent) resumed the debate for the Opposition, combatting the bill in behalf of the Bavarian peasantry. He provoked great laughter by first noting in detail the severity of the provisions of the bill and then showing how incomplete the Government's drastic measures were. As an instance he said there were no laws whereby a police spy could prevent adultery.

TORRID TEMPERATURE.

The Hottest 10th of May on Record in New York—Sweltering in Kansas.

New York, May 10.—The Mercury at 2 p.m. today registered 95° in the shade. This is the hottest May 10 on record.

Pepeka, Kan., May 10.—During the past two days a hot wave has swept over Kansas that has not been equaled at this season for many years.

Whatever will give us light and wholesome food at a fair outlay tends to make life not only bearable, but pleasurable. Dr. Price's Baking Powder will do it.

SMOKE AND FLAMES.

Harrison, Ont., May 10.—Fire started in the stables of Welland's Market Hotel today, completely destroying the hotel stables and livery barn, together with a brick dwelling adjoining. Brisbane's drygoods and boot store, and a dwelling occupied by A. F. Clinie were damaged. Welland will lose heavily. This is the worst fire Harrison has experienced for some time.

Philadelphia, Pa., May 10.—The Lang-dell gingham mills on Franklin street were burned tonight. Loss, \$100,000; fully insured.

Wahoo, Neb., May 10.—The village of Cresco was about destroyed by fire this morning. Loss, \$75,000; one-third covered by insurance. Twenty-eight buildings were consumed.

PRESIDENT OF THE A. P. A. Milwaukee, Wis., May 10.—W. J. H. Traynor, Detroit, was today elected supreme president of the Protestant Protective Association of America, and C. T. Beatty, of Detroit, supreme secretary. John King, a colored delegate from St. Louis, was made supreme guard.

MANTOBA REMAINS FIRM.

Winnipeg, Man., May 10.—Attorney-General Sifton and Premier Greenway will leave for Ottawa next week in connection with the school question. It is understood they have been summoned by Lord Aberdeen to discuss the remedial order, but national school supporters and the Ministers themselves say they have not the least intention of abandoning their position. It was necessary, they say, to adjourn the Legislature in order to obey the commands of the Governor-General, but he cannot change their convictions.

Terrible Suspense!

No News of the Missing Steamer—Glad Tidings.

With Her Nine Missionary Passengers and Crew.

Names of the Ministers Who Were on Board—The Government Urged to Send Out a Searching Party.

Toronto, May 10.—These are the names of the missionaries on board the Methodist missionary steamer Glad Tidings, which left Port Simpson ten days ago for Victoria, and is reported missing: Rev. Thomas Crosby, of Port Simpson; Rev. Stanley Osterhout, Rev. R. B. Beavis, Rev. Dr. Jennings, from the Uxbridge Conference; Rev. B. C. Freeman, Rev. J. C. Spencer, Rev. C. J. Raley, lately of Peterboro Conference, Rev. T. Neville, Rev. W. H. Piere, a native missionary.

The Glad Tidings is a wooden steam yacht about 70 feet in length over all, and she has been in use since she was launched ten or eleven years ago as a mission vessel along the coast of British Columbia and around Vancouver Island.

Immediately on hearing that the steamer was missing, Dr. Sutherland, Methodist missionary secretary, wired Sir Mackenzie Bowell as follows: "Ten days ago the mission steamer yacht Glad Tidings left Port Simpson for Victoria, B. C., with nine missionaries on board, and has not been heard of since. A telegram has just been received from the conference now in session at Victoria, as follows: 'Urges the Dominion Government to send a searching party for the Glad Tidings and her missionaries. Government steamer chartered.' I entreat the Government to respond promptly to this appeal."

"ALEX. SUTHERLAND." Dr. Sutherland thinks it probable an accident has happened to the machinery of the steamer, which has delayed them. As there is no telegraph line up the coast no word could be sent.

RAIN AND COOLER WEATHER COMING.

Toronto, May 10.—11 p.m.—The depression is tonight, centering in Michigan, and high pressure with much cooler weather prevails west of the Mississippi Valley. Fine, warm weather is general in Canada from Lake Huron eastward, and fair, cool weather in the Northwest Territories.

The minimum and maximum temperatures reported for today are: Edmonton, 24-60; Calgary, 24-56; Prince Albert, 26-54; Qu'Appelle, 24-56; Winnipeg, 30-54; Pelly Sound, 56-86; Toronto, 56-82; Montreal, 62-84; Quebec, 62-82; Halifax, 50-78.

Toronto, May 11.—1 a.m.—Probabilities for the next 24 hours for the lower lake region (covering the peninsula and as far east as Pelly Sound): Winds, shifting to west and northwest; fair to cloudy, with local rains and thunder storms, and a change to much cooler weather.

DEADLY CIGARETTES.

They Killed Cincinnati's Health Board Clerk.

Cincinnati, May 10.—From 180 pounds John Cameron fell away to 90 pounds, then died. The cause of his demise was excessive use of cigarettes. Cameron was a prominent figure in local politics, and was chief clerk of the board of health.

DEADLY COAL DUST.

Trinidad, Col., May 10.—An explosion of coal dust this morning in mine No. 10 south of Sopris, near this place, resulted in the instant death of four men. Three leave families.

BOY DROWNED AT WINDSOR.

Windsor, Ont., May 10.—Stanley, the 8-year-old son of Mr. and Mrs. Douglas McQueen, who resides on Sandwich street, near the Canadian Pacific Railway docks, was drowned in the river this afternoon. He was playing on the railroad dock about 1 o'clock, when he slipped and fell, sinking from sight immediately.

CAPTURED FIVE MILES OF NETS!

Blenheim, Ont., May 10.—The cruiser Petrol while patrolling last night on Lake Erie, about sixteen miles off Rondeau Harbor, captured five miles of fishery nets supposed to have been put in by American fishermen, of whom at present no trace can be found.

Women insist upon having Dr. Price's Baking Powder because it makes cake, biscuit and pastry lighter, sweeter and more wholesome than any other.

WILL PAY EVERY DOLLAR.

Toronto, May 10.—Dr. Cochrane, chairman of the Presbyterian home mission committee, and Dr. Reid, the treasurer, have decided that the claims for mission work for April 1 shall be paid in full. This is possible because of the generous response made to the appeal since the meeting in March, when it was announced that only 75 per cent could be paid.

CLEARED AT NIGHT.

New York, May 10.—The White Star Line steamer Britannic arrived at quarantine tonight at 9 o'clock, and at the request of the company, health officers boarded her and inspected the 932 steerage passengers by electric light, and permitted the steamer to proceed to her dock. The Britannic is the first steamer which has been cleared at night under the new rules.

THE WORK OF EUROPEAN ARTISTS.

On Tuesday evening next Mr. J. W. Jones will commence his annual sale of pictures consigned to him from English and foreign artists. This sale has in the past created widespread interest among lovers of art, not only in London, but surrounding towns, and this year's consignment promises to do likewise. It includes work from the brushes of many of Europe's best-known landscape, marine, figure, flower and other painters, some of whose works have brought enormous prices in the old country. Mr. Jones will make it worth the time of all lovers of good pictures to attend the sale. If you don't buy, you can enjoy an artistic feast such as is rarely afforded in London.

IN THE SPORTING WORLD

Toronto's Ball Team Nearly Washes Scranton.

London Rowing Club Makes a Good Investment.

BASEBALL. NATIONAL LEAGUE SCORES—1 DAY.

At Pittsburgh—R. E. Baltimore—5 10 Pittsburgh—6 12 Batteries—Hoffer and Gleason; P. Inson; Coakley and Hart, Kinslow; Pires—Murray and Long.

At Cleveland—Washington—6 9 Cleveland—5 11 Batteries—Mercer and McGuire; Wallace and O'Connor. Umpire—Bettis.

At Cincinnati—No game, wet ground. At Chicago—Chicago—14 21 Boston—1 6 Batteries—Hutchinson and Donohue; Wilson and Bannion, Ganzel, Umpire—McDonald.

At Louisville—Louisville—8 10 New York—4 6 Batteries—McDermott and Cote; M. Keen and Boswell, Farrell, Umpire—Campbell.

At St. Louis—Philadelphia—14 21 St. Louis—4 8 Batteries—Smith and Buckley; Claiborne and Peitz. Umpire—Emslie.

EASTERN LEAGUE SCORES—1 DAY.

At Providence—Providence—4 11 Syracuse—7 15 Batteries—Rudderham and Dix; Barnett and Rafter. Umpire—Snyder.

At Springfield—Springfield—12 15 Rochester—4 8 Batteries—Coughlin and Leahy; M. Parlin and White. Umpires—Swallow and Hurst.

At Scranton—Toronto—13 15 Scranton—1 5 Batteries—Shaw and Casey; Fox and Patchen. Umpire—Gaffney.

At Wilkes-Barre—Wilkes-Barre—10 11 Buffalo—8 11 Batteries—Keenan and Diggins; Vickery and Urquhart. Umpire—Doercher.

EASTERN LEAGUE RECORD.

Springfield—10 Won, Lost, Per Cent. Syracuse—6 3 .667 Scranton—6 4 .600 Providence—6 4 .600 Rochester—4 5 .444 Toronto—4 5 .444 Buffalo—7 7 .500 Rochester—2 8 .200

HERE'S A CHANCE. To the reader guessing the exact standing of the Eastern League teams on June 15, inclusive, the "Advertiser" will be given free for one year. Clip this paragraph and inclose it with your Friday nearest the middle of June. He given preference. Guesses must be in by May 17.

THE QUEEN'S PLATE.

London is likely to be represented in the race for the Queen's Plate at Toronto on May 24. Two well-known local horses, Glen Fawn and Alice Barnes, will be reserved for another year, as they could not be got into proper condition in time. Ramlina, another London horse, went sore a few days since, but she is almost certain to be entered for the plate, and also for the Maple Leaf stakes. If everything continues to go well, Ramlina will be shipped to Toronto early next week.

Longford and several other local horses are in training for the Hamilton races.

AQUATIC.

THE LONDON ROWING CLUB. The London Rowing and Canoe Club have purchased from Mr. J. A. Thomas the two boats which they had been using, and a platform has been put down to enable the membership to get their boats into the water. Boating and rowing will boom in a day or two.

THE WHEEL.

JOHN S. JOHNSON'S STANDING. Philadelphia, Pa., May 10.—Chairman Gideon, of the L. A. W. racing board, stated this afternoon that John S. Johnson, the crack rider, has not been declared a professional as announced by the American Cyclist, of Hartford, Conn. Mr. Gideon said no action whatever has yet been taken in Johnson's case.

WESTWARD, HO!

Hamilton, May 10.—R. Guy Reid, of Halifax, who is beating his way on a rafter from that city to Winnipeg, was entertained by the Hamilton Bicycle Club, and will leave tonight for the west. He is nine days ahead of his time.

A LIVELY WHIRL.

Sarnia, Ont., May 10.—The Brantford team, Davidson, McLeod and Gibbons, rode another fast mile today, finishing in a bunch. Time, 2:13 flat, 3-5 better than yesterday. The track was perfect, and considering the time of the year, that and those riders make their own pace, the time is wonderful.

A LONG DISTANCE RACE.

Paris, May 11.—An international bicycle race from Paris to Bordeaux was begun today. Eighty-four contestants are entered. Of this number twenty are foreigners. Lucas, the English wheelman, who about a year ago finished second in a race from Bordeaux to Paris, covering the distance in 25 hours 43 minutes and 11 seconds, is the favorite in the present contest.

NEWFOUNDLAND AFFAIRS.

Dispatches from the Imperial Government in Re Confederation.

St. John's, Nfld., May 10.—Important dispatches were received today from the English Government relative to confederation. It is understood that favorable action is likely to be taken in the matter. The members of the Cabinet appear to be satisfied with the progress of the negotiations.

The most important point submitted to the imperial authorities was Canada's proposition that England assume Newfoundland's obligations and the completion of the railroad across the island. Newfoundland would be willing to pass legislation to settle the French horse question in return for England's acceptance of this proposal.

FINISHED THEIR BUSINESS.

Final Session of the East Middlesex Teachers' Association.

Election of Officers—An Annual Picnic.

THE CLOSING SESSION.

The annual convention of the East Middlesex Teachers' Association was brought to a close yesterday afternoon and the schoolmasters and schoolmistresses left for home, doubtless much profited by their two days' deliberations. The first business taken up after lunch was the election of officers, which resulted as follows:

President—Mr. J. H. Downing, Delaware. First Vice-President—W. J. Kennedy, London township. Second Vice-President—Miss A. Davidson, London township.

Secretary—Miss Charlotte A. Jeffrey, London West. Treasurer—Mr. W. H. Liddicoat, London West. Librarian—Inspector J. Dearness, City.

Executive Committee—Miss McColl, Westminster; Mr. W. T. Amos, McGillivray; Mr. Robert H. Thompson, London township. Auditors—Messrs. J. C. Robson, London township, and F. Bryant.

Discussion on the teaching of drawing was resumed. Mr. Dearness asked Mr. S. K. Davidson questions as to the proper time and method to introduce object drawing, color work, freehand, perspective, manipulation of the eraser, etc. Mr. Bryant and others joined in the discussion, making it very profitable.

Mr. G. Mawson, of McGillivray, addressed the meeting on the teaching of reduction. His plan involves much measuring of actual objects; notions of the relations of weights and measures should be taught in the concrete.

Mr. Thomas Gilbert, of Denfield, dealt with entrance arithmetic. He began with elementary fractions, and showed what he would include and what exclude in that part of the work, as well as in decimals, and gave types of questions in percentage. This paper was discussed by Mr. Liddicoat and others.

Miss S. McLellan, of Putnam, who had been appointed to take up time-tables, had to leave before her subject was called, but her paper was presented by Miss Blanche Cullen, of London West. In the rural school the economy of the teachers' time is the most important problem she has to solve.

Recitations of primary classes should come first thing in the morning; bring on the hardest studies of advanced classes as early as possible. Do not have writing or drawing immediately after recess. Try to reserve some part of every day for somewhat informal work, in which sympathies and original opinions may be exchanged.

Mr. M. Hoyt, trustee of school section No. 1, Westminster, who has already taken an active part in promoting the annual picnic of the public schools to Port Stanley, addressed the teachers on the desirability of keeping up the annual outing to the Port. In former years this event has occurred on the Friday nearest the middle of June. He asked that a committee be appointed to take the matter in hand. The association decided to leave the matter in the hands of the executive committee.

Mr. W. T. Amos, of Leury, opened the discussion on the conducting of the promotion examinations. Have every preliminary ready the previous evening, be cheerful in intercourse with the pupils on examination days, to allay the nervousness of little pupils, and on such occasions. He dealt particularly with the method of marking the papers in literature.

Miss Kate Crumman, of Elginfield, told how she marks the arithmetic papers in the rather difficult part of that subject, viz., for style of work and valuing partial answers or partially correct answers.

Mr. C. W. Parkinson, in speaking of the examinations in geography, emphasized the duty that rests on the teacher to carry out the regulations most religiously in regard to careful and observant presiding and to honest, well-considered valuation of answers. His discussion was very practical in submitting answers that were difficult to value, and showing how he had treated them.

For lack of time Miss Caverhill and Mr. J. C. Little did not take up the subjects for which they were advertised. Mr. Duncan moved a vote of thanks to the City Electric Supply Company for the kindness shown them at their works Thursday night. The motion was carried.

A suggestion of Mr. Plewes to have outline maps multiplied by the neostyle process for use at the promotion examinations was referred to the executive committee.

The association adjourned at 4:30, closing a successful meeting by singing "National Anthem." Which only school sections were not represented on the secretary's roll, viz., Nos. 3 and 7, Biddulph; 14, London; 7, McGillivray, and 1 and 3, Oneida.

What's the use of wasting time with inferior cooking materials? Dr. Price's Baking Powder saves time and money.

"AUNT PRUDENCE."

"Aunt Prudence" wants to hear from the young folks. Let us see. What shall be the subject for this week? How would this do:

"What is the bravest act you ever witnessed or read of?" Try and keep within a hundred words. The writer of the letter on the above subject which pleases Aunt Prudence best will receive a present of a nice penknife. In writing, clip this bit out of the paper and pin it with your letter. Sign your name and address. Address all letters, "Aunt Prudence, care 'Advertiser,' London, Ont."

Steamers Arrived.
